Cracking the PM Interview is a comprehensive book about landing a product management role in a startup or bigger tech company. Learn how the ambiguously-named "PM" (product manager / program manager) role varies across companies, what experience you need, how to make your existing experience translate, what a great PM resume

and cover letter look like, and finally, how to master the interview: estimation questions, behavioral questions, case questions, product questions, technical questions, and the super important "pitch." *Guerrilla Marketing for Job Hunters* Business Plus Over the past several years of interviewing candidates, we have come across a large number of talented engineers who have excellent technical competencies but also have

considerable discomfort in explaining the details of a current project and how its design challenges were resolved. In this book, we have collected the behavioral questions most frequently presented in software engineering interviews. We provided strategies for addressing each question, followed by sample responses from engineers currently working in large tech companies. This collection has been validated with a number of hiring managers to ensure that the dialogues are aligned with their expectations.

The Barkley Adult ADHD Rating Scale-IV (BAARS-IV) offers an essential tool for assessing current ADHD symptoms and domains of impairment as well as recollections of childhood symptoms. Directly linked to DSM-IV diagnostic criteria, the scale includes both self-report and other-report forms (for example, spouse, parent, or sibling). Not only is the BAARS-IV empirically based, reliable, and valid, but it is also exceptionally convenient to use. The long version takes the average adult 5-7 minutes to

complete, and the Quick Screen takes only 3-5 minutes. Special features include a section of items assessing the newly identified symptoms of sluggish cognitive tempo, also known as the inattentive-only subtype of ADHD. Complete instructions for scoring and interpreting the scale are provided. See also the Barkley Deficits in Executive Functioning Scale (BDEFS for Adults), which assesses clinically significant executive functioning difficulties, and the Barkley Functional Impairment Scale (BFIS for Adults), which evaluates 15 major domains of psychosocial functioning. Includes Permission to Photocopy Enhancing

**Recruiting and Hiring** is the authoritative guide to growing software engineering teams effectively, written by and for hiring managers, recruiters, interviewers, and candidates. Hiring is rated as one of the biggest obstacles to growth by most CEOs. Hiring managers, recruiters, and interviewers all wrestle with how to source candidates, interview fairly and effectively, and ultimately motivate the right candidates to

---

accept offers. Yet the process is costly, frustrating, and often stressful or unfair to candidates. Anyone who cares about building effective software teams will return to this book again and again. Inside, you'll find know-how from some of the most insightful and experienced leaders and practitioners—senior engineers, recruiters, entrepreneurs, and hiring managers—who've built teams from early-stage startups to thousand-person engineering organizations. The

lead author of this guide, Ozzie Osman, previously led product engineering at Quora and teams at Google, and built (and sold) his own startup. Additional contributors include Aditya Agarwal, former CTO of Dropbox; Jennifer Kim, former head of diversity at Lever; veteran recruiters and startup founders Jose Guardado (founder of Build Talent and former Y Combinator) and Aline Lerner (CEO of Interviewing.io); and over a dozen others. Recruiting

and hiring can be done well, in a way that has a positive impact on companies, employees, and every candidate. With the right foundations and practice, teams and candidates can approach a stressful and difficult process with knowledge and confidence. Ask your employer if you can expense this book—it's one of the highest-leverage investments they can make in your team. [The Marketing Interview](#) BalboaPress A ten-year study by

truly relevant and useful information. Complete with advice on evaluating answers and assessing cultural fit, the second edition of High-Impact Interview Questions features dozens of all-new questions designed to gauge: accountability, assertiveness, attention to detail, judgment, follow-through, risk-taking, and more. When the candidate is asked to describe specific, job-related situations, you will gain a clearer picture of past behaviors--and more accurately predict future performance. By the end of an interview, the real

person behind the résumé will be revealed and you will be able to make an offer based on accurate findings, not hopeful hunches.
