Freddie isn't like normal teen girls, though. And someone wants her dead for it. Freddie warns he'd better stay far away if he wants to stay alive, but Rain's never been good at running from trouble. For the first time, Rain has something worth fighting for, worth living for. Worth dying for.

A Million Worlds with You G.P. Putnam's Sons

Cloud Atlas meets Orphan Black in this epic dimension-bending trilogy by New York Times bestselling author Claudia Gray about a girl who must chase her father's killer through multiple dimensions. Marguerite Caine's physicist parents are known for their groundbreaking achievements. Their most astonishing invention, called

the Firebird, allows users to jump into multiple universes—and promises to revolutionize science forever. But then Marguerite's father is murdered, and the killer—her parent's handsome, enigmatic assistant Paul—escapes into another dimension before the law can touch him. Marguerite refuses to let the man who destroyed her family go free. So she races after Paul through different universes, always leaping into another version of herself. But she also meets alternate versions of the people she knows—including Paul, whose life entangles with hers in increasingly familiar

ways. Before long she begins to question Paul's guilt—as well as her own heart. And soon she discovers the truth behind her father's death is far more sinister than she expected. *A Thousand Pieces of You* explores an amazingly intricate multi-universe where fate is unavoidable, the truth elusive, and love the greatest mystery of all.

From the New York Times bestselling author of *Star Wars: Lost Stars* and *Bloodline* comes a thrilling sci-fi adventure that Kass Morgan, bestselling author of *The 100* series, calls "startlingly original and achingly romantic...nothing short of masterful." He's a machine--Abandoned in space for years, utterly alone, Abel's advanced programming has begun to evolve. He wants only to protect his creator, and to be free. To the people of *Genesis*, he's an abomination. Noemi and Abel are enemies in an interstellar war, forced by chance to

work together as they embark on a daring journey through the stars. Their efforts would end the fighting for good, but they're not without sacrifice. The stakes are even higher than either of them first realized, and the more time they spend together, the more they're forced to question everything they'd been taught was true. An epic and romantic adventure, perfect for fans of *The Lunar Chronicles* and *Illuminae*.
