The Life and Times of Dan Haggerty - The Man Who Made Grizzly Adams Famous! Crown #1 NEW YORK TIMES BESTSELLER • A special 25th anniversary edition of the beloved book that changed millions of lives—with a new afterword by the author “ A wonderful book, a story of the heart told by a writer with soul. ” —Los Angeles Times Maybe it was a grandparent, or a teacher, or a colleague. Someone older, patient and wise, who understood you when you were young and searching, helped you see the world as a more profound place, gave you sound advice to help you make your way through it. For Mitch Albom, that person was Morrie Schwartz, his college professor from nearly twenty years ago. Maybe, like Mitch, you lost track of this mentor as you made your way, and the insights faded, and the world seemed colder. Wouldn ’ t you like to see that person again, ask the bigger questions that still haunt you, receive wisdom for your busy life today the way you once did when you were younger? Mitch Albom had that second chance. He rediscovered Morrie in the last months of the older man ’ s life. Knowing he was dying, Morrie visited with Mitch in his study every Tuesday, just as they used to back in college. Their rekindled relationship turned into one final “ class ” : lessons in how to live. Tuesdays with Morrie is a magical chronicle of their time together, through which Mitch shares Morrie ’ s lasting gift with the world.

In a narrative that moves with dreamlike swiftness from India to England to Africa, Nobel Laureate V. S. Naipaul has produced his finest novel to date, a bleakly resonant study of the fraudulent bargains that make up an identity. The son of a Brahmin ascetic and his lower-caste wife, Willie Chandran grows up sensing the hollowness at the core of his father's self-denial and vowing to live more authentically. That search takes him to the immigrant and literary bohemias of 1950s London, to a facile and unsatisfying career as a writer, and at last to a decaying Portugese colony in East Africa, where he finds a happiness he will then be compelled to betray. Brilliantly orchestrated, at once elegiac and devastating in its portraits of colonial grandeur and pretension, Half a Life represents the pinnacle of Naipaul's career. An intimate, powerful, and inspiring memoir by the former First Lady of the United States #1 NEW YORK TIMES BESTSELLER • WATCH THE EMMY-NOMINATED NETFLIX ORIGINAL DOCUMENTARY • OPRAH ’ S BOOK CLUB PICK • NAACP IMAGE AWARD WINNER • ONE OF ESSENCE ’ S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS In a life filled with meaning and accomplishment, Michelle Obama has emerged as one of the most iconic and compelling women of our era. As First Lady of the United States of America—the first African American to serve in that role—she helped create the most welcoming and inclusive White House in history, while also establishing herself as a powerful advocate for women and girls in the U.S. and around the world, dramatically changing the ways that families pursue healthier and more active lives, and standing with her husband as he led America through some of its most harrowing moments. Along the way, she showed us a few dance moves, crushed Carpool Karaoke, and raised two down-to-earth daughters under an unforgiving media glare. In her memoir, a work of deep reflection and mesmerizing storytelling, Michelle Obama invites readers into her world, chronicling the experiences that have shaped her—from her childhood on the South Side of Chicago to her years as an executive balancing the demands of motherhood and work, to her time spent at the world ’ s most famous address. With unerring honesty and lively wit, she describes her triumphs and her disappointments, both public and private, telling her full story as she has lived it—in her own words and on her own terms. Warm, wise, and revelatory, Becoming is the deeply personal reckoning of a woman of soul and substance who has steadily defied

