The inclination towards two wheelers is not newer to the world. From the very beginning, two wheelers are recognized as a mark of triumph, independence and joy. These are considered fast, safe and easy mode of transportation with worthy fuel economy. With the arrival of automation and electronics in two wheelers, the study gained more momentum, which led Two and Three Wheeler Technology to emerge as a new discipline of automobile engineering. The book explains traditional and modern technologies in an easy to understand manner.

Various technologies have been explicated with appropriate 2D and 3D diagrams to support learning. Text comprises the state-of-the-art developments in the field of two wheelers.

Detailed explanation on the actual assemblies helps the students to cognize the technology systematically. Although the emphasis has been given to the two wheeler technology, considering the requirement of various syllabi, the last chapter is solely dedicated to three wheeler technology. Chapter-end review questions help students in preparing them for examination by self-assessment method. Primarily designed for the undergraduate and diploma students of automobile engineering, the lucid and simple presentation of the book makes it useful for the commoner, who has keen interest in this area. It is a useful guide for a vehicle owner for understanding mechanism and parts, which may help him in maintaining his vehicle at best efficiency.

Triumph 650 & 750 twins owners workshop manual DK Publishing (Dorling Kindersley)

106 pages, and more than 75 illustrations and charts, size 8.25

x 10.75 inches. This manual is a compilation of three factory publications including the 'How to ride the BSA Dandy' instruction manual, the parts/spares manual and a compilation of specific 'dealer only' service sheets. It should be noted that BSA never published a workshop manual for the Dandy, however, the combination of these three factory publications provides the most comprehensive maintenance and repair information that was ever made available from the manufacturer. **MANUALS & TECHNICAL PUBLICATIONS: SERVICE SHEETS:** In 1945, after the war had ended, BSA resumed production of their civilian line of motorcycles. However, they continued their pre-war practice of publishing repair, overhaul and technical information in the form of individual 'Service Sheets'. It should be noted that BSA never intended that these service sheets would be distributed to the general public they were 'dealer only' publications. Consequently, these 'Service Sheets' were the only publications available for the maintenance and repair of BSA models that were manufactured through the early 1960's. **INSTRUCTION MANUAL:** BSA published an 'Instruction Manual' titled, 'How to ride the BSA Dandy'. This publication was somewhat more detailed than most typical 'owner's manuals' as it included basic overhaul information in addition to general maintenance and adjustments. However, when used in conjunction with the 'Service Sheets' they are a reasonable substitute for a workshop manual. **PARTS (or) SPARES MANUAL:** The parts manual includes exploded component diagrams which are extremely helpful in the rebuilding or restoration process. **MEET THE PUBLISHER** VelocePress.com has been publishing reprints of motorcycle and automobile manuals since 2003 and our publications have earned excellent reviews worldwide so you can be assured you are purchasing a quality product. We encourage you to exercise caution when purchasing a manual for your motorcycle as many of the reprints found on internet websites are from 'bedroom sellers' at enticingly low prices by individuals that really have no idea what they are selling. Many are nothing more than poor quality comb-bound photocopies that are scanned and printed complete with greasy pages and thumbprints and, as such, are deceptively described as 'pre-owned', 'used' or even 'refurbished'! In addition, they are often advertised for the incorrect series and/or model years. With more than 250 titles in print VelocePress is one of the fastest growing specialty automobile and motorcycle publishing companies in the USA. Please visit our website at

Hota after retirement is a bureaucrat-statesman. ~ Jagannath Patnaik, Former Minister, Odisha. Book laced with humour... a delight to read. ~ Surendra Singh, Former Cabinet Secretary. Hota an effective, upright and gifted civil servant... His narratives appear like replaying the old videos filled with powerful screenshots of an eventful past. ~ Prabhat Kumar, Former Cabinet Secretary. A Knighthood recipient IAS Karmayogi... recruited one million ASHAs— now the backbone of primary health.... superlative results — hospital delivery for common mothers up from 5 lakh to 1 crore in one year. ~ Ajay Upadhyay, Former Editor, Hindustan, Amar Ujala. Hota shook up moribund public health process with National Rural Health Mission. Countless mothers and children lives saved each year especially in interiors. ~ Amarjeet Singh, Former Secretary GOI. Inspiring book for all who want to achieve something in life. ~ Kingshuk Nag, Author, Journalist. Amazing risk—taking and dedication for public benefit, unusual for a Civilian ~ Lt. General. C. Vijan. *** Scintillating stories of dramatic events of Ekalavya — the Administrator; focused hard work 24/7. Yet, Hota is not a 'constipated' bureaucrat. An easy-rider's saga-full of humorous anecdotes and hair-raising drama! No jargons. A 'must-read' for all Indians interested in policy leading to results.
