A Program Evaluation Guide for Librarians Taylor & Francis
Many powerful voices are influencing our grandchildren, from those at home and in their schools to those in the world of entertainment and media. What can you as a grandparent do to speak wisdom and godliness into their lives? Biblical Grandparenting is a full-length leadership book that places grandparenting ministry on a firm scriptural foundation. It is ideal for pastors and church leaders as well as for use in the classroom at seminaries.

Technical Interviews: Excel with Ease Universal-Publishers
The latest edition of this best-selling textbook by Miles and Huberman not only is considerably expanded in content, but is now available in paperback. Bringing the art of qualitative analysis up-to-date, this edition adds hundreds of new techniques, ideas and references developed in the past decade. The increase in the use of computers in qualitative analysis is also reflected in this volume. There is an extensive appendix on criteria to choose from among the currently available analysis packages. Through examples from a host of social science and professional disciplines, *Qualitative Data Analysis* remains the most comprehensive and complete treatment of this topic currently available to scholars and applied researchers.
Education for Social Citizenship Pearson Education India
Approaches and methods in comparative education are of obvious importance, but do not always receive adequate attention. This second edition of a well-received book,

containing thoroughly updated and additional material, contributes new insights within the longstanding traditions of the field. A particular feature is the focus on different units of analysis. Individual chapters compare places, systems, times, cultures, values, policies, curricula and other units. These chapters are contextualised within broader analytical frameworks which identify the purposes and strengths of the field. The book includes a focus on intra-national as well as cross-national comparisons, and highlights the value of approaching themes from different angles. As already demonstrated by the first edition of the book, the work will be of great value not only to producers of comparative education research but also to users who wish to understand more thoroughly the parameters and value of the field.

An Expanded Sourcebook Petrogav International
Petrogav International provides courses for participants that intend to work on onshore drilling and production platforms. Training courses are taught by professionals from the oil and gas industry with current knowledge and years of field experience. Does the Village Still Raise the Child? SUNY Press
Given the importance of the development of intellectualism and the need to ensure equity and access to learning experiences, educators at all levels must be aware of research-based protocols to identify, serve, and evaluate programs for diverse gifted learners. It is essential to understand how gifted education can increase equity in identification practices for historically underrepresented groups, what the specific curricular opportunities are that must be provided to learners to develop gifted programs, and what the key considerations are to the design and implementation of authentic and equitable programs for gifted learners.
Creating Equitable Services for the Gifted: Protocols for Identification, Implementation, and Evaluation curates cutting-edge protocols in the field of gifted education related to the areas of equitable identification, implementation of services, and programmatic assessment. These protocols seek to initiate discussion and critical discourse regarding diverse gifted learners among higher education faculty, state department personnel, district administrators, and classroom teachers. Covering topics such as digital differentiation, equitable assessment, and STEM education, this text is ideal for teacher education programs, preparation programs, university degree programs, university credential programs,

certificate programs, faculty, graduate students, state departments of education, superintendents, coordinators, administrators, teachers, professors, academicians, and researchers.

Technical questions and answers for job interview Offshore Drilling Platforms IGI Global

This is the first scholarly book to explore the empowerment and the social service role of frontline police officers in the People ' s Republic of China. It approaches the study of role strain and empowerment, informed by local empirical data and personal

experience. Thematically organized and focusing on those issues of greatest concern to the public, such as the dual social control (informal and formal) mechanism, mass line policing, strike-hard campaigns, police professionalization and professional ethics, as well as the paramilitary-bureaucratic structure in the Chinese police organization, it provides a detailed discussion of these and other contemporary issues. The book offers a valuable resource for students and researchers in the area of comparative policing and comparative criminal justice, as well as police professionals and policy-makers.