expectations—and whose story inspires us to do the same. 12 Rules for Life Open Road Media Unfitting Stories: Narrative Approaches to Disease, Disability, and Trauma illustrates how stories about ill health and suffering have been produced and received from a variety of perspectives. Bringing together the work of Canadian researchers, health professionals, and people with lived experiences of disease, disability, or trauma, it addresses central issues about authority in medical and personal narratives and the value of cross- or interdisciplinary research in understanding such experiences. The book considers the aesthetic dimensions of health-related stories with literary readings that look at how personal accounts of disease, disability, and trauma are crafted by writers and filmmakers into published works. Topics range from psychiatric hospitalization and aestheticizing cancer, to father-daughter incest in film. The collection also deals with the therapeutic or transformative effect of stories with essays about men, sport, and spinal cord injury; narrative teaching at L’Arche (a faith-based network of communities inclusive of people with developmental disabilities); and the construction of a “schizophrenic” identity. A final section examines the polemical functions of narrative, directing attention to the professional and political contexts within which stories are constructed and exchanged. Topics include ableist limits on self-narration; drug addiction and the disease model; and narratives of trauma and Aboriginal post-secondary students. Unfitting Stories is essential reading for researchers using narrative methods or materials, for teachers, students, and professionals working in the field of health services, and for concerned consumers of the health care system. It deals with practical problems relevant to policy-makers as well as theoretical issues of interest to specialists in bioethics, gender analysis, and narrative theory. The Immortal Life of Henrietta Lacks CreateSpace #1 NEW YORK TIMES BESTSELLER • “The story of modern medicine and bioethics—and, indeed, race relations—is refracted beautifully, and movingly.”—Entertainment Weekly NOW A MAJOR MOTION PICTURE FROM HBO® STARRING OPRAH WINFREY AND ROSE BYRNE • ONE OF THE “MOST INFLUENTIAL” (CNN), “DEFINING” (LITHUB), AND “BEST” (THE PHILADELPHIA INQUIRER) BOOKS OF THE DECADE • ONE OF ESSENCE’S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS • WINNER OF THE CHICAGO TRIBUNE HEARTLAND PRIZE FOR NONFICTION NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Entertainment Weekly • O: The Oprah Magazine • NPR • Financial Times • New York • Independent (U.K.) • Times (U.K.) • Publishers Weekly • Library Journal • Kirkus Reviews • Booklist • Globe and Mail Her name was Henrietta Lacks, but scientists know her as HeLa. She was a poor Southern tobacco farmer who worked the same land as her slave ancestors, yet her cells—taken without her knowledge—became one of the most important tools in medicine: The first “immortal” human cells grown in culture, which are still alive today, though she has been dead for more than sixty years. HeLa cells were vital for developing the polio vaccine; uncovered secrets of cancer, viruses, and the atom bomb’s effects; helped lead to important advances like in vitro fertilization, cloning, and gene mapping; and have been bought and sold by the billions. Yet Henrietta Lacks remains virtually unknown, buried in an unmarked grave. Henrietta’s family did not learn of her “immortality” until more than twenty years after her death, when scientists investigating HeLa began using her husband and children in research without informed consent. And though the cells had launched a multimillion-dollar industry that sells human biological materials, her family never saw any of the profits. As Rebecca Skloot so brilliantly shows, the story of the Lacks family—past and present—is inextricably connected to the dark history of experimentation on African Americans, the birth of bioethics, and the legal battles over whether we control the stuff we are made of. Over the decade it took to uncover this story, Rebecca became enmeshed in the lives of the Lacks family—especially Henrietta’s daughter Deborah. Deborah was consumed with questions: Had scientists cloned her mother? Had they killed her to harvest her cells? And if her mother was so important to medicine, why couldn’t her children afford health insurance? Intimate in feeling, astonishing in scope, and impossible to put down, The Immortal Life of Henrietta Lacks captures the beauty and drama of scientific discovery, as well as its human consequences.

