The New York Times bestselling true story of an Australian ultramarathon runner and a little dog who formed an unbreakable bond in the middle of the Gobi desert. Finding Gobi is the miraculous tale of Dion Leonard, a seasoned ultramarathon runner who crosses paths with a stray dog while competing in a 155-mile race through the Gobi Desert in China. The lovable pup, who would later earn the name Gobi, went step for step with Dion over the Tian Shan Mountains and across massive sand dunes, keeping pace with him for 77 miles. As Dion witnessed the incredible determination and heart of this small animal, he found his own heart undergoing a change as well. Whereas in the past these races were all about winning and being the best, his goal now was to make sure he and Gobi's friendship continued well after the finish line, and he undertook another difficult journey to bring Gobi home to Scotland. However, before he could take her home, Gobi went missing in the sprawling Chinese city where she was being kept. Dion, with the help of strangers and a viral outpouring of assistance on the internet, set out to track her down, and reunite with the dog that changed his life. Finding Gobi: Proves that miracles are possible—anywhere and at any time Gives vivid details of an ultra-marathon and what it's like to run one of the toughest races on the planet Connects to that special bond that humankind has with dogs and what it can open up in our hearts Read this inspiring story and discover how miracles truly are possible—and find your own heart changing as well.

Walk-in closet full of designer everything? Check. Private Caribbean island? Check. Connection to the aristocracy? Working on it. Cunning, malicious stalker? Double check. Welcome to the world of the Kents, a charismatic, ambitious, and fabulously wealthy English family with two sisters - one as strong and sparkling as the other is delicate and wounded - who must somehow put their differences aside to keep an unknown enemy from bringing them down. Wild and beautiful Emily Kent has had the world laid at her feet by her ruthless mother and billionaire father - but it's not enough. Gifted with her mother's to-die-for looks, her father's hard-scrabble business sense, and both of her parents' lust for control, Emily is determined to make her own luck by seducing the only man she's ever wanted, a man who can make her dreams of attaining the heights of old-money English society come true. By contrast, Emily's step-sister, Claudia, is a fragile soul—her mother died when she was five, leaving her to the unkind reign of step-mother Innocence. In an uncharacteristic burst of rebellion, Claudia trades her gilded lifestyle for an ordinary flat and daytime job where she meets the man of her dreams... or so she imagines. But, Emily and Claudia are caught up in a desperate situation that may be beyond their control. As for their

father, disgraced tycoon Jack Kent, and his wife Innocence, they are too obsessed with the fight for supremacy over their vast empire to see that a mighty and sinister opponent is plotting to ruin them all.

Running in Heels Heinemann Young Books

Internationally bestselling author Sarah Pekkanen examines the lives of three women working and living together in New York City and shows that family secrets may shape us all, but it's the rich, complicated layers of friendship that can save us. Family secrets may shape us all, but it's the rich, complicated layers of friendship that can save us. Cate, Renee, and Abby have come to New York for very different reasons, and in a bustling city of millions, they are linked together through circumstance and chance. Cate has just been named the features editor of Gloss, a high-end lifestyle magazine. It's a professional coup, but her new job comes with more complications than Cate ever anticipated. Her roommate Renee will do anything to nab the plum job of beauty editor at Gloss. But snide comments about Renee's weight send her into an emotional tailspin. Soon she is taking black market diet pills—despite the racing heartbeat and trembling hands that signal she's heading for real danger. Then there's Abby, whom they take in as a third roommate. Once a joyful graduate student working as a nanny part time, she abruptly fled a seemingly happy life in the D.C. suburbs. No one knows what shattered Abby—or why she left everything she once loved behind. Pekkanen's most compelling, true-to-life novel yet tells the story of three very different women as they navigate the complications of careers and love—and find the lifeline they need in each other.

The Baddie Crown

In the late 19th and early 20th centuries, most countries in Europe and English-speaking countries outside Europe experienced a fertility transition, where fertility fell from high levels to relatively low levels. England and the other English-speaking countries experienced this from the 1870s, while fertility in Australia began to fall in the 1880s. This book investigates the fertility transition in Tasmania, the second settled colony of Australia, using both statistical evidence and historical sources. The book examines detailed evidence from the 1904 New South Wales Royal Commission into the Fall in the Birth Rate, which the Commissioners regarded as applying not only to NSW, but to every state in Australia. Many theories have been proposed as to why fertility declined at this time: theories of economic and social development; economic theories; diffusion theories; the spread of secularisation; increased availability of artificial methods of contraception; and changes in the rates of infant and child mortality. The role of women in the fertility transition has generally been ignored. The investigation concludes that fertility declined in Tasmania in the late 19th century in a period of remarkable social and economic transformation, with industrialisation, urbanisation, improvements in transport and communication, increasing levels of education and opportunities for social mobility. One of the major social changes was in the status and role of women, who became the driving force behind the fertility decline.

