CustomerCentric Selling, Second Edition Taylor & Francis

In this age of rapidly-advancing technology, sales professionals need a reliable method for selling products and services that are perceived as sophisticated or complex. This book offers techniques for overcoming the customer's resistance, showing how to generate prospects and new business with a unique value-perception approach, create a set of tools that enable sales managers to manage pipeline, assign prospecting activity, control the cost of sales, and more.

Conceptual Selling Greenleaf Book Group

Sales development is one of the fastest growing careers in the United States. It is fast-paced, often on the leading edge of

technology, and people in the role have the possibility of making a ton of money! Unlike accounting, medicine, or law, most salespeople do not study their profession in college. Instead, they are tossed into the fray without much training, context, or support, and are left to sink or swim. This method proves neither efficient nor effective for the individual or the company. Sales Development is written specifically for the job seeker or individual contributor who has aspirations of success in a sales development role, and beyond. This is your personal guidebook to the how, why, and what-to-do's of the sales development profession. Written practically and tactically, this book shows you how to get the job, how to perform, and how to position yourself for advancement. Based upon ten years of teaching sales development representatives in the fastest-growing companies in the United States, this book will launch you on your path to becoming a rock star.

**Integrity Selling for the 21st Century** McGraw Hill Professional

What do the world's most successful enterprise

---

sales teams have in common? They rely on MEDDIC relied upon hands-on training, but now you can to make their sales process predictable and efficient. MEDDIC with one C was initially created by Dick Dunkel in 1996 when he was at PTC. Since then MEDDIC has evolved to be better known as MEDDIC or MEDDPICC and has proliferated across the world being the go-to choice for elite enterprise sales organizations. If you ever find yourself feeling any of the following symptoms with your deal, you could benefit from MEDDIC: Your buyer doesn't see the value of your solution? (aka they think you are expensive) You are unable to find, articulate and quantify Pain You don't have a Champion or at the very least a Coach helping you navigate and sell You find yourself unable to gain access to people with power and influence You don't know how the customer makes decisions You don't know who is involved in the decision-making process You find yourself surprised by things that come up in the sales process The decision criteria seem to move throughout the process, and you're constantly playing catch up Your Competition is landing strikes against you that you neither see coming nor are able to defend You lose track of where you stand in your deals Whether you are an individual contributor or a sales leader embracing MEDDIC will help you to beat those symptoms and take back control of your deal. Historically, learning MEDDIC has

relied upon hands-on training, but now you can learn MEDDIC from an expert who uses it every day. The Book deconstructs MEDDIC into easy to understand and implement steps. Breaking down every letter of the acronym into actionable insights complemented by commentary on how MEDDIC can help sales organizations to revolutionize their sales execution and efficiency. In the words of the original creator of MEDDIC, Dick Dunkel: Whether you are an individual contributor or sales leader, my advice is that you should start to implement MEDDIC into what you do straight away. Embrace MEDDIC, and you and your team will more clearly understand the WHY to your process, and you'll begin to execute your customer interactions with more purpose and achieve better results. And like so many others before, you will begin to reap the rewards of having a well-qualified pipeline of opportunities with clearer paths to success. - Dick Dunkel, MEDDIC Creator.

**Saleshood John Wiley & Sons**  
Design and build Sales Cloud solutions to solve business challenges with this easy-to-follow handbook  
Key Features Discover the full range of capabilities offered by Sales Cloud and how to map them to business processes  
Learn how to plan and deliver all aspects of a successful Sales Cloud implementation

Purchase of the print or Kindle book includes a free PDF eBook  
Book

---

DescriptionSalesforce Sales Cloud is a system rich in functionality, addressing many sales business challenges such as sales productivity, forecast visibility, and sales enablement. However, unlocking the full value of the system and getting maximum returns pose a challenge, especially if you 're new to the technology. This implementation handbook goes beyond mere configuration to ensure a successful implementation journey. From laying the groundwork for your project to engaging stakeholders with sales-specific business insights, this book equips you with the knowledge you need to plan and execute. As you progress, you 'll learn how to design a robust data model to support the sales and lead generation process, followed by crafting an intuitive user experience to drive productivity. You 'll then explore crucial post-building aspects such as testing, training, and releasing functionality. Finally, you 'll discover how the solutions ' capability can be expanded by adding and integrating other tools to address typical sales use cases. By the end of this book, you 'll have grasped how to leverage Sales Cloud to solve sales challenges and have gained the confidence to design and implement solutions successfully with the help of real-world use cases.

