This story of family in all its many forms is as deliciously fun to read as it is deeply relevant." —Julie Murphy, #1 *New York Times* bestselling author of *Dear Sweet Pea* A queer tale about kid werewolves, big bad mistakes, and terrifying creatures, perfect for fans of Katherine Arden and R.L. Stine. Little wolf, little wolf, here I come. It's the eve of the first full moon of summer and twelve-year-old Riley Callahan is ready to turn into a wolf. Nothing can ruin her mood: not her little brother Milo's teasing, not Mama N's smothering, and not even Mama C's absence from their pack's ceremony. But then the unthinkable happens—something that violates every rule

of wolf magic—Riley and four other kids don't shift. Riley is left with questions that even the pack leaders don't have answers to. And to make matters far worse, it appears something was awoken in the woods that same night. The Devouring Wolf. The elders tell the tale of the Devouring Wolf to scare young pups into obedience. It's a terrifying campfire story for fledging wolves, an old legend of a giant creature who consumes the magic inside young werewolves. But to Riley, the Devouring Wolf is more than lore: it's real and it's after her and her friends. *York: the Clockwork Ghost* Grand Central Pub National Book Award 2019 Finalist! From the author of Printz Medal winner *Bone Gap* comes the unforgettable story of two young women—one living, one dead—dealing with loss, desire, and the fragility of the American dream during WWII. When Frankie's mother died and her father left her and her siblings at an orphanage in Chicago, it was supposed to be only temporary—just long enough for him to get back on his feet and be able to provide for them once again. That's why Frankie's not prepared for the day that he arrives for his weekend visit with a new woman on his arm and out-of-state train tickets in his pocket. Now Frankie and her sister, Toni, are abandoned alongside so many other orphans—two young, unwanted women doing everything they can to survive. And as the embers of the Great Depression are kindled into the fires of World War II, and the shadows of injustice, poverty, and death walk the streets in broad daylight, it will be up to Frankie to find something worth holding on to in the ruins of this shattered America—every minute of every day spent wondering if the life she's able to carve out will be enough. I will admit I do not know the answer. But I will be watching, waiting to find out. That's what ghosts do.

The Invisible Girl Rowman & Littlefield

Walk down Mamane Street, the heart of Honokaa Town, and step back into the late 19th and early 20th century. Honokaa's single-wall, wooden plantation-era buildings are as much a symbol of Hawaii to local people as Diamond Head is to tourists. The commercial buildings have their emblematic false fronts and totan (corrugated iron) cladding. They contained, and still contain, mom-and-pop businesses that were founded upon personal relationships, required the labor of whole families, and provided for the education of the next generation. The small size of the town encouraged cross-pollination of peoples. Sugar workers, paniolos (cowboys), coffee farmers, and homesteaders all came to Honokaa.

Honolulu Town Balzer & Bray

The thrilling conclusion to two-time National Book Award finalist Laura Ruby's epic adventure through the streets of an alternate New York City. It was only a few days ago that Tess Biedermann, Theo Biedermann, and Jaime Cruz, along with a mysterious figure from the past, managed to survive an assault on the location of the latest clue in the Morningstarr cipher—and, in the process, made a shocking discovery about their own connection to this one-hundred-sixty-year-old enigma. Now the friends are divided. Tess and Theo have no idea what the photo they found in Greenwood Cemetery means, but Jaime is convinced that they do, and that they've been keeping their own secrets from him. As the city continues to break around them, suddenly solving the greatest mystery of the modern world seems less important than saving their own friendship. The stakes of completing the cipher, however, have never been higher. Darnell Slant, real estate developer and owner of all the Morningstarr buildings, knows that they hold one last secret: a power that even the

Morningstarrs themselves never revealed.

The world has rested on a precarious balance of power for generations; now Slant and his shadowy business partners aim to unbalance it. It's up to Tess, Theo, and Jaime to uncover the Morningstarrs' final mystery in a desperate attempt to set things right. The world--theirs, and possibly others--depends on it.
