This volume is the result of a conference held in October 2015 in connection with the Frankfurt Book Fair discussing developments that are considered important in contemporary Indonesian cultural productions. The first part of the book reflects on the traumatic experiences of the Indonesian nation caused by a failed coup on October 1, 1965. In more general theoretical terms, this topic connects to the field of memory studies, which, in recent decades, has made an academic comeback. The focus of the chapters in this section is how certain, often distressing, events are represented in narratives in a variety of media that are periodically renewed, changed, rehearsed, repeated, and performed, in order to become or stay part of the collective memory of a certain group of people. The second part of the book explores how forces of globalisation have impacted upon the local and, linguistically surprisingly, rather homogeneous cultural productions of Indonesia. The main strands of inquiry in this second section are topics of global trends in religion, responses to urban development, the impact of popular literary developments, and how traditions are revisited in order to come to terms with international cultural developments.

This book takes stock of the state of affairs of the teaching and learning of mathematical modelling with regard to research, development and practice. It provides a conceptual framework for mathematical modelling in mathematics education at all education levels, as well as the background and resources for teachers to acquire the knowledge and competencies

that will allow them to successfully include modelling in their teaching, with an emphasis on the secondary school level. Mathematics teachers, mathematics education researchers and developers will benefit from this book. Expertly written and researched, this book includes a comprehensive overview of research results in the field, an exposition of the educational goals associated with modelling, the essential components of modelling competency and an extensive discussion of didacticopedagogical challenges in modelling. Moreover, it offers a wide variety of illuminating cases and best-practice examples in addition to insights into the focal points for future research and practice. The Learning and Teaching of Mathematical Modelling is an invaluable resource for teachers, researchers, textbook authors, secondary school mathematics teachers, undergraduate and graduate students of mathematics as well as student teachers.

The Encyclopedia of Indonesia in the Pacific War Crown  
"Because the military is an integral part of Indonesia's power structure, it is of interest to anyone studying Indonesian affairs. This volume is the first study to address the role of the military in post-Soeharto Indonesia. The author is a former ghostwriter at the Indonesian Ministries of Home Affairs and Defence. He is privy to the internal dynamics of the military and has personally interviewed such untouchable figures as former President Soeharto. As such, this is an up-to-date, well-informed study providing a useful contribution to the literature, particularly with regard to the younger generation of the military."--BOOK JACKET.

Kinfolk magazine—launched to great acclaim and instant buzz in 2011—is a quarterly journal about understated, unfussy entertaining. The journal has captured the imagination of readers nationwide, with content and an aesthetic that reflect a desire to go back to simpler times; to take a break from our busy lives; to build a community around a shared sensibility; and to foster the endless and energizing magic that results from sharing a meal with good friends. Now there ' s The Kinfolk Table, a cookbook from the creators of the magazine, with profiles of 45 tastemakers who are cooking and entertaining in a way that is beautiful, uncomplicated, and inexpensive. Each of these home cooks—artisans, bloggers, chefs, writers, bakers, crafters—has provided one to three of the recipes they most love to share with others, whether they be simple breakfasts for two, one-pot dinners for six, or a perfectly composed sandwich for a solo picnic.

Thrilling...an engrossing, emotionally rankling speed-read...original and sure-footed. ' Big Issue [UK] Told in short, cinematic bursts, Vengeance Is Mine, All Others Pay Cash is gloriously pulpy. Ajo Kawir, a lower-class Javanese teenage boy excited about sex, likes to spy on fellow villagers in flagrante, but one night he ends up witnessing the savage rape of a beautiful crazy woman. Deeply traumatised, he becomes impotent, turns to fighting as a way to vent his frustrations. Vengeance Is Mine, All Others Pay Cash shows Eka Kurniawan in a gritty, comic, pungent mode that fans of Quentin Tarantino will appreciate. But even with its liberal peppering of fights, high-speed car chases, and ladies heaving with desire, the novel continues to explore Kurniawan's familiar themes of female agency in a violent and corrupt male world. Eka Kurniawan was born in 1975 and is the author of novels, short stories, essays, movie scripts, and graphic novels. He has been described by the Jakarta Post as 'one of the few influential writers in Indonesia.' His first novel to be translated into English, *Beauty Is a Wound*, was released in 2015.

