Academy has produced an online  
guide to subtitling. If you are new  
to subtitling, please start there.  
Subtitles are primarily intended  
to serve viewers with loss of  
hearing, but they are used by a

Another good example of a  
style guide is BBC's Global

considered design principles.

Consistency in website design  
matter a lot. Give your  
attention to match design  
elements throughout each of  
the pages. It can be understood  
that your fonts, sizes, headings,  
sub-headings, and button styles  
must be the same throughout  
the website. Plan everything in  
advance.
