In his Nautilus Award-winning classic *Touching Spirit Bear*, author Ben Mikaelson delivers a powerful coming-of-age

story of a boy who must overcome the effects that violence has had on his life. After severely injuring Peter Driscall in an empty parking lot, mischief-maker Cole Matthews is in major trouble. But instead of jail time, Cole is given another option: attend Circle Justice, an alternative program that sends juvenile offenders to a remote Alaskan Island to focus on changing their ways. Desperate to avoid prison, Cole fakes humility and agrees to go. While there, Cole is mauled by a mysterious white bear and left for dead. Thoughts of

his abusive parents, helpless destroy, or lead to healing. Peter, and his own anger cause him to examine his actions and seek redemption—from the spirit bear that attacked him, from his victims, and, most importantly, from himself. Ben Mikaelson paints a vivid picture of a juvenile offender, examining the roots of his anger without absolving him of responsibility for his actions, and questioning a society in which angry people make victims of their peers and communities. *Touching Spirit Bear* is a poignant testimonial to the power of a pain that can

Get it now. Praise for *City of Storms* “Richly textured and fabulously conceived. Ross drapes a tense political thriller in a trench coat of dark fantasy. Readers should expect the unexpected.” –Kirkus Reviews
“I’m not prone to bouts of effusiveness but I couldn’t gush enough about Kat Ross’s books, I enjoy them so much. This one has a Slavic feel, which was really interesting to me, and I loved the rainy city of Novostopol (also the map illustration is gorgeous). Added to the unique setting and fantasy elements are Ross’s usual mix of great characters, a

twisty-turny plot, romance and a touch of humour. I already can't wait for Book 2!" –Evelyn, Goodreads "I loved the setting, which is technologically advanced yet progress is suppressed - it gave it a 1930's noir feel. I'd compare it favourably to the 'tsarpunk' of the Grishaverse. Relatable characters and fast-paced and well-thought-out action drive this story along and have me eagerly awaiting the sequel." –A. Adler, Goodreads "A masterpiece of magical fantasy which mixes its unique concepts into the darkest psychology of the human mind

and its most base physical desires and emotions. Action, excitement, and darkness in all the right places. An unmissable and original read." –K.C. Finn for Readers Favorite, 5 Stars "A rousing adventure [and] skillful fusion of history, fantasy, and religion. It contains word paintings with arresting beauty and a three-dimensional character that is torn between duty and loyalty. I definitely recommend *City of Storms* for its unique twists, turns, and brilliant storyline." –Vincent Dublado for Readers Favorite, 5 Stars *Crossing the Black Ice Bridge*

World's Best Hobby is an unusual title for a memoir, which is exactly what this book is. It's my life in the fascinating hobby of Amateur Radio. Much of my professional life is spent producing documentary and reality programs for television (including more than a few about Ham

Radio) where I learned that the purpose of a title is to attract an audience and if it was also true, all the better. The challenge with documentary films is to make them entertaining first and foremost, and informational if possible. I've tried very hard to make this book entertaining, and from feedback I've gotten (from Hams and wannabee Hams who found it posted online as I was writing it) I've succeeded, at least to some extent. I tried to make the book fun because Ham Radio

is fun. And Ham Radio has more facets than a cheap diamond, as you'll discover as you dig into World's Best Hobby. Enjoy! PS. Let me know what you think of World's Best Hobby – especially if you like it. 73, Dave Bell, W6AQ

This is the first volume in the Wall Street Journal best selling series of true stories from "an extraordinary landscape populated with befuddled bears, hormonally-crazed elk, homicidal wild boars, hopelessly timid

wolves, and nine million tourists, some of whom are clueless." "In this remarkable journey, Mark Woods captures the essence of our National Parks: their serenity and majesty, complexity and vitality--and

their power to heal." --Ken Burns Many childhood summers, Mark Woods piled into a station wagon with his parents and two sisters and headed to America's national parks. Mark's most vivid childhood memories are set against a backdrop of mountains, woods, and fireflies in places like Redwood, Yosemite, and Grand Canyon national parks. On the eve of turning fifty and a little burned-out, Mark decided to reconnect with the great outdoors. He'd spend a year visiting the national parks. He planned to take his mother to a park she'd

not yet visited and to re-create his childhood trips with his wife and their iPad-generation daughter. But then the unthinkable happened: his mother was diagnosed with cancer, given just months to live. Mark had initially intended to write a book about the future of the national parks, but *Lassoing the Sun* grew into something more: a book about family, the parks, the legacies we inherit and the ones we leave behind.
