The exhilarating, genre-bending sequel to the sensational New York Times bestseller *City of Dark Magic* "If you're looking for a time-travel mystery with laughs, danger, and a romantic interest clad in lederhosen (and who isn't?), look no further." —People (4 Stars) In this action-packed sequel to *City of Dark Magic*, we find musicologist Sarah

Weston in Vienna in search of a cure for her friend Pollina, who is now gravely ill and who may not have much time left. Meanwhile, Nicolas Pertusato, in London in search of an ancient alchemical cure for the girl, discovers an old enemy is one step ahead of him. In Prague, Prince Max tries to unravel the strange reappearance of a long dead saint while being pursued by a seductive red-headed historian with dark motives of her own. In

the city of Beethoven, Mozart, and Freud, Sarah becomes the target in a deadly web of intrigue that involves a scientist on the run, stolen art, seductive pastries, a few surprises from long-dead alchemists, a distractingly attractive horseman who's more than a little bloodthirsty, and a trail of secrets and lies. But nothing will be more dangerous than the brilliant and vindictive villain who seeks to bend time itself. Sarah must travel deep into an

The Sixth Book of the epic Malazan Book of the Fallen from bestselling author Steven Erikson. In *The Bonehunters*, in the ever decimating Malazan Empire, a war is brewing between mortal and immortals, gods and mages, that will decide once and for all who shall exist and who shall perish. The Seven Cities Rebellion has been crushed. Sha'ik is dead. One last rebel force remains, holed up in the city of Y'Ghatan and under the fanatical command of

Leoman of the Flails. The prospect of laying siege to this ancient fortress makes the battle-weary Malazan 14th Army uneasy. For it was here that the Empire's greatest champion Dassem Ultor was slain and a tide of Malazan blood spilled. A place of foreboding, its smell is of death. But elsewhere, agents of a far greater conflict have made their opening moves. The Crippled God has been granted a place in the pantheon, a schism threatens and sides must be chosen. Whatever each god decides, the ground-rules have changed, irrevocably, terrifyingly and the first blood spilled will be in the

mortal world. A world in which a host of characters, familiar and new, including Heboric Ghost Hands, the possessed Apsalar, Cutter, once a thief now a killer, the warrior Karsa Orlong and the two ancient wanderers Icarium and Mappo--each searching for such a fate as they might fashion with their own hands, guided by their own will. If only the gods would leave them alone. But now that knives have been unsheathed, the gods are disinclined to be kind. There shall be war, war in the heavens. And, the prize? Nothing less than existence itself... Here is the stunning new chapter in Steven

Memories of Ice Bauchelain and Korbal Broach Things are going all too well in the city of Quaint. So well, in fact, that something has to be done. The zeal for goodness can be catastrophic, and no-one knows this better than Bauchelain and Korbal Broach, two stalwart champions of all things bad. For the innumerable citizens of Quaint, driven to neurotic distraction and overwhelmed with good living, desperation breeds nefarious bed-mates, and before long the two

homicidal necromancers - and their beleaguered and substance-addled manservant, Emancipor Reese - find themselves ensnared in a scheme to bring goodness into disrepute, if not utter ruination. To Reese's bemusement, laudable motivations are, in a bizarre twist, uncharacteristically relevant to Master Bauchelain, although, of course, the payment of a chest filled with gold helps. Even so, sometimes, it turns out, one must bring down civilization... in the name of civilization.

