## **Half of a Yellow Sun**

Bantam

In a narrative that moves with dreamlike swiftness from India to England to Africa, Nobel Laureate V. S.

---

Naipaul has produced his finest novel to date, a bleakly resonant study of the fraudulent bargains that make up an identity. The son of a Brahmin ascetic and his lower-caste wife, Willie Chandran grows up sensing the hollowness at the core of his father's self-denial and vowing to live more authentically. That search takes him to the immigrant and literary bohemia of 1950s London, to a facile and unsatisfying career as a writer, and at last to a decaying Portuguese colony in East Africa, where he

finds a happiness he will then be compelled to betray.

Brilliantly orchestrated, at once elegiac and devastating in its portraits of colonial grandeur and pretension, *Half a Life* represents the pinnacle of Naipaul's career.

Half-life 2 Harcourt Released for the first time in paperback, this landmark social and political volume on feminism is credited with being responsible for raising awareness, liberating both sexes, and triggering major

advances in the feminist movement.

Reprint.

The Vanishing Half Random House

Live as a man. Die as a man. Become a man.

Yamatodamashii is roughly translated as Samurai Spirit or old spirit of Japan and has become synonymous with Enson Inoue. He was given this nickname by the Japanese people because of the way he carries himself inside and outside of the ring. This philosophy permeates throughout Enson's experiences, helping him gain a different perspective on life with

---

every new challenge that has come his way. He is the first World Shooto Heavyweight Champion, UFC fighter, Pride fighter, and pioneer of modern MMA. He gives an in-depth account of his philosophical insights and thrilling adventures both inside and outside the ring.

Optimism Little, Brown Books for Young Readers

A fireman in charge of burning books meets a revolutionary school teacher who dares to read. Depicts a future world in which all printed reading material is burned.

The Half-life of Happiness

Crown  
"[Casey] is an astute observer of the ruses as well as the private confrontations that govern our behavior." --The Washington Post Book World  
In *The Half-life of Happiness*, National Book Award winner John Casey brings us a family portrait rendered with masterful precision--and unwavering compassion. On a spring afternoon in Virginia, progressive attorney Mike Reardon strolls downtown Charlottesville feeling terrific. He surveys the elements in his appealing life: filmmaker wife Joss, his clever and canny

daughters, the bohemian characters that share his seven-acre haven on the Rivanna River. But Mike's blissful certainty is to be short-lived. A friend's suicide and Joss's affair with a mercurial woman turn Mike's world upside-down. Then Mike discovers the erotic quicksilver of the political campaign and so begins a farcical run for office that consumes all their lives. Here too--through Casey's brilliant rendering of Mike's sensitive, perceptive daughters--is the story of two children who grow up painfully aware of their parents' strengths and

---

weaknesses. Superbly plotted, buoyed with humor and hope, *The Half-life of Happiness* embraces the accidents and choices that shape our lives and the lives of those we love. "Riveting and beautifully written." --San Francisco Chronicle-Examiner "A major novelist at the top of his form, Casey captures not only the texture of individual lives, but the shape and momentum of all lives that begin with the best intentions, then stray off course. . . . A wise and forgiving book as well as an entertaining one." --Chicago Tribune

What does everyone in the modern world need to know? Renowned psychologist Jordan B. Peterson's answer to this most difficult of questions uniquely combines the hard-won truths of ancient tradition with the stunning revelations of cutting-edge scientific research. Humorous, surprising and informative, Dr. Peterson tells us why skateboarding boys and girls must be left alone, what terrible fate awaits those who criticize too easily, and why you should always pet a cat when you meet one on the street. What does the nervous

system of the lowly lobster have to tell us about standing up straight (with our shoulders back) and about success in life? Why did ancient Egyptians worship the capacity to pay careful attention as the highest of gods? What dreadful paths do people tread when they become resentful, arrogant and vengeful? Dr. Peterson journeys broadly, discussing discipline, freedom, adventure and responsibility, distilling the world's wisdom into 12 practical and profound rules for life. *12 Rules for Life* shatters the modern commonplaces of science, faith and human nature, while transforming and ennobling the mind and spirit of its readers.  
*12 Rules for Life* W. W.

