Caroline House "Reflections on the Pool" spotlights forty stellar examples of pool design, ranging from the nature-inspired designs of Isabelle Greene to the vanguard mid-century pools of Thomas Church and the brilliant Mexican-style architecture of Ricardo Legorreta, plus popular tourist sites. The Australian Official Journal of Trademarks editorips@usp.ac.fj George Orwell provides a vivid and unflinching portrayal of working-class life in Northern England during the 1930s. Through his own experiences and meticulous investigative reporting, Orwell exposes the harsh living conditions, poverty, and social injustices faced by coal miners and other industrial workers in the region. He

documents their struggles with unemployment, poor housing, and inadequate healthcare, as well as the pervasive sense of hopelessness and despair that permeates their lives. In the second half of the *The Road to Wigan Pier* Orwell delves into the complexities of political ideology, as he grapples with the shortcomings of both socialism and capitalism in addressing the needs of the working class. GEORGE ORWELL was born in India in 1903 and passed away in London in 1950. As a journalist, critic, and author, he was a sharp commentator on his era and its

political conditions and consequences. Moonshiners Manual Univ. of Queensland Press

“In the well-written, laugh-out-loud, self-deprecating spirit of Bill Bryson’s *A Walk In the Woods* and Nora Ephron’s *When Harry Met Sally*, Dan White takes us along for a walk on the wild side of adventure and love. I couldn’t put it down.” —Eric Blehm, National Outdoor Book Award-winning author of *The Last*

Season When Dan White and his girlfriend Melissa set out to hike the Pacific Crest Trail, which stretches from Mexico to Canada through boiling desert and snowcapped mountain passes, his parents wondered how two people who had never shared an apartment could survive in a tent in the desert. But when Dan and Melissa, dubbed “The Lois and Clark Expedition” by a fellow hiker, quit their doldrum jobs to set out into the wilderness, the hardships of the trail provided these addled adventurers with a

crystalline view of the American wilderness, themselves, and each other. In his wickedly funny memoir, Dan White also shares the story of Warren Rogers, who risked ruin to chart the trail during the Great Depression. As he walks in Rogers’ footsteps, he starts to wonder if he’s assumed the man’s bravery—or his insanity. Both hilarious and harrowing, this account of a young couple’s hike along the 2,650-mile Pacific Crest Trail is a testament to the power of nature to change us and the

power of love to get us through the uphill climbs. The Wally Phillips People Book Routledge

Build the Instant Catboat Harper Collins
Selected by The New York Times

Book Review as a Notable Book of the Year A revelatory tale of science, adventure, and modern myth. When the writer Donovan Hohn heard of the mysterious loss of thousands of bath toys at sea, he figured he would interview a few oceanographers, talk to a few beachcombers, and read up on Arctic science and geography. But questions can be like ocean currents: wade in too far, and they carry you away. Hohn's accidental odyssey pulls him into the secretive world of shipping conglomerates, the daring work of Arctic researchers, the lunatic risks of maverick sailors,

and the shadowy world of Chinese toy factories. *Moby-Duck* is a journey into the heart of the sea and an adventure through science, myth, the global economy, and some of the worst weather imaginable. With each new discovery, Hohn learns of another loose thread, and with each successive chase, he comes closer to understanding where his castaway quarry comes from and where it goes. In the grand tradition of Tony Horwitz and David Quammen, *Moby-Duck* is a compulsively readable narrative of whimsy and curiosity.
