in 1978. This highly accurate and smooth-reading version of the Bible in modern English has the largest library of printed and electronic support material of any modern translation.

## **In Search of Paul: Unleashing the Power of Legendary Mentors in Your Life** Zondervan

When Evelyn Waugh wrote *The Loved One* (1948) as a satire of the elaborate preparations and memorialization of the dead taking place in his time, he had no way of knowing how technical and extraordinarily creative human funerary practices would become in the ensuing decades. In *Funeral Festivals in America*, author Jacqueline S. Thursby explores how modern American funerals and their accompanying rituals have evolved into affairs that help the living with the healing process. Thursby suggests that there is irony in the festivities surrounding death. The typical American response to death often develops into a celebration that reestablishes links or strengthens ties between family members and friends. The increasingly important funerary banquet, for example, honors an often well-lived life in order to help survivors accept the change that death brings and to provide healing fellowship. At such celebrations and other forms of the traditional wake, participants often use humor to add another dimension to expressing both the personality of the deceased and their ties to a particular ethnic heritage. In her research and interviews, Thursby discovered the paramount importance of food as part of the funeral ritual. During times of loss, individuals want to be consoled, and this is often accomplished through the preparation and consumption of nourishing, comforting foods. In the Intermountain West,

Funeral Potatoes, a potato-cheese casserole, has become an expectation at funeral meals; Muslim families often bring honey flavored fruits and vegetables to the funeral table for their consoling familiarity; and many Mexican Americans continue the tradition of tamale making as a way to bring people together to talk, to share memories, and to simply enjoy being together. *Funeral Festivals in America* examines rituals for loved ones separated by death, frivolities surrounding death, funeral foods and feasts, post-funeral rites, and personalized memorials and grave markers. Thursby concludes that though Americans come from many different cultural traditions, they deal with death in a largely similar approach. They emphasize unity and embrace rites that soothe the distress of death as a way to heal and move forward.

• NOW A MAJOR MOTION PICTURE  
• Look for special features inside. Join the Random House Reader's Circle for author chats and more. In boyhood, Louis Zamperini was an

incorrigible delinquent. As a teenager, he channeled his defiance into running, discovering a prodigious talent that had carried him to the Berlin Olympics. But when World War II began, the athlete became an airman, embarking on a journey that led to a doomed flight on a May afternoon in 1943. When his Army Air Forces bomber crashed into the Pacific Ocean, against all odds, Zamperini survived, adrift on a foundering life raft. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, thirst and starvation, enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would answer desperation with ingenuity; suffering with hope, resolve, and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the fraying wire of his will. Appearing in paperback for the first time—with twenty arresting new photos and an extensive Q&A with the author—Unbroken is an unforgettable testament to the resilience of the human mind, body, and spirit, brought vividly to life by Seabiscuit author Laura Hillenbrand. Hailed as the top nonfiction book of the year by Time magazine • Winner of the Los Angeles Times Book Prize for biography and the Indies Choice Adult Nonfiction Book of the Year award

"Extraordinarily moving . . . a powerfully drawn survival epic."—The Wall Street Journal "[A] one-in-a-billion story . . . designed to wrench from self-respecting critics all the blurby adjectives we normally try to avoid: It is amazing, unforgettable, gripping, harrowing, chilling, and inspiring."—New York

"Staggering . . . mesmerizing . . . Hillenbrand's writing

is so ferociously cinematic, the events she describes so incredible, you don't dare take your eyes off the page."—People "A meticulous, soaring and beautifully written account of an extraordinary life."—The Washington Post "Ambitious and powerful . . . a startling narrative and an inspirational book."—The New York Times Book Review "Magnificent . . . incredible . . . [Hillenbrand] has crafted another masterful blend of sports, history and overcoming terrific odds; this is biography taken to the nth degree, a chronicle of a remarkable life lived through extraordinary times."—The Dallas Morning News "An astonishing testament to the superhuman power of tenacity."—Entertainment Weekly "A tale of triumph and redemption . . . astonishingly detailed."—O: The Oprah Magazine "[A] masterfully told true story . . . nothing less than a marvel."—Washingtonian "[Hillenbrand tells this] story with cool elegance but at a thrilling sprinter's pace."—Time "Hillenbrand [is] one of our best writers of narrative history. You don't have to be a sports fan or a war-history buff to devour this book—you just have to love great storytelling."—Rebecca Skloot, author of The Immortal Life of Henrietta Lacks

Thanksgiving and Prayers; the Psalter; and Music. (ABC).

**The National Freemason**

Christianity Today "Beautiful Orthodoxy" Book of the Year in 2016. Keep Christianity Strange. As the culture changes all around us, it is no longer possible to pretend that we are a Moral Majority. That may be bad news for America, but it can be good news for the church. What's needed now, in shifting times, is neither a doubling-down on the status quo nor a pullback into isolation. Instead, we need a church that speaks to social and political issues with a bigger vision in mind: that of the gospel of Jesus Christ. As Christianity seems increasingly strange, and even subversive, to our culture, we have the opportunity to reclaim the freakishness of the gospel, which is what gives it its power in the first place. We seek the kingdom of God, before everything else. We connect that kingdom agenda to the culture around us, both by speaking it to the world and by showing it in our churches. As we do so, we remember our mission to oppose demons, not to demonize opponents. As we advocate for human dignity, for religious liberty, for family stability, let's do so as those with a prophetic word that turns everything upside down. The signs of the times tell us we are in for days our parents and grandparents never knew. But that's no call for panic or surrender or outrage. Jesus is alive. Let's act like it. Let's follow him, onward to the future.

Brothers, We are Not Professionals

Europe's "Black Death" contributed Funeral Festivals in America

to the rise of nation states,  
mercantile economies, and even the  
Reformation. Will the AIDS

epidemic have similar dramatic  
effects on the social and  
political landscape of the twenty-

first century? This readable  
volume looks at the impact of AIDS  
since its emergence and suggests  
its effects in the next decade,  
when a million or more Americans  
will likely die of the disease.

The Social Impact of AIDS in the  
United States addresses some of  
the most sensitive and  
controversial issues in the public

debate over AIDS. This landmark  
book explores how AIDS has  
affected fundamental policies and  
practices in our major

institutions, examining: How  
America's major religious  
organizations have dealt with  
sometimes conflicting values: the

imperative of care for the sick  
versus traditional views of  
homosexuality and drug use. Hotly  
debated public health measures,  
such as HIV antibody testing and

screening, tracing of sexual  
contacts, and quarantine. The  
potential risk of HIV infection to  
and from health care workers. How

AIDS activists have brought about  
major change in the way new drugs  
are brought to the marketplace.  
The impact of AIDS on community-

based organizations, from  
volunteers caring for individuals  
to the highly political ACT-UP  
organization. Coping with HIV

infection in prisons. Two case  
studies shed light on HIV and the  
family relationship. One reports  
on some efforts to gain legal

recognition for nonmarital  
relationships, and the other  
examines foster care programs for  
newborns with the HIV virus. A

case study of New York City  
details how selected institutions  
interact to give what may be a  
picture of AIDS in the future.

This clear and comprehensive  
presentation will be of interest  
to anyone concerned about AIDS and  
its impact on the country: health

professionals, sociologists,  
psychologists, advocates for at-  
risk populations, and interested
