Patagonia Snow Guide Pant - Men's | Backcountry.com Patagonia Men's Backcountry Guide Pants. These burly soft-shell pants are made with a wind-resistant Polartec Power Shield stretch-woven fabric that breathes well and provides great mobility for ski mountaineering or backcountry skiing. Patagonia Backcountry Guide Pants - Men's — CampSaver Patagonia The Backcountry Guide Pants are branded as Patagonia's top of the line soft shell trousers. For winter use I've always been in favour of thin hard shell trousers because my legs

freeze if it gets windy on long belays: soft shell just didn't quite cut it in the past.

Patagonia (Archive)

When tearing down backcountry bowls or skiing casual groomers at the resort, your legs need quality coverage to stay warm and dry! That's why we've sorted through the pretenders to bring you the contenders - the best ski pants money can buy. We've also included a few ski bibs (think winter overalls), since there's a healthy rivalry between the pro-pants and the pro-bib groups.

The Guide Pants are made using a Duraflex nylon fabric that is lightweight, yet stronger and more durable than polyester. Nylon will stretch, and these pants do, but it has a resiliency that will hold its shape. Meaning

that your pants will not stretch or shrink over time.