### Gardens of the Moon

Bantam

A thrilling, harrowing novel

of war, intrigue and dark, uncontrollable magic, Toll the Hounds is the new chapter in Erikson's monumental series - epic fantasy at its most imaginative and storytelling at its most exciting. In Darujhistan, the city of blue fire, it is said that love and death shall arrive dancing. It is summer and the heat is oppressive, but for the small round man in the faded red waistcoat, discomfiture is not just because of the sun. All is not well. Dire portents plague his nights and haunt the city streets like fiends of

---

shadow. Assassins skulk in alleyways, but the quarry has turned and the hunters become the hunted. Hidden hands pluck the strings of tyranny like a fell chorus. While the bards sing their tragic tales, somewhere in the distance can be heard the baying of Hounds...And in the distant city of Black Coral, where rules Anomander Rake, Son of Darkness, ancient crimes awaken, intent on revenge. It seems Love and Death are indeed about to arrive...hand in hand, dancing. At the Publisher's request, this title

is being sold without Digital Rights Management Software (DRM) applied. **Toll the Hounds** Del Rey Vast legions of gods, mages, humans, dragons and all manner of creatures play out the fate of the Malazan Empire in this first book in a major epic fantasy series The Malazan Empire simmers with discontent, bled dry by interminable warfare, bitter infighting and bloody confrontations with the formidable Anomander Rake and his Tiste Andii,

ancient and implacable sorcerers. Even the imperial legions, long inured to the bloodshed, yearn for some respite. Yet Empress Laseen's rule remains absolute, enforced by her dread Claw assassins. For Sergeant Whiskeyjack and his squad of Bridgeburners, and for Tattersail, surviving cadre mage of the Second Legion, the aftermath of the siege of Pale should have been a time to mourn the many dead. But

---

Darujhistan, last of the Free Cities of Genabackis, yet holds out. It is to this ancient citadel that Laseen turns her predatory gaze. However, it would appear that the Empire is not alone in this great game. Sinister, shadowbound forces are gathering as the gods themselves prepare to play their hand... Conceived and written on a panoramic scale, Gardens of the Moon is epic fantasy of the highest order--an enthralling adventure by an

outstanding new voice. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. The Second Collected Tales of Bauchelain & Korbal Broach Tor Books

And it must be only a matter of time before they too fall--either beneath the suffocating weight of gold, or by slaughter at the edge of a sword. Or so destiny has decreed. Yet as the two sides gather for a pivotal treaty neither truly wants, ancient forces are awakening. For the impending struggle between these two peoples is but a pale reflection of a far more

profound, primal battle--a confrontation with the still-raw wound of an old betrayal and the craving for revenge at its seething heart. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The conclusion to Ian C. Esslemont's epic fantasy Path to Ascendancy trilogy--a prequel story set in the New York Times bestselling Malazan

Empire series--co-created by Steven Erikson. The incessant war between the bickering city states of Quon Tali rages. So engrossed are the warring lords and princes in their own petty feuds that few notice that an upstart mage from Dal Hon has gained control of the southern seas. Kellanved could not care less about any of this petty politicking or strategy or war. Something other and altogether more mysterious has caught his

---

attention and he - together with a reluctant and his decidedly skeptical friend Dancer - traverse continents and journey through the Realms. But this ancient mystery that has so captivated Kellanved is neither esoteric nor ephemeral. It involves the Elder races themselves, and more alarmingly, the semi-mythic Army of Dust and Bone. Surely no one in their right mind would be so foolish as to embark on a journey from which none

have returned? Well, no one except Kellanved. Return of the Crimson Guard Tor Books The Fiends of Nightmaria is a new novella from New York Times bestselling author Steven Erikson, set in the world of the

Malazan Book of the Fallen. The king is dead, long live King Bauchelain the First, crowned by the Grand Bishop Korbal Broach. Both are, of course, ably assisted in the running of the Kingdom of Farrog by their slowly unravelling servant, Emancipor Reese. However, tensions are mounting between Farrog and the neighboring country of Nightmaria, the mysterious home of the Fiends. Their ambassador, Ophal D Neeth Flatroq,

seeks an audience with King Bauchelain, who has thus far rebuffed his overtures. But the necromancer has some other things on his plate. To quell potential rebellion nearly all the artists, poets, and bards in the city have been put to death. A few survivors languish in the dungeons, bemoaning their fates. Well, just moaning in general really...and maybe plotting escape and revenge. At the Publisher's request, this title is being sold
