Since his girlfriend broke up with him last summer, Sean's been on a starvation diet where girls are concerned. However, he's got other things on his mind. Like how to stop the soon-to-be-born family addition from stealing his room and

making him share with his evil twin sister. When Coop suggests making a cheap-ass horror film to bring in the bucks he's a bit sceptical, but Coop is nothing if not persuasive . . . 'Zonkey!' (a tale of 'half-man, half-monkey drones that mutate into hairy uncontrollable zombie-monsters with a thirst for human blood') is born. Join Coop, Sean and Matt in this hilarious sequel to SWIM THE FLY and BEAT THE BAND.

In this collection of essays about well-

known (and some not-so-well-known) Western waters, author Tom Alkire blends how-to, where-to, and natural history with lyrical prose and a deep insight that only comes with knowing a place well. From rainforest rivers to desert rivers, from tidal rivers to those along the Continental Divide, the author has waded and fished these waters over the decades. Along with his fishing adventures, the book also looks at the geography, the early explorers of, and the modern-day impacts on the rivers themselves.

Golding 's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one

of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

A Penguin Classics Deluxe Edition of a counterculture classic, and the inspiration for the new Netflix original series *Ratched*, with a foreword by Chuck Palahniuk Boisterous, ribald, and ultimately shattering, Ken Kesey ' s 1962 novel has left an indelible mark on the literature of our time. Now in a new deluxe edition with a foreword by Chuck Palahniuk and cover by Joe Sacco, here is the unforgettable story of a mental ward and its inhabitants, especially the tyrannical Big Nurse *Ratched* and Randle Patrick McMurphy, the brawling, fun-loving new inmate who resolves to oppose her. We see the struggle through the eyes of Chief Bromden, the seemingly mute half-Indian patient who witnesses and understands McMurphy ' s heroic attempt to do battle with the powers that keep them all imprisoned. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across

genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Hiroshima is the story of six people—a clerk, a widowed seamstress, a physician, a Methodist minister, a young surgeon, and a German Catholic priest—who lived through the greatest single manmade disaster in history. In vivid and indelible prose, Pulitzer Prize – winner John Hersey traces the stories of these half-dozen individuals from 8:15 a.m. on August 6, 1945, when Hiroshima was destroyed by the first atomic bomb ever dropped on a city, through the hours and days that followed. Almost four decades after the original publication of this celebrated book, Hersey went back to Hiroshima in search of the people whose stories he had told, and his account of what he discovered is now the eloquent and moving final chapter of *Hiroshima*. Dan Versus Nature BEYOND BOOKS HUB *Life of Pi* is a masterful and utterly original novel that is at once the story of a young castaway who faces immeasurable hardships on the high seas, and a meditation on religion, faith, art and life that is as witty as it

is profound. Using the threads of all of our best stories, Yann Martel has woven a glorious spiritual adventure that makes us question what it means to be alive, and to believe.

Three adolescent boys with a single goal: see a real live naked girl. The result? Razor-sharp, rapid-fire, and raunchy, of course. And beyond hilarious. Fifteen-year-old Matt Gratton and his two best friends, Coop and Sean, always set themselves a summertime goal. This year's? To see a real-live naked girl for the first time -- quite a challenge, given that none of the guys has the nerve to even ask a girl out on a date. But catching a girl in the buff starts to look easy compared to Matt's other summertime aspiration: to swim the 100-yard butterfly (the

hardest stroke known to God or man) as a way to impress Kelly West, the sizzling new star of the swim team. In the spirit of Hollywood 's blockbuster comedies, screenwriter-turned-YA-novelist Don Calame unleashes a true ode to the adolescent male: characters who are side-splittingly funny, sometimes crude, yet always full of heart.

Make no mistake: Our founding fathers were more bandanas-and-muscles than powdered-wigs-and-tea. As a prisoner of war, Andrew Jackson walked several miles barefoot across state lines while suffering from smallpox and a serious head wound received when he refused to polish the boots of the soldiers who had taken him captive. He was thirteen years old. A few

decades later, he became the first popularly elected president and served the nation, pausing briefly only to beat a would-be assassin with a cane to within an inch of his life. Theodore Roosevelt had asthma, was blind in one eye, survived multiple gunshot wounds, had only one regret (that there were no wars to fight under his presidency), and was the first U.S. president to win the Medal of Honor, which he did after he died. Faced with the choice, George Washington actually preferred the sound of bullets whizzing by his head in battle over the sound of silence. And now these men—these hallowed leaders of the free world—want to kick your ass. Plenty of historians can tell you which president had the most effective economic strategies, and which president helped shape our current political parties, but can any of them tell you what to do if you encounter Chester A. Arthur in a bare-knuckled boxing fight? This book will teach you how to be better, stronger, faster, and more deadly than the most powerful (and craziest) men in history. You 're welcome.

