"Like Truman Capote, Allison Burnett knows how to pull up a chair and whisper a juicy story into his lucky reader's ear. Death By Sunshine is a quickly-paced tale inhabited by fascinating and funny creatures." - Nell Scovell, Vanity Fair "In this age when the genuine comic novel seems to be an extinct species, Allison Burnett gives us reason to rejoice. Death By Sunshine is a return trip to the world of B.K. Troop, one of the most appealing characters ever put on a page." - Charles Busch, author of *The Tale of the Allergist's Wife* and *Die, Mommie, Die!* "Death by Sunshine is classic Burnett: hilarious, gut-wrenching, and entirely entertaining. He takes us on a journey across the country into the darkest recesses of the human psyche - with a few detours into the excesses of the human flesh along the way. A terrific read!" - Claire LaZebnik, author of *Epic Fail* and *Families and Other Non-Returnable Gifts* "B.K. Troop is that rarest find: an unexpected and entirely engaging new character." - *Seduced by a Literary Original* by Robin

heartbreaking, and utterly romantic tale gets a great new cover! Ginny Blackstone never thought she'd spend her summer vacation backpacking across Europe. PART MEMOIR AND PART ELEGY, READING MY FATHER IS THE STORY OF A DAUGHTER COMING TO KNOW HER FATHER AT LAST— A GIANT AMONG TWENTIETH-CENTURY AMERICAN NOVELISTS AND A MAN WHOSE DEVASTATING DEPRESSION DARKENED THE FAMILY LANDSCAPE.
In *Reading My Father*, William Styron's youngest child explores the life of a fascinating and difficult man whose own memoir, *Darkness Visible*, so searingly chronicled his battle with major depression. Alexandra Styron's parents—the Pulitzer Prize-winning author of *Sophie's Choice* and his political activist wife, Rose—were, for half a century, leading players on the world's cultural stage. Alexandra was raised under both the halo of her father's brilliance and the long shadow of his troubled mind. A drinker, a carouser, and above all "a high priest at the altar of fiction," Styron helped define the concept of *The Big Male Writer* that gave so much

of twentieth-century American fiction a muscular, glamorous aura. In constant pursuit of The Great Novel, he and his work were the dominant force in his family's life, his turbulent moods the weather in their ecosystem. From Styron's Tidewater, Virginia, youth and precocious literary debut to the triumphs of his best-known books and on through his spiral into depression, Reading My Father portrays the epic sweep of an American artist's life, offering a ringside seat on a great literary generation's friendships and their dramas. It is also a tale of filial love, beautifully written, with humor, compassion, and grace.

On an expedition in the Canadian Rockies at the end of the nineteenth century, Dr Edward Byrne slips and falls almost 60 feet into a crevasse on the Arcturus Glacier. While trapped, hanging upside down and wary that the slightest movement could send him plunging deeper into the abyss, Byrne notices a mysterious winged figure embedded in the ice wall. The vision shakes his sanity, and after his recovery continues to haunt him until he abandons his fiancée and his medical practice in England and returns to a lonely vigil in a shack near the spot on the ice where he almost lost his life. His spirit trapped, he seeks the truth by questioning closely the strange characters that cross his path and meticulously recording the advance and decline of the myths and legends of an early settlement and is transformed by the coming of the railroad into a thriving tourist

centre - with an impact as far away as the battlefields for the First World War.

Technical standards are ubiquitous in the modern networked economy. They allow products made and sold by different vendors to interoperate with little to no consumer effort and enable new market entrants to innovate on top of established technology platforms. This groundbreaking volume, edited by Jorge L. Contreras, assesses and analyzes the legal aspects of technical standards and standardization. Bringing together more than thirty leading international scholars, advocates, and policymakers, it focuses on two of the most contentious and critical areas pertaining to standards today in key jurisdictions around the world: antitrust/competition law and patent law. (A subsequent volume will focus on international trade, copyright, and administrative law.) This comprehensive, detailed examination sheds new light on the standards that shape the global technology marketplace and will serve as an indispensable tool for scholars, practitioners, judges, and policymakers everywhere.

Weaving together the lives of blacks and whites, racists and civil rights advocates, and the events of peaceful protest and violent repression, Sena Jeter Naslund

Combining political activism with single parenting and night-school teaching, African American Christine Taylor discovers she must heal her own bruised heart to actualize meaningful social change. Inspired by the courage and commitment of the civil rights movement, the child Edmund Powers embodies hope for future change. This is a dictionary of Cebuano Visayan, the language of the central part of the Philippines and much of Mindanao. Although the explanations are given in English, the aim of this work is not to provide English equivalents but to explain Cebuano forms in terms of themselves. It is meant as a reference work for Cebuano speakers and as a tool for students of the Cebuano language. There is a total of some 25,000 entries and an addenda of 700 forms which were prepared after the dictionary had been composed. This dictionary is the product of eleven years work by more than a hundred persons. The work was edited by John Wolff but the sources are entirely native, and all illustrations are composed by native speakers. To date, this work probably represents the most authoritative dictionary of the Cebuano Visayan language.
