Baylis Strategy In The Contemporary  
Strategy in the Contemporary World looks at the development of strategy, considering the role of military power in the contemporary world, and assessing the future of strategy in light of fast-paced technological change. The fourth edition looks at issues from both times of war and of peace, analysing both conflicts themselves, and the on-going debates about what can be learned from them.

Introduction ...  
Abstract. Strategy in the  
Contemporary World presents  
an introduction to the role of  
military power in today's  
world. This edition explores  
both the enduring and  
historical issues which have  
shaped the study of strategy  
and the contemporary issues  
that dominate today's  
headlines. The new edition has  
been updated to reflect the  
changing structure of global  
politics and rapid technological  
developments, with the  
inclusion of four new chapters  
on the history of the practice of  
strategy ...