From screenwriter Don Calame comes

another outrageously funny and raunchy tale of teen boys whose plans go awry -- this time, on a survivalist camping trip. Shy and scrawny Dan Weekes spends his time creating graphic novels inspired by his dream girl and looking out for his mom as she dates every man in the state of California. Then his mom drops a bomb: she and her latest beau, Hank, are engaged, and she's sending her "two favorite men" on a survivalist camping trip to "bond." Determined to trick Hank into showing his true -- flawed -- colors on the trip, Dan and his nerdy germaphobe best friend, Charlie, prepare a series of increasingly gross and embarrassing pranks. But the boys hadn't counted on a hot girl joining their trip or on getting separated from their wilderness guide--not to mention the humiliating injuries Dan suffers in the course of terrorizing his stepdad-to-be. With a man-hungry bear on their trail, no supplies, and a lot of unpleasant itching going on, can Dan see his plan through now that his very survival depends on Hank?

Narrative of the Life of Frederick Douglass
First published in 1845, Narrative of the Life of Frederick Douglass is an eye-opening

depiction of American slavery. Part autobiography, part human-rights treatise, it describes the everyday horrors inflicted on captive laborers, as well as the strength and courage needed to survive. Narrative of the Life of Frederick Douglass Born into slavery on a Maryland plantation in 1818, Frederick Douglass spent years secretly teaching himself to read and write—a crime for which he risked life and limb. After two failed escapes, Douglass finally, blessedly boarded a train in 1838 that would eventually lead him to New York City and freedom. Narrative of the Life of Frederick Douglass Few books have done more to change America's notion of African Americans than this seminal work. Beyond its historical and social relevancy, it is admired today for its gripping stories, the intensity of spirit, and heartfelt humanity. Narrative of the Life of Frederick Douglass This ebook has been professionally proofread to ensure accuracy and readability on all devices. Narrative of the Life of Frederick Douglass Born into a life of bondage, Frederick Douglass secretly taught himself to read and write. It was a crime punishable by death, but it resulted in one of the most eloquent indictments of slavery ever

recorded. His gripping narrative takes us into the fields, cabins, and manors of pre – Civil War plantations in the South and reveals the daily terrors he suffered. Narrative of the Life of Frederick Douglass Written more than a century and a half ago by a Black man who went on to become a famous orator, U.S. minister to Haiti, and leader of his people, this timeless classic still speaks directly to our age. It is a record of savagery and inhumanity that goes far to explain why America still suffers from the great injustices of the past. Narrative of the Life of Frederick Douglass

Over the past century, our species has made unprecedented technological innovations with which we have sought to control nature. From river levees to enormous one-crop fields, we continue to try to reshape nature for our purposes - so much so it seems we may be in danger of destroying it. In A Natural History of the Future, biologist Rob Dunn argues that nothing could be further from the truth: rather than asking whether nature will survive us, better to ask whether we will survive nature. Despite our best - or worst - efforts to control the biological world, life has its own rules, and no amount of human tampering can rewrite them. Elucidating several fundamental laws of ecology, evolution, and biogeography, Dunn shows why life cannot be stopped. We sequester our crops on monocultured

fields, only to find new life emerging to attack them. We dump toxic waste only to find microbes to colonize it. And even in the London Tube, we have seen a new species of mosquito emerge to take advantage of an apparently inhospitable habitat. Life will not be repressed by our best-laid plans. Instead, Dunn shows us a vision of the biological future and the challenges the next generations could face. A Natural History of the Future sets a new standard for understanding the diversity of life and our future as a species.

Get ready for riffs on hot girls, health class, and social hell! The outrageously funny boys from Swim the Fly return to rock their sophomore year. In this hilarious sequel to Swim the Fly, told from Coop's point of view, it's the beginning of the school year, and the tenth-grade health class must work in pairs on semester-long projects. Matt and Sean get partnered up (the jerks), but Coop is matched with the infamous "Hot Dog" Helen for a presentation on safe sex. Everybody's laughing, except for Coop, who's convinced that the only way to escape this social death sentence is to win "The Battle of the Bands" with their group, Arnold Murphy's Bologna Dare. There's just one

problem: none of the guys actually plays an instrument. Will Coop regain his "cool" before it ' s too late? Or will the forced one-on-one time with Helen teach him a lesson about social status he never saw coming? With ribald humor and a few sweet notes, screenwriter-turned-novelist Don Calame once again hits all the right chords.
