How did we arrive where we are now: American society dominated by corporations and their interests, an economy based on war and the weapons industry, trillions of dollars missing from federal government agencies, the annihilation of our civil liberties and the shredding of the U.S. Constitution, the dumbing-down of America and the reduction of our educational system to the lowest common denominator, Peak Oil-the best-kept secret in America, and the polarization of economic prosperity and quality of life? U.S. HISTORY UNCENSORED offers a non-traditional account of our history that answers these questions and superbly connects the dots between current events and their ultimate roots. As