What you will learn Find out how Sales Cloud capabilities solve common sales challenges Determine the best development methodologies Design and build core sales processes, including demand generation and sales productivity Implement best practices for testing and training with accurate data Build a release plan by understanding the types of post-go-live support Explore territory management and model

additional processes with Sales Cloud Understand common system integration use cases Harness the power of AppExchange solutions for sales Who this book is for This book is for administrators, consultants, and business analysts who want to understand and apply the capabilities of Salesforce Sales Cloud. Whether you 're completely new to Sales Cloud or enhancing existing functionalities within your organization, this handbook is your trusted companion. Business stakeholders responsible for or involved in Sales Cloud implementations will also benefit from this book.

*SPIN® -Selling* AMACOM Div American Mgmt Assn In today's hyper competitive markets, it's hard to get your message heard by the right buyers. Without a rock solid, relevant value proposition, attracting and closing new customers is just plain hard. Most value propositions are 'inside-out' - more focused on product and service features than they are on the buyers' needs. Today, you need a whole lot more than an elevator speech, a unique selling proposition or even the one or two-line statement of value from a seller to a buyer. Get the road-map for a Value Proposition Platform that helps you create highly relevant, value-based messaging for use in both marketing content and conversations with buyers. Get ready to create a value proposition that SELLS! Includes Development Success Tools: 1. Primary research conducted with B2B buyers 2. Two in-depth case studies that demonstrate how to build a value proposition platform from start to finish 3. Seven downloadable templates to guide your work step by step

buying process is greatly changed. With the Internet, the buyer is in charge. If your product is going to compete, you need to master 21st century lead generation, and this book shows you how. It's packed with effective strategies for inbound and outbound marketing tactics that will generate leads in today's market. You'll learn the basics of lead generation, inbound and outbound marketing, lead nurturing, ways to track ROI, and how to score leads to know when one is "hot". Follow the steps to create your own personalized lead generation plan and learn how to sidestep common pitfalls. Lead generation involves a strategy for generating consumer interest and inquiry into your product as well as a process for nurturing those leads until each is ready to buy. Techniques include content marketing through websites, blogs, social media, and SEO as well as outbound marketing strategies such as e-mail, PPC ads, content syndication, direct mail, and events. This book explores the basics of lead generation, inbound and outbound marketing, lead nurturing, tracking ROI on campaigns, lead scoring techniques, and ways to avoid many common pitfalls. Provides steps you can follow to create your own personalized lead generation plan. Lead Generation For Dummies is the extra edge you need to compete in today's technologically enhanced marketplace.

*Founding Sales* Penguin Random House India Private Limited

The Web has changed the game for your customers—and, therefore, for you. Now, CustomerCentricSelling, already recognized as one of the premier methodologies for managing the buyer-seller relationship, helps you level the playing field so you can reach clients when they are ready to buy and create a superior customer experience. Your business and its people need to be "CustomerCentric"—willing and able to identify and serve customers' needs in a world where competition waits just a

mouse-click away. Traditional wisdom has long held that selling means convincing and persuading buyers. But today's buyers no longer want or need to be sold in traditional ways. CustomerCentric Selling gives you mastery of the crucial eight aspects of communicating with today's clients to achieve optimal results: Having conversations instead of making presentations. Asking relevant questions instead of offering opinions. Focusing on solutions and not only relationships. Targeting business people instead of gravitating toward users. Relating product usage instead of relying on features. Competing to win—not just to stay busy. Closing on the buyer's timeline (instead of yours). Empowering buyers instead of trying to "sell" them. What's more, CustomerCentric Selling teaches and reinforces key tactics that will make the most of your organization's resources. Perhaps you feel you don't have the smartest internal systems in place to ensure an ideal workflow. (Perhaps, as is all too common, you lack identifiable systems almost entirely.) From the basics—and beyond—of strategic budgeting and negotiation to assessing and developing the skills of your sales force, you'll learn how to make sure that each step your business takes is the right one.

