Chambers's Cyclopædia of English Literature Bad English

A New York Times 2016 Notable Book Robert Tombs 's momentous The English and Their History is both a startlingly fresh and a uniquely inclusive

account of the people who have a claim to be the oldest nation in the world. The English first came into existence as an idea, before they had a common ruler and before the country they lived in even had a name. They have lasted as a recognizable entity ever since, and their defining national institutions can be traced back to the earliest years of their history. The English have come a long way from those first precarious days of invasion and conquest, with many spectacular changes of fortune. Their political, economic and cultural contacts have left traces for good and ill across the world. This book describes their history and its meanings from their beginnings in the monasteries of Northumbria and the wetlands of Wessex to the cosmopolitan energy of today ' s England. Robert Tombs draws out important threads running through the story, including participatory government, language, law, religion, the land and the sea, and ever-changing relations with other peoples. Not the least of these connections are the ways the English have understood their own history, have argued about it, forgotten it and yet been shaped by it. These diverse and sometimes conflicting understandings are an inherent part of their identity. Rather to their surprise, as ties within the United Kingdom loosen, the English are suddenly embarking on a new chapter. The English and Their History, the first single-volume work on this scale for more than half a century, and which incorporates a wealth of recent scholarship, presents a challenging modern account of this immense and continuing story, bringing out the strength and resilience of English government, the deep patterns of division and also the persistent capacity to come together in the face

of danger.

The Bad English of Lindley Murray and Other Writers on the English Language Delmarva Publications, Inc.

The editor and dictionary collector behind Reading the OED: One Man, One Year, 21,730 Pages offers an entertaining look at the words and phrases commonly used in modern English that were originally considered wrong, slang or impolite. [A Dictionary of Hymnology, Setting Forth the Origin and History of Christian Hymns of All Ages and Nations ...](#) Walter de Gruyter GmbH & Co KG

This was originally published as a large 24 book set. All 24 books are published here in one volume. There is a linked table of contents to all 24 book at the beginning of the volume, as well as a fully descriptive table of contents at the beginning of each book. The History of Protestantism' by J. A. Wylie, is an incredibly inspiring work. It pulls back the divine curtain and reveals God's hand in the affairs of His church during the Protestant Reformation. Through the centuries, the sacrifices and victories of God's faithful people have often been obscured and forgotten. Now once again, you can read the fascinating story of how truth triumphed over error, principle over falsehood, and light over darkness. While Wylie is intent on telling the story of Protestantism he in many places travel back to the middle ages and picks up the story and heads forward to the reformation of the sixteenth century. When reading Wylie is thrilled to see just that men and woman stood for truth and in doing so made a way for truth to prevail in the end. Wylie's ability as a scholar and author are apparent in every chapter of these seas. Anyone interested in knowing about the history of the Christian Church would be truly enlightened by reading this work of Dr. Wylie on the history of Protestantism'. His disposition to use the pen as a mighty "Sword of the LORD" (Judges 7:18) is evidenced through out this work.

Bad English Vintage

Why is it that some ways of using English are considered "good" and others considered "bad"? Why are certain forms of language termed elegant, eloquent or refined, whereas others are deemed uneducated, coarse, or inappropriate? Making Sense of "Bad English" is an accessible introduction to attitudes and ideologies towards the use of English around the world. Outlining how these beliefs shape our perceptions about what constitutes "good" and "bad" English, this book shows that these principles are often based on arbitrary social factors rather than linguistic issues and highlights some of the real-life consequences of these attitudes. Features include: an overview of attitudes towards English and how they came about, as well as real-life

consequences and benefits of using "bad" English; explicit links between different English language systems, including child's English, English as a Lingua Franca, African American English, Singlish and New Delhi English; examples taken from classic names in the field, including Labov, Trudgill, Baugh and Lambert, as well rising stars and more recent cutting-edge research; links to relevant social parallels, including known elements of cultural outputs such as holiday myths, to help readers engage in a new way with the notion of Standard English; supporting online material for students. Making Sense of "Bad English" provides an engaging and thought-provoking overview of this topic and is essential reading for any student studying sociolinguistics within a global setting. including child's English, English as a Lingua Franca, African American English, Singlish and New Delhi English; examples taken from classic names in the field, including Labov, Trudgill, Baugh and Lambert, as well rising stars and more recent cutting-edge research; links to relevant social parallels, including known elements of cultural outputs such as holiday myths, to help readers engage in a new way with the notion of Standard English; supporting online material for students. The Century Perigee Trade

The author of Reading the OED presents an eye-opening look at language "mistakes" and how they came to be accepted as correct—or not. English is a glorious mess of a language, cobbled together from a wide variety of sources and syntaxes, and changing over time with popular usage. Many of the words and usages we embrace as standard and correct today were at first considered slang, impolite, or just plain wrong. Whether you

consider yourself a stickler, a nitpicker, or a rule-breaker in the know, *Bad English* is sure to enlighten, enrage, and perhaps even inspire. Filled with historic and contemporary examples, the book chronicles the long and entertaining history of language mistakes, and features some of our most common words and phrases, including: Decimate Hopefully Enormity That/which Enervate/energize Bemuse/amuse Literally/figuratively Ain't Irregardless Socialist OMG Stupider Lively, surprising, funny, and delightfully readable, this is a book that will settle arguments among word lovers—and it's sure to start a few, too.

History of Modern English Law Penguin
CONTRIBUTIONS TO THE SOCIOLOGY OF LANGUAGE brings to students, researchers and practitioners in all of the social and language-related sciences carefully selected book-length publications dealing with sociolinguistic theory, methods, findings and applications. It approaches the study of language in society in its broadest sense, as a truly international and interdisciplinary field in which various approaches, theoretical and empirical, supplement and complement each other. The series invites the attention of linguists, language teachers of all interests, sociologists, political scientists, anthropologists, historians etc. to the development of the sociology of language.
