Ford Laser Repair Manual:  
Supplement. Including TX3  
BP-DOHC turbo eng. & 4  
wheel drive Bentley Pub

This manual was prepared in close cooperation with British Leyland Motors in order to provide complete, authentic and up-to-date maintenance and repair information to owners, dealership service departments, and other professional mechanics. The Workshop Manual is the official factory manual and includes information from the Driver's Handbook, which is the handbook provided with every new Austin-Healey. This manual contains emission control information

that applies specifically to Austin-Healeys manufactured for the United Kingdom and North American markets, and a complete, illustrated catalogue of special tools. The publisher has incorporated additional factory procedures and specifications that have become available following the publication of the original factory information. This manual is therefore the most up-to-date, accurate, and comprehensive service information available for the Austin-Healey.

**Manual** Detroit Iron

Bentley Publishers is the exclusive, factory-authorized publisher of MG, Austin-Healey, Triumph, and Jaguar Service and Repair Manuals in the United States and Canada. Each Official Workshop Manual includes the Driver's Handbook and incorporates additional factory procedures and specifications that became available following the publication of the original factory information. There is also a substantial amount of supporting information compiled by Bentley Automotive Engineers in conjunction with the British Leyland training organization. This includes emission control and air conditioning supplements, as well as high-performance special tuning manuals with competition parts lists when available.
