Something Borrowed Emily Giffin The smash-hit debut novel for every woman who has ever had a complicated love-hate friendship. Rachel White is the consummate good girl. A hard-working attorney at a large Manhattan law firm and a diligent maid of honor to her charmed best friend Darcy, Rachel has always played by all the rules. Since grade school, she has watched Darcy shine, quietly accepting the sidekick role in their lopsided friendship. But that suddenly changes the night of her thirtieth birthday when Rachel finally confesses her feelings to Darcy's fiancé, and is both horrified and thrilled to discover that he feels the same way. As the wedding date draws near, events spiral out of control, and Rachel knows she must make a choice between her heart and conscience. In so doing, she discovers that the lines between right and wrong can be blurry, endings aren't always neat, and sometimes you have to risk everything to be true to yourself.

NATIONAL BESTSELLER • The astonishing and hugely entertaining story that completely changed the way we run. An epic adventure that began with one simple question: Why does my foot hurt? "Equal parts quest, physiology treatise, and running history... The climactic race reads like a sprint... It simply makes you want to run." —Outside Magazine Isolated by Mexico's deadly Copper Canyons, the blissful Tarahumara Indians have honed the ability to run hundreds of miles without rest or injury. In a riveting narrative, award-winning journalist and often-injured runner Christopher McDougall sets out to discover their secrets. In the process, he takes his readers from science labs at Harvard to the sun-baked valleys and freezing peaks across North America, where ever-growing numbers of ultra-runners are pushing their bodies to the limit, and, finally, to a climactic race in the Copper Canyons that pits America's best ultra-runners against the tribe. McDougall's incredible story will not only engage your mind but inspire your body when you realize that you, indeed all of us, were born to run. Look for *Born to Run 2*, coming in December!

Psychic self-defense: The Classic Instruction Manual for Protecting Yourself Against Paranormal Attack Less Than Three Press, LLC

Would you like to understand the deeper spiritual meaning of physical illness, parenting handicapped children, drug addiction, alcoholism, the death of a loved one, accidents, deafness, and blindness? *Your Soul's Plan* (which was originally published under the title *Courageous Souls: Do We Plan Our Life Challenges Before Birth?*) explores the premise that we are all eternal souls who plan our lives, including our greatest challenges, before we are born for the purpose of spiritual growth. Through compelling profiles of people who knowingly planned the experiences mentioned above, *Your Soul's Plan* shows that suffering is not purposeless, but rather imbued with deep meaning. Working with four gifted mediums, author Robert Schwartz reveals the significance of each person's life plan and allows us a fascinating look into the "other side." Each personal story focuses on a specific life challenge, organized by type for easy reference. Accessible both to those familiar with the metaphysical aspects of spirituality and to the general reader, the moving narratives that comprise *Your Soul's Plan* help readers awaken to the reality that they are transcendent, eternal souls. With this stirring book as a guide, feelings of anger, resentment, guilt, and victimization are healed and transformed into acceptance, forgiveness, gratitude, and peace. Robert Schwartz is also the author of *Your Soul's Gift: The Healing Power of the Life You Planned Before You Were Born*, which explores the pre-birth planning of spiritual awakening, miscarriage, abortion, caregiving, abusive relationships, sexuality, incest, adoption, poverty, suicide, rape, and mental illness. There's also a chapter about the pre-birth planning we do with our future pets. Robert Schwartz is a hypnotherapist who offers general Spiritual Guidance Sessions, Past Life Soul Regressions, and Between Lives Soul Regressions. Visit Robert online at www.yoursoulplan.com.

Something Borrowed Prometheus Books

"An eerie, tense, and finely written novel... Readers will grip their chairs" (SFGate.com) as they try to unravel this tale of psychological suspense from the award-winning New York Times bestselling author of *Turn of Mind*. Jane loses everything when her teenage daughter is killed in a senseless accident. Devastated, she manages to make one tiny stab at a new life: she moves from San Francisco to the seaside town of Half Moon Bay. Jane is inconsolable, and yet, as the months go by, she is able to cobble together some version of a job, of friends, of the possibility of peace. And then, children begin to disappear. And soon, Jane sees her own pain reflected in all the parents in the town. She wonders if she will be able to live through the aching loss, the fear all around her. And as the disappearances continue, she begins to see that what her neighbors are wondering is if it is Jane herself who has unleashed the horror of loss. Alice LaPlante's "well-crafted novel of psychological suspense" is a chilling story about a mother haunted by her past, a "brooding suspense novel... dark, starkly beautiful... LaPlante uses a seductively dangerous landscape to mirror her heroine's inner life" (Kirkus Reviews).

Bangkok, rich in history and spirituality, crowded with temples, markets and canals, is also a city shrouded in shadows. Polluted, corrupt, infamous as the sex capital of the world, it is a place where wealth, poverty and unimaginable evil walk hand in hand. In District 8, the underbelly of Bangkok's crime world, a dramatically mutilated body is found in a hotel bedroom. It looks bad: the corpse - who's been flayed - is CIA. And it gets worse when the self-confessed murderer is the beautiful Chanya - the best 'working girl' at The Old Man's Club, a brothel owned jointly by Sonchai's mother and his boss, Police Colonel Vikorn. Alerted by Sonchai, Vikorn quickly concocts a cover-up that involves an Al-Qaeda terrorist cell located in a southern Thai border-town where, since 9/11, the CIA has also had a covert presence. So far so good: but the truth will be harder to come by, and it will require Sonchai to find an ever more delicate balance between his ambition (western) and his Buddhism (eastern), while he runs the gamut of Bangkok's drug-dealers, prostitutes, bad cops, even worse military generals, and the pitfalls of his own melting heart. Crowded with astonishing characters, redolent with the authentic, hallucinogenic atmosphere of Bangkok, with needle-sharp observations about the clash of cultures when East meets West, this is a literary thriller like no other.

