A powerful contemporary retelling of Heart of Darkness. One rainy night in Australia, Marlouw's sister phones with the request that he fetch her son 'from that bloody country'. And Marlouw, with his club foot

and hardened spirit, believes it is his fate to carry out this instruction. Drenched in sweat after an ominous flight, his exodus takes him through a South Africa where poverty is rife, infrastructure has collapsed, AIDs has become widespread, and corruption reigns. He is told: 'the whites who've stayed on, stay because they're not able to leave'. Yet still he journeys deeper into the unknown -- past the suffering masses alongside the road to the outer darkness of the rural areas. There are rumours that Koert is on the old family farm, now in the possession of the family's former workers. That there, guarded and isolated, he has built himself a powerful empire as the King of Meat. Here, on Ouplaas, at the end of Marlouw's terrible journey, the heart of terror is cut open ...

"A scatologocial black satire . . . Triomf may be the signal Afrikaans novel of the 1990s . . . A daring, vicious and hilarious flight of imagination" (The Washington Post). This is the story of the four inhabitants of 127 Martha Street in the poor white suburb of Triomf. Living on the ruins of old Sophiatown, the freehold township razed to the ground as a so-called "black spot," they await with trepidation their country's first democratic elections. It is a date that coincides fatefully with the fortieth birthday of Lambert, the oversexed misfit son of the house. There is also Treppie, master of misrule and family metaphysician; Pop, the angel of peace teetering on the brink of the grave; and Mol, the materfamilias in her eternal housecoat. Pestered on a daily basis by nosy neighbors, National Party canvassers and Jehovah's Witnesses, defenseless against the big city towering over them like a vengeful dinosaur, they often resort to quoting to each other the only consolation that they know; we still have each

other and a roof over our heads. Triomf relentlessly probes Afrikaner history and politics, revealing the bizarre and tragic effect that apartheid had on exactly the white underclass who were most supposed to benefit. It is also a seriously funny investigation of the human endeavor to make sense of life even under the most abject of circumstances. "South Africa as you've never seen it: a tale of incest and white trash. Funny, feisty, ferociously clever." --Gillian Slovo, author of Ten Days "A world-class tragicomic novel, the kind of book that stabs at your heart while it has you rolling on the floor." --The New York Times Book Review

" John Schmitt and his mother Maribell live in the small town of Dowdale. John is a teenage schoolboy who has just been offered an scholarship to a prestigious school. His mother is a religious fanatic and given to strange spells. She is terrified of demons and that John has something evil about him. John escapes to a cave he has discovered to get away from his mother and her odd spells. After the offer to the new school, Maribell breaks the telephone and John flees to his sanctuary, where he has his father ' s tools and where he can fix almost

everything, except an intriguing music box, the mechanisms of which refuse to obey his commands. After a night spent in the cave his seemingly deranged mother meets him at school and forbids him to go back until she lets him. John gives her the slip and meets up with a gypsy teen named Lu. Together they enter a world of shifting times and places, the world that the mist threatens and protects. " --Publisher ' s description.

Paul Ricoeur is one of the most important modern literary theorists and a philosopher of world renown. This collection brings together his published articles, papers, reviews, and interviews that focus on literary theory and criticism. The first of four sections includes early pieces that explore the philosophical foundations for a post-structural hermeneutics. The second contains reviews and essays in which Ricoeur engages in debate over some of the central themes of literary theory, including figuration/configuration and narrativity. In the third section are later essays on post-structuralist hermeneutics, and in the fourth, interviews in which he discusses text, language, and myths. Mario Vald é s provides an

introduction to the literary theories of Paul Ricoeur and the works in this collection particularly. He also includes a complete bibliography of Ricoeur's works that have appeared in English.

Samuel Taylor Coleridge is best known as a great poet and literary theorist, but for one, quite short, period of his life he held real political power - acting as Public Secretary to the British Civil Commissioner in Malta in 1805. This was a formative experience for

Coleridge which he later identified as being one of the most instructive in his entire life. In this volume Barry Hough and Howard Davis show how Coleridge's actions whilst in a position of power differ markedly from the idealism he had advocated before taking office - shedding new light on Coleridge's sense of political and legal morality.

