The
Microbiologist –
this person will
investigate six
different
common viruses
and bacteria.
The
Microbiologist
will decide which
of these germs
have been
infecting this
town and create
a report
explaining which
germ it is, how it
infects people,
symptoms of the
germ, how it can
be cured, how
people can
protect
themselves from
contacting this
virus, and three

interesting facts
about this germ.
*Bacteria And
Immunity*
Webquest Answers
