Computer Buyer's Guide and Handbook Pearson IT Certification

The Third Edition of this popular reference work describes the methods and rationale for sampling mosquitoes. Originally written by Professor M. W. Service, the book has been updated by John B Silver. More than 1,000 new references have been added and out-of-date material has been removed.

The book emphasizes the ecology and behavior of those species that play a role as vectors of human and animal diseases and infections. Designed to serve as a practical reference for field entomologists and mosquito control specialists, it describes sampling methods and trapping technologies and tools for the collection of mosquitoes from egg to adult.

Computer Gaming World Que Publishing This volume contains new translations of four of Pushkin's best works of fiction. The Queen of Spades has long been acknowledged as one of the world's greatest short stories, in which Pushkin explores the nature of obsession. The Tales of Belkin are witty parodies of sentimentalism, while Peter the Great's Blackamoor is an early experiment with recreating the past. The Captain's Daughter is a novel-length masterpiece which combines historical fiction in the manner of Sir Walter Scott with the devices of the Russian fairy-tale. The Introduction provides close readings of the stories and places them in their European literary context.

Olga Grushin ' s astonishing literary debut has won her comparisons with everyone from Gogol to Nabokov. A virtuoso study in betrayal and its consequences, it explores—really, colonizes—the consciousness of Anatoly Sukhanov, who many years before abandoned the precarious existence of an underground artist for the perks of a Soviet apparatchik. But, at the age of 56, his perfect life is suddenly disintegrating. Buried dreams return to haunt him. New political alignments threaten to undo him. Vaulting effortlessly from the real to the surreal and from privilege to paranoia, The Dream Life of Sukhanov is a darkly funny, demonically entertaining novel.

Real Estate Record and Builders' Guide Oxford University Press, USA

This book, written by a team of experts from many countries, provides a comprehensive account of the ways in which translation has brought the major literature of the world into English-speaking culture. Part I discusses theoretical issues and gives an overview of the history of translation into English. Part II, the bulk of the work, arranged by language of origin, offers critical discussions, with bibliographies, of the translation history of specific texts (e.g. the Koran, the Kalevala), authors (e.g. Lucretius, Dostoevsky), genres (e.g. Chinese poetry, twentieth-century Italian prose) and national literatures (e.g. Hungarian, Afrikaans).