Kaapstad word deur 'n reeksmoordenaar geteister. Die Romeo-en-Juliet-moordenaar se slagoffers is almal tieners. Verliefde paartjies... En almal word op dieselfde manier gevind. Trencherman North Star Editions, Inc. She is Helena Bosman, from a tiny little town lost in the vast expanses of the Northern Cape, but Grandpa and Grandma call her Vaselinetjie. She is their little angel from the veldt, the beginning and the end of their world. But when Vaselinetjie is ten years old, two officials from Welfare step in and she is sent away to a boarding school in Gauteng - the orphanage where Madiba's reject children have to live. It's a strange, hard, dangerous world of scum children, bad-tempered matrons and a harsh, unfair principal; a world of smoking cigarette

butts, having one's hair shaved off and making plans to run away. It's a world where no one bothers about anyone else, where you too learn not to give a damn. But as the months turn into years, there is one name that crops up again and again: Texan Kirby. And that name does strange things to Vaselinetjie's heart. I'll Get There. It Better Be Worth The Trip. HarperSport

Set in South Africa, MindF\*\*k is a powerful, disturbing, and at times frightening story. Chris Burns, and his friends - Kerbs and Sky Eyes - take to the road, heading for the MindF\*\*k rock festival. Along the way they pick up the gorgeous Partygirl. Burns and Partygirl connect immediately. But on the first night, while the rockmusic blasts from the stage, something unexpected happens - Burns's world gets turned on its head as one of the boys emerges from the tent with blood on his hands. In a place near Mozambique where no one knows the boundary, drought is changing everything. Tens, then hundreds of people seek refuge in a forgotten outpost where a clinic is run by lonely souls of uncertain training, nuns staunchly determined to serve. But the inundation soon becomes too much for them, and there is no help from outside. Within the small community of outcasts a plan takes shape that is as outrageous as it is inspired. The illegal adventure that follows is a humanitarian act of heroic proportions, yet unsung in the greater world. And in its wake unanswered questions remain: what is it that lies just beyond our reach; why can we not take the final step

towards each other? *Bundu* is about the people and the animals of Africa at the height of their beauty and the depth of their despair. It is a love story and a meditation on the mystery of our powers and the limitations that we share with our brothers, the animals.

*Towards More Understanding* Anchor  
From the award-winning author of *The Golden Mean*, a captivating, wholly transporting new novel that follows Aristotle's strong-willed daughter as she shapes her own destiny: an unexpected love story, a tender portrait of a girl and her father, and an astonishing journey through the underbelly of a supposedly enlightened society. Aristotle has never been able to resist a keen mind, and Pythias is certainly her father's daughter: besting his brightest students, refusing to content herself with a life circumscribed by the kitchen, the loom, and, eventually, a husband. Into her teenage years, she is protected by the reputation of her adored father, but with the death of Alexander the Great, her fortunes suddenly change. Aristotle's family is forced to flee Athens for a small town, where the great philosopher soon dies, and orphaned Pythias quickly discovers that the world is not a place of logic after all, but one of superstition. As threats close in on her—a rebellious household, capricious gods and goddesses—she will need every ounce of wit she possesses, and the courage to seek refuge where she least expects it. This ebook edition includes a Reading Group Guide.

As in her former books, Alice Miller again focusses on facts. She is as determined as ever to cut through the veil that, for thousands of years now, has been so meticulously woven to shroud the truth. And when she lifts that veil and brushes it aside, the results are astonishing, as is amply demonstrated by her analyses of the works of Nietzsche, Picasso, Kollwitz, Keaton and others. With the key shunned by so many for so long - childhood - she opens rusty looks and offers her readers a wealth of unexpected perspectives. What did Picasso express in "Guernica"? Why did Buster Keaton never smile? Why did Nietzsche heap so much opprobrium on women and religion, and lose his mind for eleven years? Why did Hitler and Stalin become tyrannical mass murderers? Alice Miller investigates these and other questions thoroughly in this book. She draws from her discoveries the conclusion that human beings are not "innately" destructive, that they are made that way by ignorance, abuse, and neglect, particularly if no sympathetic witness comes to their aid. She also shows why some mistreated children do not become criminals but instead bear

witness as artists to the truth about their childhoods, even though in purely intuitive and unconscious ways.

A pathbreaking history of the development of scientific racism, white nationalism, and segregationist philanthropy in the U.S. and South Africa in the early twentieth century, *Waste of a White Skin* focuses on the American Carnegie Corporation's study of race in South Africa, the Poor White Study, and its influence on the creation of apartheid. This book demonstrates the ways in which U.S. elites supported apartheid and Afrikaner Nationalism in the critical period prior to 1948 through philanthropic interventions and shaping scholarly knowledge production. Rather than comparing racial democracies and their engagement with scientific racism, Willoughby-Herard outlines the ways in which a racial regime of global whiteness constitutes domestic racial policies and in part animates black consciousness in seemingly disparate and discontinuous racial democracies. This book uses key paradigms in black political thought—black feminism, black internationalism, and the black radical tradition—to provide a rich account of poverty and work. Much of the scholarship on

whiteness in South Africa overlooks the complex politics of white poverty and what they mean for the making of black political action and black people's presence in the economic system. Ideal for students, scholars, and interested readers in areas related to U.S. History, African History, World History, Diaspora Studies, Race and Ethnicity, Sociology, Anthropology, and Political Science.