The Oprah Magazine • NPR • Financial Times • New York • Independent (U.K.) • Times (U.K.) • Publishers Weekly • Library Journal • Kirkus Reviews • Booklist • Globe and Mail Her name was Henrietta Lacks, but scientists know her as HeLa. She was a poor Southern tobacco farmer who worked the same land as her slave ancestors, yet her cells—taken without her knowledge—became one of the most important tools in medicine: The first

“ immortal ” human cells grown in culture, which are still alive today, though she has been dead for more than sixty years. HeLa cells were vital for developing the polio vaccine; uncovered secrets of cancer, viruses, and the atom bomb ’ s effects; helped lead to important advances like in vitro fertilization, cloning, and gene mapping; and have been bought and sold by the billions. Yet Henrietta Lacks remains virtually unknown, buried in an unmarked grave. Henrietta ’ s family did not learn of her

“ immortality ” until more than twenty years after her death, when scientists investigating HeLa began using her husband and children in research without informed consent. And though the cells had launched a multimillion-dollar industry that sells human biological materials, her family never saw any of the profits. As Rebecca Skloot so brilliantly shows, the story of the Lacks family—past and present—is inextricably connected to the dark history of

---

experimentation on African Americans, the birth of bioethics, and the legal battles over whether we control the stuff we are made of. Over the decade it took to uncover this story, Rebecca became enmeshed in the lives of the Lacks family—especially Henrietta’s daughter Deborah. Deborah was consumed with questions: Had scientists cloned her mother? Had they killed her to harvest her cells? And if her mother was so important to medicine, why couldn’t

her children afford health insurance? Intimate in feeling, astonishing in scope, and impossible to put down, *The Immortal Life of Henrietta Lacks* captures the beauty and drama of scientific discovery, as well as its human consequences. Merckx Open Road Media *Kafka on the Shore* displays one of the world’s great storytellers at the peak of his powers. Here we meet a teenage boy, Kafka Tamura, who is on the run, and Nakata, an aging simpleton who is drawn to Kafka for reasons that he cannot fathom. As their

paths converge, acclaimed author Haruki Murakami enfolds readers in a world where cats talk, fish fall from the sky, and spirits slip out of their bodies to make love or commit murder, in what is a truly remarkable journey. *Becoming a Man* Open Road Media What is an authentic purpose of a man's life today? What does manhood have to do with purpose? How does a man discern the call of purpose? This is a book about the psychospiritual path to a meaningful, healthy and fulfilling manhood. It is written

---

for any man who is starting to question his life's purpose. It is written for the man who, as he is climbing the ladder of success, is starting to realize that the ladder is on the wrong wall. *Toward Manhood* is about the inevitable crisis of meaning and life direction that most men in modern culture will ultimately face. This book is based on psychological and spiritual principles lost in the modern Western world that still endure after thousands of years. Using archetypal puberty initiation rituals that have always led toward a purposeful life *Toward Manhood*

translates this indigenous practice into a modern understanding of healthy psychological and spiritual maturity. The old and the new come together in this book to create a modern model of manhood that is worthy of the inner pain and struggle it takes to brave the wilderness of the soul's identity.

United States of America—the first African American to serve in that role—she helped create the most welcoming and inclusive White House in history, while also establishing herself as a powerful advocate for women and girls in the U.S. and around the world, dramatically changing the ways that families pursue healthier and more active lives, and standing with her husband as he led America through some of its most harrowing moments. Along

the way, she showed us a few dance moves, crushed Carpool Karaoke, and raised two down-to-earth daughters under an unforgiving media glare. In her memoir, a work of deep reflection and mesmerizing storytelling, Michelle Obama invites readers into her world, chronicling the experiences that have shaped her—from her childhood on the South Side of Chicago to her years as an executive balancing the demands of motherhood and work, to her time spent at the world's most famous

address. With unerring honesty and lively wit, she describes her triumphs and her disappointments, both public and private, telling her full story as she has lived it—in her own words and on her own terms. Warm, wise, and revelatory, *Becoming* is the deeply personal reckoning of a woman of soul and substance who has steadily defied expectations—and whose story inspires us to do the same. *Kafka's Roach Crown*

**BESTSELLER** • A special 25th anniversary edition of the beloved book that changed millions of lives—with a new afterword by the author “ A wonderful book, a story of the heart told by a writer with soul. ” —Los Angeles Times Maybe it was a grandparent, or a teacher, or a colleague. Someone older, patient and wise, who understood you when you were young and searching, helped you see the world as a more profound place, gave you sound advice to help you make your way through it.