Dietary Reference Intakes for Vitamin A, Vitamin K, Arsenic, Boron, Chromium, Copper, Iodine, Iron, Manganese, Molybdenum, Nickel, Silicon, Vanadium, and Zinc Penguin "[Casey] is an astute observer of the ruses as well as the private confrontations that govern our behavior." --The Washington Post Book World In The Half-life of Happiness, National Book Award winner John Casey brings us a family portrait rendered with masterful precision--and unwavering compassion. On a spring afternoon in Virginia, progressive attorney Mike Reardon strolls downtown Charlottesville feeling terrific. He surveys the elements in his appealing life: filmmaker wife Joss, his clever and canny daughters, the bohemian characters that share his seven-acre haven on the Rivanna River. But Mike's blissful certainty is to be short-lived. A friend's suicide and Joss's affair with a mercurial woman turn Mike's world upside-down. Then Mike discovers the erotic quicksilver of the political campaign and so begins a farcical run for office that consumes all their lives. Here too--through Casey's brilliant rendering of Mike's sensitive, perceptive daughters--is the story of two children who grow up painfully aware of their parents' strengths and weaknesses. Superbly plotted, buoyed with humor and hope, The Half-life of Happiness embraces the accidents and choices that shape our lives and the lives of those we love. "Riveting and beautifully written." --San Francisco Chronicle-Examiner "A major novelist at the top of his form, Casey captures not only the texture of individual lives, but the shape and momentum of all lives that begin with the best intentions, then stray off course. . . . A wise and forgiving book as well as an entertaining one." --Chicago Tribune Half of a Yellow Sun CreateSpace

The roadmap for finding purpose, meaning, and success as we age, from bestselling author, Harvard professor, and the Atlantic's happiness columnist Arthur Brooks. Many of us assume that the more successful we are, the less susceptible we become to the sense of professional and social irrelevance that often accompanies aging. But the truth is, the greater our achievements and our attachment to them, the more we notice our decline, and the more painful it is when it occurs. What can we do, starting now, to make our older years a time of happiness, purpose, and yes, success? At the height of his career at the age of 50, Arthur Brooks embarked on a seven-year journey to discover how to transform his future from one of disappointment over waning abilities into an opportunity for progress. From Strength to Strength is the result, a practical roadmap for the rest of your life. Drawing on social science, philosophy, biography, theology, and eastern wisdom, as well as dozens of interviews with everyday men and women, Brooks shows us that true life success is well within our reach. By refocusing on certain priorities and habits that anyone can learn, such as deep wisdom, detachment from empty rewards, connection and service to others, and spiritual progress, we can set ourselves up for increased happiness. Read this book and you, too, can go from strength to strength.

seem to think, it had better be discovered soon because it is leaking and there is only a drop or two left.

A brilliant sliding-doors reimagining of the passionate life of the first woman to win a Nobel Prize - and the life Marie Curie might have led if she had chosen love over science. Poland, 1891. Marie Curie (then Marya Skłodowska) was engaged to a budding mathematician, Kazimierz Zorawski. But when his mother insisted Marya was not good enough, he broke off the engagement. A heartbroken Marya left Poland for Paris to study chemistry and physics at the Sorbonne. Marie would go on to change the course of science forever and become the first woman to win a Nobel Prize. But what if Marie had made a different choice? What if she had stayed in Poland, married Kazimierz, and never attended the Sorbonne or discovered radium? What if Marie had chosen her first love and a life of domesticity, still ravenous for knowledge in Russian Poland where education for women was restricted, instead of studying science in Paris and meeting Pierre Curie? Seamlessly entwining the lives of Marya and Marie, Half Life is a powerful story of love and friendship, motherhood and sisterhood, fame and anonymity - and a woman destined to change the world.

As World War I began, Gregor Samsa, a good man turned-roach, burst into the world, and literature has never been the same. Kafka's 1915 Metamorphosis was a long short story, with an unhappy beginning, middle, and end. In Kafka's Roach, Estrin (along with the Samsa's housemaid) has rescued Gregor from his dusty death under a couch in Prague, schooled him at a Viennese sideshow, and impelled him over the Atlantic to take a crucial role in American history in the twenties, thirties and forties. Gregor (six feet tall, and an ever-improving speaker of English) becomes part of FDR's brain trust, living in the White House kitchen until he is sent out to Los Alamos as the risk manager for the Manhattan Project. His life ends under the bomb tower at the Trinity test, melted into the New Mexico sands. This huge, comic novel is rich in historical detail, ridiculous situations, and the thoughtful musings of its narrator.