Low Town Createspace Independent Publishing Platform

Drug dealers, hustlers, brothels, dirty politics, corrupt cops . . . and sorcery. Welcome to Low Town. In the forgotten back alleys and flophouses that lie in the shadows of Rigus, the finest city of the Thirteen Lands, you will find Low Town. It is an ugly place, and its champion is an ugly man. Disgraced intelligence agent. Forgotten war hero. Independent drug dealer. After a fall from grace five years ago, a man known as the Warden leads a life of crime, addicted to cheap violence and expensive drugs. Every day is a constant hustle to find new customers and protect his turf from low-life competition like Tancred the Harelip and Ling Chi, the enigmatic crime lord of the heathens. The Warden's life of drugged iniquity is shaken by his discovery of a murdered child down a dead-end street . . . setting him on a collision course with the life he left behind. As a former agent with Black House—the secret police—he knows better than anyone that murder in Low Town is an everyday thing, the kind of crime that doesn't get investigated. To protect his home, he will take part in a dangerous game of deception between underworld bosses and the psychotic head of Black House, but the truth is far darker than he imagines. In Low Town, no one can be trusted. Daniel Polansky has crafted a thrilling novel steeped in noir sensibilities and relentless action, and set in an original world of stunning imagination, leading to a gut-wrenching, unforeseeable conclusion. Low Town is an attention-grabbing debut that will leave readers riveted . . . and hungry for more.

#1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A "brilliant" (Lupita Nyong'o, *Time*), "poignant" (*Entertainment Weekly*), "soul-nourishing" (*USA Today*) memoir about coming of age during the twilight of apartheid "Noah's childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa's history that must never be forgotten."—*Esquire* Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by *The New York Times*, *USA Today*, *San Francisco Chronicle*, *NPR*, *Esquire*, *Newsday*, and *Booklist* Trevor Noah's unlikely path from apartheid South Africa to the desk of *The Daily Show* began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents' indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa's tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. *Born a Crime* is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man's relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother's unconventional, unconditional love.

In the tradition of Octavia Butler, here is radical self-help, society-help, and planet-help to shape the futures we want. Change is constant. The world, our bodies, and our minds are in a constant state of flux. They are a stream of ever-mutating, emergent patterns. Rather than steel ourselves against such change, Emergent Strategy teaches us to map and assess the swirling structures and to read them as they happen, all the better to shape that which ultimately shapes us, personally and politically. A resolutely materialist spirituality based equally on science and science fiction: a wild feminist and afro-futurist ride! adrienne maree brown, co-editor of *Octavia's Brood: Science Fiction from Social Justice Movements*, is a social justice facilitator, healer, and doula living in Detroit.

Born a Crime Anchor

The award-winning author of *The Personal Librarian*, *Lust*, *Envy*, and *Greed* delivers an unforgettable story of a marriage caught at the crossroads of passion and rage. Chastity Jeffries and Xavier King come from very different backgrounds, though they have one thing in common: they're both living with family secrets. Chastity is the only child of a prominent pastor and has been raised with privilege, but her father's testimony as a philanderer and her mom's role as

dutiful wife have tainted her view of love. Xavier never knew his father, and his mother abandoned him. His grandmother raised him in a household built on cruelty and violence instead of love and acceptance, instilling in him a fear of abandonment and an enormous sense of insecurity. Sparks fly when Chastity and Xavier meet, and their whirlwind romance feels almost too good to be true. Chastity is swept off her feet, but before long, cracks begin to show in Xavier's perfect façade, and it is only a matter of time before that façade comes crumbling down. When Xavier's wrath erupts at a level Chastity has never seen, who will it destroy forever?

Jack worked hard to obtain a normal life. He might not love it, but it's better than the criminal life he left behind—even if it cost literally everything, and he really does hate being a damned delivery man. On the bright side, his route includes a friendly old lady who makes the world's best cookies and regales him with tales of her hot, jet-setting son. Normalcy definitely has perks. Then he walks in on her and her son arguing with men at gunpoint.

Lecturers - request an e-inspection copy of this text or contact your local SAGE representative to discuss your course needs. Watch Andy Field's introductory video to Discovering Statistics Using R Keeping the uniquely humorous and self-deprecating style that has made students across the world fall in love with Andy Field's books, Discovering Statistics Using R takes students on a journey of statistical discovery using R, a free, flexible and dynamically changing software tool for data analysis that is becoming increasingly popular across the social and behavioural sciences throughout the world. The journey begins by explaining basic statistical and research concepts before a guided tour of the R software environment. Next you discover the importance of exploring and graphing data, before moving onto statistical tests that are the foundations of the rest of the book (for example correlation and regression). You will then stride confidently into intermediate level analyses such as ANOVA, before ending your journey with advanced techniques such as MANOVA and multilevel models. Although there is enough theory to help you gain the necessary conceptual understanding of what you're doing, the emphasis is on applying what you learn to playful and real-world examples that should make the experience more fun than you might expect. Like its sister textbooks, Discovering Statistics Using R is written in an irreverent style and follows the same ground-breaking structure and pedagogical approach. The core material is augmented by a cast of characters to help the reader on their way, together with hundreds of examples, self-assessment tests to consolidate knowledge, and additional website material for those wanting to learn more. Given this book's accessibility, fun spirit, and use of bizarre real-world research it should be essential for anyone wanting to learn about statistics using the freely-available R software.