' An unusual and provocative novel...A page turner, and well worth your attention. ' AU Review ' [Kurniawan] habitually drives his narratives between the extreme poles of the crass and the sublime, the tragic and the comedic, the surreal and the real. ' South China Morning Post ' It's funny, enraging, and touching. ' Village Voice ' I believe the phrase is "page-turner" ' Words Without Borders ' Kurniawan gives the reader an original plot while managing to include a good helping of black humour, plenty of irony, corruption and a man who talks to his penis (which occasionally answers him)...Funny and a bit crazy. ' BookMooch ' Eka Kurniawan's English-language debut, *Beauty Is a Wound*, was released to much acclaim in 2015, introducing the Indonesian writer to a whole new audience. Told in short, cinematic bursts, his follow-up is gloriously pulpy as it continues to explore familiar themes of female agency in a violent and corrupt male world. Kurniawan is not for the faint-hearted, but his gritty, comic style will definitely be appreciated by fans of Quentin Tarantino. ' Readings ' An arresting portrait of Indonesia's struggle for nationhood, delights in obscenity: no topic is spared from its bloodthirsty brand of satire. ' New Yorker on *Beauty is a Wound* ' *Beauty Is a Wound* is an epic of a kind that could only come from the pen of an Indonesian...Kurniawan's creative ambition and scope are traditional in some senses, but his deeply strange work is profoundly original. ' Australian on *Beauty is a Wound*

Although over eighty percent of the country is Muslim, Indonesia is marked by an extraordinary diversity in language, ancestry, culture, religion and ways of life. This book focuses on the Christian Dani of West Papua, providing a social and ethnographic history of the most important indigenous population in the troubled province. It presents a fascinating overview of the Dani ' s conversion to Christianity, examining the social, religious and political uses to which they have put their new religion. Based on independent research carried out over many years among the Dani people, the book provides an abundance of new material on religious and political events in West Papua. Underlining the heart of Christian-Muslim rivalries, the book questions the fate of religion in late-modern times.

The Hidden Facts of Fashion NIAS Press

In July 1997, twenty-five of America's most influential journalists sat down to try and discover what had happened to their profession in the years between Watergate and Whitewater. What they knew was that the public no longer trusted the press as it once had. They were keenly aware of the pressures that advertisers and new technologies were putting on newsrooms around the country. But, more than anything, they were aware that readers, listeners, and viewers — the people who use the news — were turning away from it in droves. There were many reasons for the public's growing lack of trust. On television, there were the ads that looked like news shows and programs that presented gossip and press releases as if they were news. There were the "docudramas," television movies that were an uneasy blend of fact and fiction and which purported to show viewers how events had "really"

happened. At newspapers and magazines, celebrity was replacing news, newsroom budgets were being slashed, and editors were pushing journalists for more "edge" and "attitude" in place of reporting. And, on the radio, powerful talk personalities led their listeners from sensation to sensation, from fact to fantasy, while deriding traditional journalism. Fact was blending with fiction, news with entertainment, journalism with rumor. Calling themselves the Committee of Concerned Journalists, the twenty-five determined to find how the news had found itself in this state. Drawn from the committee's years of intensive research, dozens of surveys of readers, listeners, viewers, editors, and journalists, and more than one hundred intensive interviews with journalists and editors, *The Elements of Journalism* is the first book ever to spell out — both for those who create and those who consume the news — the principles and responsibilities of journalism. Written by Bill Kovach and Tom Rosenstiel, two of the nation's preeminent press critics, this is one of the most provocative books about the role of information in society in more than a generation and one of the most important ever written about news. By offering in turn each of the principles that should govern reporting, Kovach and Rosenstiel show how some of the most common conceptions about the press, such as neutrality, fairness, and balance, are actually modern misconceptions. They also spell out how the news should be gathered, written, and reported even as they demonstrate why the First Amendment is on the brink of becoming a commercial right rather than something any American citizen can enjoy. *The Elements of Journalism* is already igniting a national dialogue on issues vital to us all. This book will be the starting point for discussions by journalists and members of the public about the nature of journalism and the access that we all enjoy to information for years to come.
