Death Notice Vintage Crime/Black Lizard
When the body of an American archaeologist is found floating in the Yangzi River, Ministry of Public Security agent Liu Hulan and her husband, American attorney David Stark, are dispatched to Site 518 to investigate. As Hulan scrutinizes this death—or is it a murder?—David, on behalf of the National Relics Bureau, tries to discover who has stolen from the site an artifact that may prove to the world China's claim that it is the oldest uninterrupted civilization on earth. This artifact is not only an object of great monetary value but one that is emblematic of the very soul of China. Everyone—from the Chinese government, to a religious cult, to an unscrupulous American art

collector—wants this relic, and some, it seems, may be willing to kill to get it. At stake in this investigation is control of China's history and national pride, and even stability between China and the United States. The troubled Hulan must overcome her own fears of failure, while David tries desperately to break through the shell that has built up around his wife. As Hulan and David are enmeshed in international schemes for power and the turbulence of their own relationship, these hunters after the truth become the hunted—in a fast-driving narrative set against the backdrop of the building of the Three Gorges Dam, the largest and most expensive project China has undertaken since the Great Wall and the subject of great international debate. It is

here, in the heart of the Three Gorges, that David and Hulan will battle their enemies and their own natures to see who will win China's dragon bones. Dragon Bones combines ancient myth with contemporary anxieties concerning religious fanaticism and terrorism to tell a story of love, betrayal, history, ecology, greed—and gory murder.

The Windup Girl Thomas & Mercer Sonchai Jitpleecheep—the brash and beguiling Royal Thai Police Force detective who has been our guide through John Burdett's five previous acclaimed Bangkok novels—is back. The former monk and devout Buddhist, forever battling to protect his karma from the assaults of morally compromising cases, is now faced with the most horrifying technological innovation to make its way to the streets of Bangkok, and a conspiracy of almost unfathomable reach. With Sonchai on this case is the young female inspector Krom. Like Sonchai, she's an outsider on the police force, but unlike him, she is socially savvy and a technological prodigy. When they're called to a demonstration—in the midst of a typhoon—of the deadly, superhuman strength of an American man who is seemingly controlled by a CIA operative, they have no idea what they're actually witnessing or why. Their reliably obtuse and unequivocally crooked boss, Colonel Vikorn, explains some of it, but the most telling questions remain

unanswered: Could the Americans have figured out a way to create a physically and psychologically enhanced supersoldier? Are they testing him—or it—on Thai soil? And why is everyone, from the Bangkok police to the international community, so eager to turn a blind eye? Searching for the answers to these questions, Sonchai and Krom find themselves in a remote Cambodian jungle compound for aging American ex-soldiers, where they will discover just how far a government will go to protect its worst secrets—both past and present. But the case will also have much more personal repercussions for Sonchai, shaking his world to its very foundation and perhaps finally forcing

him to confront his long-lost American father.

From former British barrister John Burdett comes a psychosexual novel in the tradition of *Damage* and *Presumed Innocent*. At the heart of *A Personal History of Thirst* is an ill-fated love triangle where all hunger for something and are willing to risk everything to get it, blurring the boundaries between right and wrong and love and hate to do so. *Thirst* tells a gripping tale of murder, revenge, infidelity, ambition, and deception that keeps shocking until the stunning courtroom climax. Ambitious London lawyer James Knight, a prosperous solicitor, has denied his lower-

class background and carefully molded his public image in order to climb the social and professional ladder of the British legal system. He will soon "take silk"—become a Queen's counsel barrister, the highest rank a lawyer can obtain. More than a decade earlier, however, James had lived on the fringe of acceptable society and rigid British ethics during his years at university, experimenting with sex and drugs in a passionate love affair with a stunning and brilliant American named Daisy Smith. James's life takes an unexpected turn early in his career when he meets a client—an accused thief named Oliver Thirst—for a drink and a chat in a pub. Although they could not be more different,

James is drawn to Thirst's high intelligence and wit. Soon their illicit friendship develops into a dark and erotic ménage à trois with Daisy at the center. Now, eleven years later, one is dead and two are suspected of murder. The murder investigation at the center of this impossible-to-put-down novel uncovers the bizarre love story between the barrister, the American, and the thief. And, in the end, *A Personal History of Thirst* answers the question: What happens when genuine love becomes mixed with perverse obsession?

