Management. Basic life-support measures for respiratory and cardiovascular function should be used. Dermal decontamination should be accomplished by repeated washing with soap. Exposed eyes should be irrigated with copious amounts of room-temperature water for at least 15 min.

Basic Life Support Third Edition - agnoleggio.it

Michael S. O'Connor, ... Timothy Gilligan, in Cardiac Intensive Care (Third Edition), 2019. Withholding and Withdrawing Basic Life Support. Denying basic life support (e.g., medically supplied nutrition and hydration, oxygen) represents a challenging step in medicine. Whereas more advanced life support may be viewed as “heroic” or “extraordinary,” basic life support is simply that which everyone depends on to live; it may not appear to be part of medicine so much as part of normal ...