For Mitch Albom, that person was Morrie Schwartz, his college professor from nearly twenty years ago. Maybe, like Mitch, you lost track of this mentor as you made your way, and the insights faded, and the world seemed colder. Wouldn't you like to see that person again, ask the bigger questions that still haunt you, receive wisdom for your busy life today the way you once did when you were younger? Mitch Albom had that second chance. He rediscovered Morrie in the last months of the older

man's life. Knowing he was dying, Morrie visited with Mitch in his study every Tuesday, just as they used to back in college. Their rekindled relationship turned into one final “ class ” : lessons in how to live. Tuesdays with Morrie is a magical chronicle of their time together, through which Mitch shares Morrie's lasting gift with the world. Tuesdays with Morrie Penguin This volume is the newest release in the authoritative series issued by the National

Academy of Sciences on dietary reference intakes (DRIs). This series provides recommended intakes, such as Recommended Dietary Allowances (RDAs), for use in planning nutritionally adequate diets for individuals based on age and gender. In addition, a new reference intake, the Tolerable Upper Intake Level (UL), has also been established to assist an individual in knowing how much is "too much" of a nutrient. Based on the Institute of Medicine's review of the scientific literature

regarding dietary micronutrients, recommendations have been formulated regarding vitamins A and K, iron, iodine, chromium, copper, manganese, molybdenum, zinc, and other potentially beneficial trace elements such as boron to determine the roles, if any, they play in health. The book also: Reviews selected components of food that may influence the bioavailability of these compounds. Develops estimates of dietary intake of these compounds that are

compatible with good nutrition throughout the life span and that may decrease risk of chronic disease where data indicate they play a role. Determines Tolerable Upper Intake levels for each nutrient reviewed where adequate scientific data are available in specific population subgroups. Identifies research needed to improve knowledge of the role of these micronutrients in human health. This book will be important to professionals in nutrition research and education.

A brilliant sliding-doors reimagining of the passionate life of the first woman to win a Nobel Prize - and the life Marie Curie might have led if she had chosen love over science. Poland, 1891. Marie Curie (then Marya Sklodowska) was engaged to a budding mathematician, Kazimierz Zorawski. But when his mother insisted Marya was not good enough, he broke off the engagement. A heartbroken Marya left Poland for Paris to study chemistry and physics at the

Sorbonne. Marie would go on to change the course of science forever and become the first woman to win a Nobel Prize. But what if Marie had made a different choice? What if she had stayed in Poland, married Kazimierz, and never attended the Sorbonne or discovered radium? What if Marie had chosen her first love and a life of domesticity, still ravenous for knowledge in Russian Poland where education for women was restricted, instead of studying science in Paris and meeting

Pierre Curie? Seamlessly entwining the lives of Marya and Marie, *Half Life* is a powerful story of love and friendship, motherhood and sisterhood, fame and anonymity - and a woman destined to change the world.

In the village of Pitts Landing, true evil can linger for centuries. It all started with the desperate urging of an internal voice, born from a pulse-pounding nightmare: *Run*. With that, Iris Ammons felt

---

impelled to leave behind her husband, her children, her job, and her idyllic life. Her motive was never clear to her, just a notion that her entire life had become unfamiliar and that she had to get to the West Coast and the mystical village of Pitts Landing. Similarly focused on the town is its devilishly charismatic cult leader Michael Roman. Michael cuts a bloody swath through his followers in order to get to the secret at the heart of the village. As the coincidences pile up and the omens stack on top of one another like the bodies of Michael ' s disciples, he and

Iris find themselves at the center of a mystery that stretches back for generations and has effects that could be felt for centuries to come. Lightfall is an erotic horror epic from gifted National Book Award winner Paul Monette, a master of combining thrills with intense emotion, no matter what the genre. This ebook features an illustrated biography of Paul Monette including rare images and never-before-seen documents from the Paul Monette papers of the UCLA Library Special Collections. *Half a Life* Simon & Schuster

Eddy Merckx is to cycling what Muhammad Ali is to boxing or Pele to football: quite simply, the best there has ever been. Throughout his professional career Merckx amassed an astonishing 445 victories. This title presents his story. *The Half-Life of Hate* Crown The National Book Award – winning coming-out memoir. “ One of the most complex, moral, personal, and political books to have been written about gay life ” (LA Weekly). Paul Monette grew up all-American, Catholic, overachieving . . . and closeted.