*Account-Based Marketing For Dummies* McGraw Hill Professional

Grow your account list with an effective account-based marketing strategy. Buyers have changed the B2B marketing game. Account-Based Marketing For Dummies is here to give you the tools to transform your current

---

approach to find, reach, and engage with your potential customers on their terms to meet their ever-changing demands. Packed with expert tips and step-by-step instructions, this book shows you how to analyze current data to identify the accounts with the biggest ROI opportunities and execute effective, account-specific techniques that get results. This practical guide takes the intimidation out of account-based marketing in today's highly digitized world. You'll be armed with the knowledge you need to increase your reach in real time, giving you greater exposure to other decision-makers and influencers within an account. You'll discover how, through a combination of marketing technology and online advertising, your messages can be displayed where and when your customers already engage online. Align your sales and marketing teams for greater success in your ABM efforts

Analyze data to identify key accounts  
Target your messages for real-time interaction  
Integrate your campaign with marketing automation software  
If you're a member of a sales or marketing team already using a CRM tool who's looking to increase your reach, *Account-Based Marketing For Dummies* has you covered! "*Account-Based Marketing For Dummies* clears away the confusion surrounding this much-hyped topic. It offers simple, direct explanations of what account-based marketing is, why it's important, and how to do it. Any business marketing professional will benefit from a look at this book." - David Raab, Founder at Raab Associates

"If you're reading this book and just getting

started with ABM, welcome to the future of what b-to-b marketing can be: insight-led, technology-enabled and, above all, customer focused. Our clients are delighted with the business impact they deliver using account-based marketing, and you will be, too." - Megan Heuer, Vice President and Group Director, SiriusDecisions

"Like a Hollywood agent, marketing's job is to get sales the 'audition,' not the part. Account-based marketing is the key to maximizing the number of the 'right' auditions for your sales team, and *Account-Based Marketing For Dummies* explains how." - Joe Chernov, VP of Marketing at InsightSquared

"Ever-advancing marketing technology is enabling a new generation of sales and marketing strategies to thrive, changing the playing field for companies of all sizes. This modern wave of account-based marketing has tremendous potential to improve your business, and *Sangram Vajre* is an insightful and enthusiastic guide to show you how." - Scott Brinker, Author of *Hacking Marketing*

"Account-based marketing is shifting how businesses use customer insights to capture more upmarket revenue. This book teaches a new wave of data-driven marketers how to embrace an enlightened quality-vs-quantity approach and execute a scalable ABM strategy that delivers real results." - Sean Zinsmeister, Senior Director of Product Marketing, Infer

"The book may be titled '...for dummies', but ABM is proving to be a smart approach for B2B marketers charged with generating sales pipeline and acquiring and delighting customers. Use this book to help you get started and

---

advance your account-based marketing strategies and tactics that will thrill your sales colleagues, executive team and customers alike." Scott Vaughan, CMO, Integrate

**MEDDIC** John Wiley & Sons

Called "The Sales Bible of Silicon Valley"...discover the sales specialization system and outbound sales process that, in just a few years, helped add \$100 million in recurring revenue to Salesforce.com, almost doubling their enterprise growth...with zero cold calls. This is NOT just another book about how to cold call or close deals. This is an entirely new kind of sales system for CEOs, entrepreneurs and sales VPs to help you build a sales machine. What does it take for your sales team to generate as many highly-qualified new leads as you want, create predictable revenue, and meet your financial goals without your constant focus and attention? Predictable Revenue has the answers!

**Consultative Selling** Sourcebooks, Inc.

Instant Bestseller on Amazon in Marketing and Sales!

