The state of Israel and the Palestinian nation are at a monumental juncture in their histories. Both have a chance to claim a new future but more than a quarter of a century of occupation has had significant social, political, economic, cultural, psychological and moral ramifications for Israeli and Palestinian men and women. *Women and the Israeli Occupation* analyses the impact of the occupier/occupied dichotomy on the lives of Palestinian, Israeli Palestinian, and Israeli Jewish women. The book argues that the Occupation has exposed internal conflicts, challenging social structures within all three societies, but has also reinforced existing loyalties as Palestinian and Jewish women have moved into public political action and

worked together to end the Occupation. It suggests that although military occupation is not colonialism, there are many similarities in the Israeli/Palestinian case.

In *Secrets of Swiss Banking*, offshore financial specialist Hoyt Barber shows how to protect your hard-earned assets by safely and legally moving your money into trusted Swiss financial institutions. Along with timely banking advice and solid

investment insights, Barber provides authoritative information on a variety of Swiss banking-related issues—from the basics of opening an account to the nuances of numerous Swiss banking and investment strategies. He also details Swiss banking policies and regulations along with U.S. tax and reporting requirements.

The Rhode Island Government Owner's Manual

More than 100,000 entrepreneurs rely on this book for detailed, step-by-step instructions on building successful, scalable, profitable startups. The National Science Foundation pays hundreds of startup teams each year to follow the process outlined in the book, and it's taught at Stanford, Berkeley, Columbia and more than 100 other leading universities worldwide. Why? The Startup Owner's Manual guides you, step-by-step, as you put the Customer Development process to work. This method was created by renowned Silicon Valley startup expert Steve Blank, co-creator with Eric Ries of the "Lean Startup" movement and tested and refined by him for more than a decade. This 608-page how-to guide includes over 100 charts, graphs, and diagrams, plus 77 valuable checklists that guide you as you drive your company toward profitability. It will help you:

- Avoid the 9 deadly sins that destroy startups' chances for success
- Use the Customer Development method to bring your business idea to life
- Incorporate the Business Model Canvas as the organizing principle for startup hypotheses
- Identify your customers and determine how to "get, keep and grow" customers profitably
- Compute how you'll drive your startup to repeatable, scalable profits.

The Startup Owner's Manual was originally published by K&S Ranch Publishing Inc. and is now available from

Wiley. The cover, design, and content are the same as the prior release and should not be considered a new or updated product.

The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)

The Civil Service Manual

This book contains 20 papers from authors in the UK, USA, Germany and Austria. Historically, it gives examples of the influence of groundwater on battlefield tactics and fortress construction; describes how groundwater was developed for water supply and overcome as an obstacle to military engineering and cross-country vehicular movement by both sides in World Wars I and II; and culminates with examples of the application of hydrogeology to site boreholes in recent conflicts, notably in Afghanistan. Examples of current research described include hydrological model development; the impact of variations in soil moisture on explosive threat detection and cross-country vehicle mobility; contamination arising from defence sites and its remediation; privatization of water supplies; and the equitable allocation of resources derived from an international transboundary aquifer.
