An Introductory Study of the Grammar and Syntax of the New Testament
Zondervan

From their decades of combined teaching experience, Benjamin L. Merkle and Robert L. Plummer have produced an ideal resource for novice Greek students to not only learn the language but also kindle a

passion for reading the Greek New Testament. Designed for those new to Greek, Beginning with New Testament Greek is a user-friendly textbook for elementary Greek courses at the college or seminary level.

[Access Card for Basics of Biblical Greek Interactive Workbook](#) Zondervan Academic Reading Biblical Greek introduces first-year Greek students to the essential information needed to optimize their grasp of the fundamentals of the Greek language—no more and no less—enabling them to read and translate the Greek of the New Testament as soon as possible. The learning approach in Reading Biblical Greek revolves around three core elements: grammar, vocabulary, and reading &

translation. Grammar. The grammar consists of micro-lessons, which break up information in small, digestible chunks. Each micro-lesson addresses a single point. This arrangement makes for easy comprehension and review. It also allows the teacher to pace the material based on its difficulty and ability of their students. New learning is incremental and recursive—each new piece builds on and reinforces prior learning. Lessons are structured in three columns: 1) Introducing new topic; 2) Material to be memorized; and 3) Examples and exercises. Vocabulary. As an essential complement to grammar, vocabulary is introduced at strategic points and is arranged first by what the student has been learning in grammar, and then by frequency. The

vocabulary lists are collated at the back of the book for easy access. The first 13 vocabulary lists are keyed to Mark 1-4 to help students to integrate their vocabulary learning with a “real” Greek text. Reading & Translation. The goal of this grammar is to enable students to read and translate the Greek of the New Testament. Thus, the content is structured and tied to a specific Greek text to enable reading as soon as possible. The student will have read and translated the whole of Mark 1-4 by the end of the course. The accompanying Reading Biblical Greek Workbook is a vital part of the approach. It breaks up the text of Mark 1-4 into manageable portions and provides vocabulary and grammatical assistance as required. While Reading Biblical Greek only introduces students to information that is essential to grasp of the fundamentals of the Greek language, it is informed by the latest and best of Greek and linguistic scholarship, enabling students to move seamlessly to further study.

The Analytical Lexicon to the Greek New Testament B&H Publishing Group
A 6-DVD set, Basics of Biblical Greek Video Lectures features an integrated approach to learning New Testament Greek, turning it into a natural process and showing from the start how an

understanding of the language helps in better comprehending the New Testament. This DVD set features 36 lessons, each twenty to thirty-five minute, for each chapter in Basics of Biblical Greek Grammar. Useful as a complement to the book or as a standalone resource, the lectures are perfect for formal Greek language students who miss a classroom lecture or want additional help in their learning; instructors wanting to devote classroom time to drills and exercises, providing a lecture tool students can watch on their own time; homeschool parents and students; and self-taught students of biblical Greek alike.

Basics of Biblical Greek Vocabulary Cards
Zondervan

This expanded and updated workbook is designed with the student in mind and intended for use with the standard-setting Basics of Biblical Greek Grammar textbook, now in its fourth edition. Two optional chapters have been added to the Basics of Biblical Greek Workbook, allowing students to read large chunks of the biblical text and enjoy the fruits of their labor faster than ever before. Each chapter is divided into six sections and includes extensive exercises and significant biblical passages for translation. One of the most helpful and unique

features of the workbook remains. You can go through the workbook on one of two tracks: Track One follows the workbook (and textbook) in its regular order, while Track Two is organized so you can learn verbs earlier in the course.

Mounce's Complete Expository Dictionary of Old and New Testament Words Zondervan Academic

This easy-to-understand book includes everything you need to learn Biblical Aramaic, including a lexicon of Biblical Aramaic, the complete annotated text of all 269 Bible verses written in Aramaic, and a downloadable grammar workbook with chapter exercises and answer key.

