Not Me is a remarkable debut novel that tells the dramatic and surprising stories of two men – father and son – through sixty years of uncertain memory, distorted history, and assumed identity. When Heshel Rosenheim, apparently suffering from Alzheimer's disease, hands his son, Michael, a box of moldy old journals, an amazing adventure begins – one that takes the reader from the concentration

camps of Poland to an improbable love story during the battle for Palestine, from a cancer ward in New Jersey to a hopeless marriage in San Francisco. The journals, which seem to tell the story of Heshel's life, are so harrowing, so riveting, so passionate, and so perplexing that Michael becomes obsessed with discovering the truth about his father. As Michael struggles to come to grips with his father's elusive past, a world of complex and disturbing possibilities opens up to him – a world in which an accomplice to genocide may have turned into a virtuous Jew and a young man cannot recall murdering the person he loves most; a world in which truth is fiction and fiction is truth and one man's terrible – or triumphant – transformation calls history itself into question. Michael must then solve the biggest riddle of all: Who am I? Intense, vivid, funny, and entirely original, Not Me is an unsparing and unforgettable examination of faith, history, identity, and love.

An FBI investigator must uncover the secrets of his hometown to solve a double murder in this twisty "page turner" that's "perfect summer reading" (Stephen King). "And that is how it happened. Can we stop now?" Kimberly Crepeaux is no good, a notorious jailhouse snitch, teen mother, and heroin addict whose petty crimes are well-known to the rural Maine community where she lives. So when she confesses to her role in the brutal murders of Jackie Pelletier and Ian Kelly, the daughter of a well-known local family and her sweetheart, the locals have little reason to believe her story. Not Rob Barrett, the FBI investigator and interrogator specializing in telling a true confession from

a falsehood. He's been circling Kimberly and her conspirators for months, waiting for the right avenue to the truth, and has finally found it. He knows, as strongly as he's known anything, that Kimberly's story -- a grisly, harrowing story of a hit and run fueled by dope and cheap beer that becomes a brutal stabbing in cold blood -- is how it happened. But one thing remains elusive: where are Jackie and Ian's bodies? After Barrett stakes his name and reputation on the truth of Kimberly's confession, only to have the bodies turn up 200 miles from where she said they'd be, shot in the back and covered in a different suspect's DNA, the case is quickly closed and Barrett forcibly reassigned. But for Howard Pelletier, the tragedy of his daughter's murder cannot be so tidily swept away. And for Barrett, whose career may already be over, the chance to help a grieving father may be the only one he has left. How it Happened is a frightening, tension-filled ride into the dark heart of rural America from a writer Stephen King has called "a master" and the New York Times has deemed "impossible to resist."

Dear Everybody

HarperCollins

Warm, wise, and magical—the latest novel by the bestselling author of *THE LITTLE PARIS BOOKSHOP* and *THE LITTLE FRENCH BISTRO* is an astonishing exploration of the thresholds between life and death. Henri Skinner is a hardened ex-war reporter on the run from his past. On his way to see his son, Sam, for the first time in years, Henri steps into the road without looking and collides with oncoming traffic. He is rushed to a nearby hospital where he floats, comatose, between dreams, reliving the fairytales of his childhood and the secrets that made him run away in the first place. After the accident, Sam—a thirteen-year old synesthete with an IQ of 144 and an appetite for science fiction—waits by his father's bedside every day.

There he meets Eddie Tomlin, a woman forced to confront her love for Henri after all these years, and twelve-year old Madelyn Zeidler, a coma patient like Henri and the sole survivor of a traffic accident that killed her family. As these four very different individuals fight—for hope, for patience, for life—they are bound together inextricably, facing the ravages of loss and first love side by side. A revelatory, urgently human story that examines what we consider serious and painful alongside light and whimsy, *THE BOOK OF DREAMS* is a tender meditation on memory, liminality, and empathy, asking with grace and gravitas what we will truly find meaningful in our lives once we are gone.