With her award-winning debut novel, Purple Hibiscus, Chimamanda Ngozi Adichie was heralded by the Washington Post Book World as the “21st century daughter” of Chinua Achebe. Now, in her masterly, haunting new novel, she recreates a seminal moment in modern African history: Biafra’s impassioned struggle to establish an independent republic in Nigeria during the 1960s. With the effortless grace of a natural storyteller, Adichie weaves together the lives of five characters caught up in the extraordinary tumult of the decade. Fifteen-year-old Ugwu is houseboy to Odenigbo, a university professor who sends him to school, and in whose living room Ugwu hears voices full of revolutionary zeal. Odenigbo’s beautiful mistress, Olanna, a sociology teacher, is running away from her parents’ world of wealth and excess; Kainene, her urbane twin, is taking over their father’s business; and Kainene’s English lover, Richard, forms a bridge between their two worlds. As we follow these intertwined lives through a military coup, the Biafran secession and the subsequent war, Adichie brilliantly evokes the promise, and intimately, the devastating disappointments that marked this time and place. Epic, ambitious and triumphantly realized, Half of a Yellow Sun is a more powerful, dramatic and intensely emotional picture of modern Africa than any we have had before.

Self-Made Man Random House
By the New York Times bestselling author of The Bone Clocks | Shortlisted for the Man Booker Prize A postmodern visionary and one of the leading voices in twenty-first-century fiction, David Mitchell combines flat-out adventure, a Nabokovian love of puzzles, a keen eye for character, and a taste for mind-bending, philosophical and scientific speculation in the tradition of Umberto Eco, Haruki Murakami, and Philip K. Dick. The result is brilliantly original fiction as profound as it is playful. In this groundbreaking novel, an influential favorite among a new generation of writers, Mitchell explores with daring artistry fundamental questions of reality and identity. Cloud Atlas begins in 1850 with Adam Ewing, an American notary voyaging from the Chatham Isles to his home in California. Along the way, Ewing is befriended by a physician, Dr. Goose, who begins to treat him for a rare species of brain parasite. . . . Abruptly, the action jumps to Belgium in 1931, where Robert Frobisher, a disinherited bisexual composer, contrives his way into the household of an infirm maestro who has a beguiling wife and a nubile daughter. . . . From there we jump to the West Coast in the 1970s and a troubled reporter named Luisa Rey, who stumbles upon a web of corporate greed and murder that threatens to claim her life. . . . And onward, with dazzling virtuosity, to an inglorious present-day England; to a Korean superstate of the near future where neocapitalism has run amok; and, finally, to a postapocalyptic Iron Age Hawaii in the last days of history. But the story doesn’t end even there. The narrative then boomerangs back through centuries and space, returning by the same route, in reverse, to its starting point. Along the way, Mitchell reveals how his disparate characters connect, how their fates intertwine, and how their souls drift across time like clouds across the sky. As wild as a videogame, as mysterious as a Zen koan, Cloud Atlas is an unforgettable tour de force that, like its incomparable author, has transcended its cult classic status to become a worldwide phenomenon. Praise for Cloud Atlas “[David] Mitchell is, clearly, a genius. He writes as though at the helm of some perpetual dream machine, can evidently do anything, and his ambition is written in magma across this novel’s every page.”—The New York Times Book Review “One of those how-the-holy-hell-did-he-do-it? modern classics that no doubt is—and should be—read by any student of contemporary literature.”—Dave Eggers “Wildly entertaining . . . a head rush, both action-packed and chillingly ruminative.”—People “The novel as series of nested dolls or Chinese boxes, a puzzle-book, and yet—not just dazzling, amusing, or clever but heartbreaking and passionate, too. I’ve never read anything quite like it, and I’m grateful to have lived, for a while, in all its many worlds.”—Michael Chabon “Cloud Atlas ought to make [Mitchell] famous on both sides of the Atlantic as a writer whose fearlessness is matched by his talent.”—The Washington Post Book World “Thrilling . . . One of the biggest joys in Cloud Atlas is watching Mitchell sashay from genre to genre without a hitch in his dance step.”—Boston Sunday Globe “Grand and elaborate . . . [Mitchell] creates a world and language at once foreign and strange, yet strikingly familiar and intimate.”—Los Angeles Times