FACT: Less than ONE percent of all leads become customers. As a business, how can you break that trend and achieve client fidelity? In this book we reveal the secrets behind the framework that will sell and retain your customers. Did you know that less than one percent of all leads become customers? It is a true and shocking stat, but there is a way to stop the waste and flip this around. In this highly anticipated book, we reveal the secrets behind our signature TEAM - Target, Engage, Activate, and Measure - framework to transform your approach to market, increase sales, and retain your ideal customers. Account-Based Marketing (ABM) is the new B2B. It's time to challenge the status quo of B2B Marketing and Sales, and transition to

what the business arena already expects as the updated B2B model. A transformation like this can only happen through an account-based approach that unites marketing, sales, and customer success teams (go-to-market teams) as #OneTeam. In summary, the TEAM framework coupled with the account-based approach enables your company to focus on the target accounts, engage them in a meaningful way, activate the sales team with top tier accounts proactively, and finally measure success based on business outcomes over vanity metrics. It's time to take the lead and transition your business to ABM. The process is simple when you have the right book - ABM is B2B. What are you waiting for?

**Solution Selling: Creating Buyers in Difficult Selling Markets** Oxford House Media

True or false? In selling high-value products or services: 'closing' increases your chance of success; it is essential to describe the benefits of your product or service to the customer; objection handling is an important skill; open questions are more effective than closed questions. All false, says this provocative book. Neil Rackham and his team studied more than 35,000 sales calls made by 10,000 sales people in 23 countries over 12 years. Their findings revealed that many of the methods developed for selling low-value goods just don't work for major sales. Rackham went on to introduce his SPIN-Selling method. SPIN describes the whole selling process: Situation questions Problem questions Implication questions Need-payoff questions SPIN-Selling provides you with a set of simple and practical

---

techniques which have been tried in many of today's leading companies with dramatic improvements to their sales performance.

### *CustomerCentric Selling* Lulu.com

A playbook that empowers sales managers to think like CEOs and act like entrepreneurs At Salesforce.com, Elay Cohen created and executed the sales productivity programs that accelerated the company's growth to a \$3 billion-plus enterprise. The innovation delivered over these years by Elay and his team resulted in unprecedented sales productivity excellence. Based on that experience, Elay embarked on a journey to help every company in the world grow like Salesforce.com. After working with many organizations and further reflecting on his time at Salesforce.com, it became apparent that one key player was best positioned to accelerate growth in organizations: the first-line sales manager. Empowering sales managers to own and execute their own sales programs, as entrepreneurs would, became the focus of this book and his technology company. First-line sales managers are the backbone of every sales organization. They make it happen. They're where the rubber meets the road in pipeline generation, revenue growth, and customer success. These sales managers serve as the voice of salespeople to organizations, and as the organizational voice back to salespeople. In this accessible guide, Cohen shares how sales managers can build an inspired, engaged team, equipping them with the tools they need to drive up

sales productivity and grow the business. He reveals, among many other lessons, how you can nurture a winning sales culture; build world-class training programs that encourage salespeople to learn from each other; and execute sales processes, playbooks, and deals in a way that gives your salespeople the winning edge.

### **Value Propositions that SELL** John Wiley & Sons

This book is specifically targeted for founders who find themselves at the point where they need to transition into a selling role. Specifically founders who are leading organizations that have a B2B, direct sales model that involves sales professionals engaging in verbal, commercial conversations with buyers. Moreover, many examples in this book will be targeted specifically to the realm of B2B SAAS software, and specifically as regards new, potentially innovative or disruptive offerings that are being brought to market for the first time. In short, direct sales of the sort a B2B SAAS software startup would engage in. With that said, if you are looking to be a first time salesperson, transitioning in from another type of role, or fresh out of school, in an organization that meets those characteristics above, you will get value out of this book. Similarly, if you are a first time sales manager, either of the founder type, or a sales individual contributor who is transitioning into that role, again, in an organization who meets the criteria above, you will also get value from this book.