Did you know that we can lead longer and healthier lives by making simple changes right now? Professor Rose Anne Kenny has 35 years of experience at the forefront of ageing medicine. In Age Proof, she draws on her own pioneering research and the latest evidence to demystify why we age and shows us that 80% of our ageing biology is within our control: we can not only live longer lives but become happier and healthier deep into our later years. Effortlessly distilling scientific theory into practical advice that we can apply to our everyday lives, Professor Kenny examines the impact that food, genetics, friendships, purpose, sex, exercise and laughter have on how our cells age. This illuminating book will show you the steps you can take to stay younger for longer - and will prove that you really are just as young as you feel.

The House We Grew Up In Harper Collins

Why the United States lags behind other industrialized countries in sharing the benefits of innovation with workers and how we can remedy the problem. The United States has too many low-quality, low-wage jobs. Every country has its share, but those in the United States are especially poorly paid and often without benefits. Meanwhile, overall productivity increases steadily and new technology has transformed large parts of the economy, enhancing the skills and paychecks of higher paid knowledge workers. What's wrong with this picture? Why have so many workers benefited so little from decades of growth? The Work of the Future shows that technology is neither the problem nor the solution. We can build better jobs if we create institutions that leverage technological innovation and also support workers though long cycles of technological transformation. Building on findings from the multiyear MIT Task Force on the Work of the Future, the book argues that we must foster institutional innovations that complement technological change. Skills programs that emphasize work-based and hybrid learning (in person and online), for example, empower workers to become and remain productive in a continuously evolving workplace. Industries fueled by new technology that augments workers can supply good jobs, and federal investment in R&D can help make these industries worker-friendly. We must act to ensure that the labor market of the future offers benefits, opportunity, and a measure of economic security to all.

These Girls HarperThorsons

The Bitch in the House meets Quarterlife Crisis in this sassy, smart, and honest collection, which includes 26 original essays about life as a 20-something female. With essays titled "Homesick for the Place You've Never Been," "A Letter to My Crappy One Bedroom," "Breaking up (with Mastercard) is Hard to Do," and "Hired, Fired, and What I Wore," IT'S A WONDERFUL LIE takes a provocative look at what women are making of their 20-something selves. Remarkable female writers, including Anna Maxted, Melissa Senate, and Beth Lisick, among others, share their experiences as they explore everything from their first jobs, loves, and losses, to the perils of uncontrolled debt and the pain of making new friends. Amusing, moving, and empowering, IT'S A WONDERFUL LIE is a must read for every woman in her 20s, and those who have learned, loved, and lived through them. At last, an anthology that considers what one should and should not expect from what she's been led to believe are the best years of her life.

What happens after "happily ever after"? Alice Hirsh is about to find out... Alice, a former New Yorker who thought she'd never feel at home in the bizarre world of the San Fernando Valley, was adapting, raising her 5-year-old daughter while trying to keep her job and make her new house a home. When her attorney husband lands a trophy client – box-office queen Rose Maris – things begin to look up. Then Alex starts working late – a lot. He crunches his paunch into a six-pack and trades his Gap ensembles for Armani everything. Soon, Rose and Alex's affair blazes in the tabloids and Alice is plunged into trash-gossip hell. Her life crumbles around her as she navigates her newly single self through suburban LA --a place rife with porn stars, psycho soccer moms and nutty neighbors. Is there a chance to wrest Alex from the Sexiest Woman Alive? And if so... would Alice want him back? And what about George--her college sweetheart? Or Johnny, a walking charm-bomb paparazzo? As Alice inventories the rubble of her life, she desperately searches for her bearings and is forced to ask herself what she really wants from life, love and herself.

Helen Bradshaw isn't exactly living out her dreams. She's a lowly assistant editor at *GirlTime* magazine, she drives an ancient Toyota, and she has a history of choosing men who fall several thousand feet below acceptable boyfriend standard. Not to mention that she shares an apartment with a scruffy, tactless roommate, her best girlfriends are a little too perfect, and the most affectionate male in her life—her cat, Fatboy—occasionally pees in her underwear draw. Then Helen gets the telephone call she least expects: Her father has had a massive heart attack. Initially brushing off his death as merely an interruption in her already chaotic life (they were never very close, after all), Helen is surprised to find everything else starting to crumble around her. Her pushy mother is coming apart at the seams, a close friend might be heading toward tragedy, and, after the tequila incident, it looks as though Tom the vet will be sticking with Dalmatians. Turns out getting over it isn't going to be quite as easy as she thought.
