They were young, brilliant, and bold. They set out to conquer the world. But the world had other plans for them. Bestselling author Susan Jane Gilman's new memoir is a hilarious and harrowing journey, a modern heart of darkness filled with Communist operatives, backpackers, and pancakes. In 1986, fresh out of college, Gilman and her friend Claire yearned to do something daring and original that did not involve getting a job. Inspired by a place mat at the International House of Pancakes, they decided to embark on an ambitious trip around the globe, starting in the People's Republic of China. At that point, China had been open to independent travelers for roughly ten minutes. Armed only with the collected works of Nietzsche, an astrological love guide, and an arsenal of bravado, the two friends plunged into the dusty streets of Shanghai. Unsurprisingly, they quickly found themselves in over their heads. As they ventured off the map deep into Chinese territory, they were stripped of everything familiar and forced to confront their limitations amid culture shock and government surveillance. What began as a journey full of humor, eroticism, and enlightenment grew increasingly sinister--becoming a real-life international thriller that transformed them forever. *Undress Me in the Temple of Heaven* is a flat-out page-turner, an astonishing true story of hubris and redemption told with Gilman's trademark compassion, lyricism, and wit.

Walk? 500 miles? Across Spain? We can't do that! And so began the journey of a lifetime for Reg Spittle. An outwardly well-adjusted professional and family man, Reg was a master of disguising a lifetime

of debilitating anxiety that continually undermined his self-confidence. Recently retired, he was looking forward to expanding his travel horizons, never dreaming he'd soon find himself chasing distant boundaries across a foreign land, sleeping in dorm room bunks, and sharing bathrooms as if he were a teenager experiencing his gap year. When tragedy strikes, Reg reluctantly accepts his wife's challenge to carry his red backpack on the Camino de Santiago, confronting past fears and humiliations while packing weighty new worries. Self-reflection, humor, and a recurring cast of characters create the backdrop for *Camino Sunrise: Walking With My Shadows*. Now available on Amazon!

You know the type of book. Some insufferable backpacker leaves behind his perfectly good life in the U.S. for a hot, disease-infested hellhole to eat grub worms, catch giardia and build mud huts with the locals - then has the nerve to claim the experience was enlightening! This is not that type of book. This is travel from a whole new perspective - that of the worst traveler in the world, Dan Fazio. He hasn't written another "Eat, Pray, Love" - it's actually more like "Panic, Sweat, Curse." Fazio's idea of international travel involves relaxing in a Mediterranean villa and stuffing himself with various cured meats. Unfortunately, his wife was drawn to the whole grub worms and giardia thing, and she managed to drag him along on a grueling 10-month death march through Europe, Southeast Asia, South America and Mexico.

Shattering romantic travel illusions about swimming in waterfalls or picking olives on a pastoral Tuscan ranch, Fazio reads a bit like Chuck Klosterman if he were being carted around the globe in Bill Bryson's backpack - and reveals that the average traveler spends most of his time puking, being puked on, about to die in a fiery bus crash - or all of the above simultaneously.

Winner of the 2019 National Outdoor Book Award for Outdoor Literature! In the summer of 1987 Ed Gillet achieved what no person has accomplished before or since, a solo crossing from California to Hawaii by kayak. Gillet, at the age of 36 an accomplished sailor and paddler, navigated by sextant and always knew his position within a few miles. Still, Gillet underestimated the abuse his body would take from the relentless, pounding, swells of the Pacific, and early into his voyage he was covered with salt water sores and found that he could find no comfortable position for sitting or sleeping. Along the way he endured a broken rudder, among other calamities, but at last reached Maui on his 63rd day at sea, four days after his food had run out. Dave Shively brings Gillet's remarkable story to life in this

gripping narrative, based on exclusive access to Gillet's logs as well as interviews with the legendary paddler himself.

Elizabeth Gilbert, author of *The Signature of All Things* and *Eat, Pray, Love* "What a cool and fascinating ride. Leigh Ann Henion has tackled one of the great questions of contemporary, intelligent, adventurous women: Is it possible to be a wife and mother and still explore the world? Her answer seems to be that this is not only possible, but essential. This story shows how. I think it will open doors for many." Heartfelt and awe-inspiring, Leigh Ann Henion's

Phenomenal is a moving tale of physical grandeur and emotional transformation, a journey around the world that ultimately explores the depths of the human heart. A journalist and young mother, Henion combines her own varied experiences as a parent with a panoramic tour of the world's most extraordinary natural wonders. Phenomenal begins in hardship: with Henion deeply shaken by the birth of her beloved son, shocked at the adversity a young mother faces with a newborn. The lack of sleep, the shrinking social circle, the health difficulties all collide and force Henion to ask hard questions about our accepted wisdom on parenting and the lives of women. Convinced that the greatest key to happiness—both her own and that of her family—lies in periodically venturing into the wider world beyond home, Henion sets out on a global trek to rekindle her sense of wonder. Henion's quest takes her far afield, but it swiftly teaches her that freedom is its own form of parenting—one that ultimately allows her to meet her son on his own terms with a visceral understanding of the awe he experiences every day at the fresh new world. Whether standing on the still-burning volcanoes of Hawai'i or in the fearsome lightning storms of Venezuela, amid the vast animal movements of Tanzania or the elegant butterfly migrations of Mexico, Henion relates a world of sublimity and revelation. Henion's spiritual wanderlust puts her in the path of modern-day shamans, reindeer herders, and astrophysicists. She meets laypeople from all over the world, from all walks of life, going to great lengths to chase migrations, auroras, eclipses, and other phenomena. These seekers trust their instincts, follow their passions, shape their days into the lives they most want to lead. And, somewhere along the way, Leigh Ann Henion becomes one of them. A breathtaking memoir, Phenomenal reveals unforgettable truths about motherhood, spirituality, and the beauty of nature. Oprah.com "Part travel memoir, part parenting manifesto and part inquiry into those 'fleeting, extraordinary glimpses of something that left us groping for rational explanations in the quicksand of all-encompassing wonder.'"