### **The Science of Selling** 01consulting

Four years ago, the bestselling authors of *The Challenger Sale* overturned decades of conventional wisdom with a bold new approach to sales. Now their latest research reveals something even more surprising: Being a Challenger seller isn't enough. Your success or failure also depends on who you challenge. Picture your ideal

---

customer: friendly, eager to meet, ready to coach you through the sale and champion your products and services across the organization. It turns out that's the last person you need. Most marketing and sales teams go after low-hanging fruit: buyers who are eager and have clearly articulated needs. That's simply human nature; it's much easier to build a relationship with someone who always makes time for you, engages with your content, and listens attentively. But according to brand-new CEB research—based on data from thousands of B2B marketers, sellers, and buyers around the world—the highest-performing teams focus their time on potential customers who are far more skeptical, far less interested in meeting, and ultimately agnostic as to who wins the deal. How could this be? The authors of *The Challenger Customer* reveal that high-performing B2B teams grasp something that their average-performing peers don't: Now that big, complex deals increasingly require consensus among a wide range of players across the organization, the limiting factor is rarely the salesperson's inability to get an individual stakeholder to agree to a solution. More often it's that the stakeholders inside the company can't even agree with one another about what the problem is. It turns out only a very specific type of customer stakeholder has the credibility, persuasive skill, and will to effectively challenge his or her colleagues to pursue anything more ambitious than the status quo. These customers get deals to the finish line far more often than friendlier stakeholders who seem so receptive at first. In

other words, Challenger sellers do best when they target Challenger customers. *The Challenger Customer* unveils research-based tools that will help you distinguish the "Talkers" from the "Mobilizers" in any organization. It also provides a blueprint for finding them, engaging them with disruptive insight, and equipping them to effectively challenge their own organization.

*Cracking the Sales Management Code: The Secrets to Measuring and Managing Sales Performance* Penguin  
*The Hands-On, Up-to-the-Minute Guide to Generating Better-Qualified, Quicker-to-Close B2B Leads!* Lead generation is "Job One": B2B marketers' single most important objective. You'll Learn How To: · Develop and refine rules that consistently lead to

---

higher-quality leads · Gain deeper insights into your customers and their buying processes · Build sophisticated, accurate marketing databases · Identify the media most likely to work for you · Execute highly effective campaigns · Drive huge ROI improvements · Use BANT and other qualification criteria · Apply new "nurturing" techniques to convert "duds" into "diamonds" · Track results and quantify the business value of campaigns · Utilize best practices content marketing and marketing automation · Integrate continuous improvement into lead generation · Discover 10 trends that will transform the way you prospect

*Secrets of Question-Based Selling* Kyle Books

What's the secret to sales success? If you're like most business leaders, you'd say it's fundamentally about relationships-and you'd be wrong. The best salespeople don't just build relationships with customers. They challenge them. The need to understand what top-performing reps are doing that their average performing colleagues are not drove Matthew Dixon, Brent Adamson, and their colleagues at Corporate Executive Board to investigate the skills, behaviors, knowledge, and attitudes that matter most for high performance. And what they discovered may be the biggest shock to conventional sales wisdom in decades. Based on an exhaustive study of thousands of sales reps across multiple industries and geographies, *The Challenger Sale* argues that classic relationship building is a losing approach, especially when it comes to selling complex, large-scale business-to-business solutions. The authors'

study found that every sales rep in the world falls into one of five distinct profiles, and while all of these types of reps can deliver average sales performance, only one-the Challenger- delivers consistently high performance. Instead of bludgeoning customers with endless facts and features about their company and products, Challengers approach customers with unique insights about how they can save or make money. They tailor their sales message to the customer's specific needs and objectives. Rather than acquiescing to the customer's every demand or objection, they are assertive, pushing back when necessary and taking control of the sale. The things that make Challengers unique are replicable and teachable to the average sales rep. Once you understand how to identify the Challengers in your organization, you can model their approach and embed it throughout your sales force. The authors explain how almost any average-performing rep, once equipped with the right tools, can successfully reframe customers' expectations and deliver a distinctive purchase experience that drives higher levels of customer loyalty and, ultimately, greater growth.

*Smart Selling on the Phone and Online* Grand Central Publishing

Discover the secrets behind consultative sales and how to transform your negotiation process with the most effective methodologies on the market!