---

As a child of the 1950s, a time when a kid suspected of being a “ homo ” would routinely be beaten up, Monette kept his secret throughout his adolescence. He wrestled with his sexuality for the first thirty years of his life, priding himself on his ability to “ pass ” for straight. The story of his journey to adulthood and to self-acceptance with grace and honesty, this intimate portrait of a young man ’ s struggle with his own desires is witty, humorous, and deeply felt. Before his death of complications from AIDS in 1995, Monette was an outspoken activist crusading for gay rights. *Becoming a Man* shows his courageous path to stand up for his own right to love and be loved.

This ebook features an illustrated biography of Paul Monette including rare images and never-before-seen documents from the Paul Monette papers of the UCLA Library Special Collections. *Dietary Reference Intakes for Vitamin A, Vitamin K, Arsenic, Boron, Chromium, Copper, Iodine, Iron, Manganese, Molybdenum, Nickel, Silicon, Vanadium, and Zinc* Hachette Children's Creative expression inspired by disease has been criticized as a celebration of victimhood, unmediated personal experience, or just simply bad art. Despite debate, however, memoirs written about illness—particularly AIDS or cancer—have proliferated

since the late twentieth century and occupy a highly influential place on the cultural landscape today. In *Treatments*, Lisa Diedrich considers illness narratives, demonstrating that these texts not only recount and interpret symptoms but also describe illness as an event that reflects wider cultural contexts, including race, gender, class, and sexuality. Diedrich begins this theoretically rigorous analysis by offering examples of midcentury memoirs of tuberculosis. She then looks at Susan Sontag ’ s *Illness As Metaphor*, Audre Lorde ’ s *The Cancer Journals*, and Eve Kosofsky Sedgwick ’ s “ *White Glasses*, ” showing how these breast cancer survivors draw on

---

feminist health practices of the 1970s and also anticipate the figure that would appear in the wake of the AIDS crisis in the 1980s—the “ politicized patient. ” She further reveals how narratives written by doctors Abraham Verghese and Rafael Campo about treating people with AIDS can disrupt the doctor – patient hierarchy, and she explores practices of witnessing that emerge in writing by Paul Monette and John Bayley. Through these records of intensely personal yet universal experience, Diedrich demonstrates how language both captures and fails to capture these “ scenes of loss ” and how illness narratives affect the literary, medical, and cultural

contexts from which they arise. Finally, by examining the ways in which the sick speak and are spoken for, she argues for an ethics of failure—the reevaluation of loss as creating new possibilities for how we live and die. Lisa Diedrich is assistant professor of women ’ s studies at Stony Brook University. Mahatma Gandhi World Health Organization The author relates his experiences and feelings growing up gay in a small New England town in the 1950s and the pain of living a lie to keep his homosexuality hidden **Becoming a Man** **#1 NEW YORK TIMES BESTSELLER ONE OF BARACK OBAMA’S**

Weekly From The New York Times bestselling author of *The Mothers*, a stunning new novel about twin sisters, inseparable as children, who ultimately choose to live in two very different worlds, one black and one white. The Vignes twin sisters will always be identical. But after growing up together in a small, southern black community and running away at age sixteen, it's not just the shape of their daily lives that is different as adults, it's everything: their families, their communities, their racial identities. Many years later, one sister lives with her black daughter in the same southern town she once tried to escape. The other secretly passes for white, and her white husband knows nothing

of her past. Still, even separated by so many miles and just as many lies, the fates of the twins remain intertwined. What will happen to the next generation, when their own daughters' storylines intersect? Weaving together multiple strands and generations of this family, from the Deep South to California, from the 1950s to the 1990s, Brit Bennett produces a story that is at once a riveting, emotional family story and a brilliant exploration of the American history of passing. Looking well beyond issues of race, *The Vanishing Half* considers the lasting influence of the past as it shapes a person's decisions, desires, and expectations, and explores some of

the multiple reasons and realms in which people sometimes feel pulled to live as something other than their origins. As with her New York Times bestselling debut *The Mothers*, Brit Bennett offers an engrossing page-turner about family and relationships that is immersive and provocative, compassionate and wise.
