Beginners Guide: Car Audio Systems

This is a very good beginners guide to car audio. But before you go out and spend big bucks on a power capacitor, look at your alternator, if its under 100-85 amps, and your lights are dimming, you need a new alternator, power caps are for systems over 5000 watts RMS. RMS is the power it delivers constantly.

Beginners Guide To Car Audio Systems

The clarity of the music depends on the good

quality of the speaker system that you install in the car. Though speakers aren't mandatory for cars as today, most players come with a decent audio system, and you can still install them to enjoy the music better. Also, have an eye on the woofers that you are installing.