A Grammar with Exercises Zondervan
For years, Vine's Expository Dictionary has been the standard word study tool for pastors and laypeople, selling millions of copies. But sixty-plus years of scholarship have shed extensive new light on the use of biblical Greek and Hebrew, creating the need for a new, more accurate,

more thorough dictionary of Bible words. William Mounce, whose Greek grammar has been used by more than 100,000 college and seminary students, is the editor of this new dictionary, which will become the layperson's gold standard for biblical word studies. Mounce's is ideal for the reader with limited or no knowledge of Greek or Hebrew who wants greater insight into the meanings of biblical words to enhance Bible study. It is also the perfect reference for busy pastors needing to quickly get at the heart of a word's meaning without wading through more technical studies. What makes Mounce's superior to Vine's? The most accurate, in-depth definitions based on the best of modern evangelical scholarship. Both Greek and Hebrew words are found under each English entry (Vine's separates them). Employs both Strong's and G/K numbering systems (Vine's only uses Strong's). Mounce's accuracy is endorsed by leading scholars

The Greek and Hebrew for the Rest of Us Pack contains everything you need to learn the essentials of biblical Greek and Hebrew so you can use more advanced Bible study tools. The pack includes the textbooks Greek for the Rest of Us and Hebrew for the Rest of Us, a corresponding set of video lectures for each book, and a laminated study sheet for Greek.

Learn to Read New Testament Greek Harper Collins

Verbal aspect in the Greek language has been a topic of significant debate in recent scholarship. The majority of scholars now believe that an

understanding of verbal aspect is even more important than verb tense (past, present, etc.). Until now, however, there have been no accessible textbooks, both in terms of level and price (most titles on the topic retail for more than \$100). In this book, Constantine Campbell investigates the function of verbal aspect within the New Testament Greek narrative. He has done a marvelous job in this book of simplifying the concept without getting caught up using terms of linguistics that no one except those schooled in that field can understand. The book includes exercises, an answer key, glossary of key concepts, an appendix covering space and time, and an index to Scripture cited. Professors and students, at both the undergraduate and graduate levels, will use this as a supplemental text in both beginning and advanced Greek courses. Pastors that

study the Greek text will also appreciate this resource as a supplement to their preaching and teaching.

Second Edition Zondervan Academic

If you'd love to learn Greek so you can study your Bible better, then this newly revised second edition of Greek for the Rest of Us is for you. Developed by renowned Greek teacher William Mounce, this revolutionary crash-course on "Greek for the rest of us" will acquaint you with the essentials of the language and deepen your understanding of God's Word. You'll gain a sound knowledge of Greek, and you'll learn how to use tools that will add muscle to your Bible studies. This book is divided into three major sections (Foundational Greek, Church Greek, and Functional Greek), each of which builds on the

previous section and takes you to the next level. Depending on which levels you take, the book will teach you how to: Read and pronounce Greek words Learn the fundamentals of the Greek noun and verb system Conduct effective Greek word studies Learn the basics of Greek exegesis for biblical interpretation Decipher why translations are different Read better commentaries Be comfortable using reverse and traditional interlinears Understand the information displayed by biblical software

Basics of Biblical Greek

Zondervan Academic

The purpose behind this book is to show that Greek is very regular in the way it forms words--if you know the rules. It explains why Greek words do what they do, in a way that second-year Greek students can understand. Can be used with the author's Analytical Lexicon

to the Greek New Testament.

An Introduction to Biblical Greek Workbook Zondervan

The Basics of New Testament Syntax provides concise, up-to-date guidance for intermediate Greek students to do accurate exegesis of biblical texts. Abridged from Greek Grammar Beyond the Basics: An Exegetical Syntax of the New Testament, the popular exegetical Greek grammar for studies in Greek by Daniel B. Wallace, The Basics of New Testament Syntax offers a practical grammar for second-year students. The strengths of this abridgment will become quickly apparent to the user:• It shows the relevance of syntax for exegesis and is thoroughly cross-referenced to Exegetical Syntax. • It includes an exceptional number of categories useful for intermediate Greek studies. • It is easy to use. Each semantic category is discussed, and a definition and key to identification are provided. • Scores of charts and tables are included to enable the intermediate student to grasp the material quickly.