Black Suits You Crown

"The first ten years of my life I was not black." Thus begins this startlingly eloquent and beautiful tale based on the true story of Kwasi Boachi, a 19th-century African prince who was sent with his cousin, Kwame, to be raised in Holland as a

guest of the royal family. Narrated by Kwasi himself, the story movingly portrays the perplexing dichotomy of the cousins' situation: black men of royal ancestry, they are subject to insidious bigotry even as they enjoy status among Europe ' s highest echelons. As their lives wind down different paths – Kwame back to Africa where he enlists in the Dutch army, Kwasi to an Indonesian coffee plantation where success remains mysteriously elusive – they become aware of a terrible truth that lies at the heart of their experiences. Vivid, subtle, poignant and profound, *The Two Hearts of Kwasi Boachi* is an exquisite masterpiece of story and craft, a heartrending work that places Arthur Japin on a shelf that includes Joseph Conrad, J.M. Coetzee, Kazuo Ishiguro and Nadine Gordimer.

Against the backdrop of a totalitarian North Korea, one man unwillingly uncovers the truth behind series of murders, and wagers his life in the process. Sit on a quiet hillside at dawn among the wildflowers; take a picture of a car coming up a deserted highway from the south. Simple orders for Inspector O, until he

realizes they have led him far, far off his department's turf and into a maelstrom of betrayal and death. North Korea's leaders are desperate to hunt down and eliminate anyone who knows too much about a series of decades-old kidnappings and murders---and Inspector O discovers too late he has been sent into the chaos. This is a world where nothing works as it should, where the crimes of the past haunt the present, and where even the shadows are real. A corpse in Pyongyang's main hotel---the Koryo---pulls Inspector O into a confrontation of bad choices between the devils he knows and those he doesn't want to meet. A blue button on the floor of a hotel closet, an ice blue Finnish lake, and desperate efforts by the North Korean leadership set Inspector O on a journey to the edge of a

reality he almost can't survive. Like Philip Kerr's Berlin Noir trilogy and the Inspector Arkady Renko novels, *A Corpse in the Koryo* introduces another unfamiliar world, a perplexing universe seemingly so alien that the rules are an enigma to the reader and even, sometimes, to Inspector O. Author James Church weaves a story with beautifully spare prose and layered descriptions of a country and a people he knows by heart after decades as an intelligence officer. This is a chilling portrayal that, in the end, leaves us wondering if what at first seemed unknowable may simply be too familiar for comfort.

Brad Meltzer--author of the #1 New York Times bestseller *The Book of Fate*--returns with his most thrilling and emotionally powerful novel to date. In Chapter Four of the Bible, Cain kills Abel. It is the world's most famous murder. But the Bible is silent about one key detail: the weapon Cain used to kill his brother. That weapon is still lost to history. In 1932, Mitchell Siegel was killed by three gunshots to his chest. While mourning, his son dreamed of a bulletproof man and created the world's greatest hero: Superman. And like Cain's murder weapon, the gun used in this unsolved murder has never been found. Until now. Today in Fort Lauderdale, Florida, Cal Harper comes face-to-face with his family's greatest secret: his long-lost father, who's been shot with a gun that traces

back to Mitchell Siegel's 1932 murder. But before Cal can ask a single question, he and his father are attacked by a ruthless killer tattooed with the ancient markings of Cain. And so begins the chase for the world's first murder weapon. What does Cain, history's greatest villain, have to do with Superman, the world's greatest hero? And what do two murders, committed thousands of years apart, have in common? This is the mystery at the heart of Brad Meltzer's riveting and utterly intriguing new thriller *Camion Blanc*. Simon and Schuster's Sonchai Jitpleecheep, the devout Buddhist Royal Thai Police detective who led us through the best sellers *Bangkok 8* and *Bangkok Tattoo*, returns in this blistering novel. Sonchai has seen virtually everything on his beat in Bangkok's District 8, but nothing like the snuff film he's just been sent anonymously. Furiously fast-paced and laced

through with an erotic ghost story that gives a new dark twist to the life of our hero, Bangkok Haunts more than lives up to the smart and darkly funny originality of its predecessors.
