Basics of Biblical Hebrew Zondervan Academic  
Biblical Hebrew Vocabulary in Context by Miles V. Van Pelt and Gary D. Pratico is a biblical Hebrew language resource designed to reinforce a student's basic vocabulary by reading words that occur fifty times or more in the context of the Hebrew Bible. All 642 of these Hebrew words have been collated into 195 key biblical verses and/or verse fragments to help students practice and retain their Hebrew vocabulary. In lieu of rote memorization, Biblical Hebrew Vocabulary in Context reinforces essential vocabulary by

reading words in the context of the Hebrew Bible. The book includes two primary sections. The first section provides room for students to write their own glosses of the biblical verse and to parse as they feel necessary. An English translation is also provided and any term that appears less than fifty times is glossed. Proper names are identified with gray text. The second section of the book provides the same biblical verses from the first section but with minimal room to write glosses and parse and without an English translation for aid. The end of the book includes a Hebrew-English lexicon of all the words occurring fifty times or more in the Hebrew Bible.
