BENITO CERENO Herman
Melville's controversial
1855 short story Benito
Cereno retains its power to
move the reader over a
century and a half after its

publication. The story -
which ends with a haunting
twist - centers on a slave
rebellion aboard a Spanish
merchant ship in 1799 and
because of its ambiguity
has been read by some as
racist and pro-slavery and
by others as anti-racist The
novella follows a sea
captain, Amasa Delano, and
his crew on the Bachelor's
Delight as it is approached
by another, rather battered-
looking ship, the San
Dominick. Upon boarding
the San Dominick, Delano is

immediately greeted by white sailors and black slaves begging for supplies. An inquisitive Delano ponders the mysterious social atmosphere aboard the badly bruised ship and notes the figurehead which is mostly concealed by a tarpaulin revealing only the inscription "Follow your leader." Delano soon encounters the ship's noticeably timid but polite Spanish captain, Don Benito Cereno. Delano believes Cereno's assertion that he and his crew have recently gone through a debilitating series of troubles, having been at sea now for an unsettingly long time. Cereno tells of these tribulations, including horrendous weather patterns and the fate of the slaves' master, Alexandro Aranda, who Cereno claims took fever aboard the ship and died. Gradually, however, Delano's suspicions increase, based on his noting Cereno's

sudden waves of dizziness and anxiety, the crew's awkward movements and whisperings, and the unusual interaction of the ship's white and black residents. BARTLEBY THE SCRIVENER Bartleby, the Scrivener: A Story of Wall Street first appeared anonymously in two parts in the November and December 1853 editions of Putnam's Magazine, and was reprinted with minor textual alterations in The Piazza Tales in 1856. The narrator, an elderly Manhattan lawyer with a very comfortable business helping wealthy men deal with mortgages, deeds, and bonds, tells the story of a quiet, hardworking legal copyist named Bartleby. One day Bartleby declines the assignment his employer gives him with the inscrutable "I would prefer not." The utterance of this remark sets off a confounding set of actions and behavior, making the

unsettling character of Bartleby one of Melville's most enigmatic and unforgettable creations. 3 stories Chelsea House Pub Benito Cereno: A fictionalized account about the revolt on a Spanish slave ship captained by Don Benito Cereno. He hires the forlorn-looking Bartleby in the hope that his calmness will soothe the irascible temperaments of the other two. An office boy nicknamed Ginger Nut completes the staff. At first, Bartleby produces a large volume of high-quality work, but one day, when asked to help proofread a document, Bartleby answers with what soon becomes his perpetual response to every request: "I would prefer not to." "Benito Cereno" is a tale about the revolt on a Spanish slave ship

captained by Don Benito Cereno. In 1799 off the coast of Chile, Captain Amasa Delano of the American sealer and merchant ship Bachelor's Delight visits the San Dominick, a Spanish slave ship apparently in distress. After learning from its captain Benito Cereno that a storm has taken many crewmembers and provisions, Delano offers to help out. He notices that Cereno acts awkwardly passive for a captain and the slaves display remarkably inappropriate behavior, and though this piques his suspicion he ultimately decides he is being paranoid. When he leaves the San Dominick and captain Cereno jumps after him, he finally discovers that the slaves have taken command of the ship, and forced the surviving crew to act as usual.

Benito Cereno, Bartleby: the Scrivener, And, the Encantadas

Readaclassic.com

These three short works represents the last flowering of Herman Melville's genius.

By the time "Bartleby the Scrivener" (1853) and "Benito Cereno" (1855) were published, Melville's career as a successful author was effectively over, even though he was still in his mid-thirties (Billy Budd, Foretopman, was not published until 1924, more than three decades after its author's death.) The exotic adventures that had launched Melville's fame had given way to what many readers of the day regarded as obscure philosophizing. Today we can see in the somber image of the poor scrivener who "would prefer not to" an existential figure foreshadowing the imagination of Kafka decades before that writer's birth. In the credulous Captain Delano's distorted vision of reality in "Benito Cereno," and the despair of Claggart as he looks upon the inarticulate purity of Billy Budd, today's readers confront the great philosophical and literary issues of our time -- of all time -- expressed with the profundity of feeling rarely

equaled in the greatest works of the world's literature. - Back cover.

If Dickens was nineteenth-century London personified, Herman Melville was the quintessential American. With a historian's perspective and a critic's insight, award-winning author Andrew Delbanco marvelously demonstrates that Melville was very much a man of his era and that he recorded — in his books, letters, and marginalia; and in conversations with friends like Nathaniel Hawthorne and with his literary cronies in Manhattan — an

incomparable chapter of American history. From the bawdy storytelling of Typee to the spiritual preoccupations building up to and beyond Moby Dick, Delbanco brilliantly illuminates Melville's life and work, and his crucial role as a man of American letters.

Melville's Bartleby the Scrivener & Benito Cereno E-Artnow

This collection of short stories is the only such book published in Melville's lifetime. "Bartley the Scrivener," the

collection's most famous story, concerns a clerk who works as a copyist for a well-to-do Manhattan lawyer. Bartleby steadfastly refuses to perform any of the tasks required by his job and his reply, "I would prefer not to," comes to haunt his employer. Today "Bartleby" is considered one of the most significant American short stories and a precursor to the absurdist fiction of Franz Kafka. Also notable is the novella "Benito Cereno." The story concerns a slave rebellion on board a Spanish slave-trading ship in 1799 and is noted for its foreboding atmosphere and dark, complex plot. Another novella in the collection, "The Encantadas," offers a philosophical look at the

Galápagos Islands.

Herman Melville's Billy Budd, Benito Cereno, & Bartleby the Scrivener

W W Norton & Company Incorporated

"This is a comparative study of three of Herman Melville's novels: Moby-Dick (1851), Benito Cereno (1855) and Bartleby, the Scrivener (1853). Though these three novels seem to be loosely associated, I argue that they are closely connected. The three characters, Ahab, Babo and the lawyer, all demonstrate a will to achieve a goal. Ahab wants to take revenge on Moby Dick; Babo schemes to go back to Senegal; the lawyer, a capitalist representative, aims to earn more

money. In the process of achieving their purposes, they closely interact with their surroundings, including people and objects. In my study, I compare Ahab, Babo and the lawyer concerning their interactions with objects and people. I further analyze Melville's intentions of drawing on historical figures and events. Ahab treats the crew, the Pequod and the whale as his physical supplements. Instead of killing Moby Dick, he ends up becoming a part of the whale. Babo directs the staged farce by using the others as his arms and legs. The lawyer also displays a tendency to treat his copyists as his physical extensions. As former studies suggest, Ahab, Babo and the

lawyer all have their prototypes. Ahab's physical features resemble John C. Calhoun, the author of "the war between the United States and Mexico". Babo represents the slave revolt leader Mure. Herman Melville is the lawyer's prototype. Although these three novels deal with different political metaphors, they converge in their shared critique of capitalism. That is capitalist corrupting influences on the human mind and human relations."
