These open-ended task cards encourage older students to think and work like scientists. Task Cards measure 4 by 6 inches. The limited size of each card leaves less room to tell students exactly what to do, and therefore more freedom for students to follow their own experimental strategies. Thorough, thoughtful teaching notes accompany each card, and the task cards are also reprinted 2 to a page at the back of each book for easy photocopying.

Introduction to Corporate Finance McGraw-Hill Education Berk and DeMarzo's Corporate Finance uses a unifying valuation framework, the Law Of One Price, to present the core content instructors expect, the new ideas they want, and the pedagogy their students need to succeed. Corporate Finance: The Core fits programs and individual instructors who desire a streamlined book that is specifically tailored to the topics covered in the first one-semester course. For instructors who would like to use a text in a two semester, or more, sequence, please see Corporate Finance, the 31 chapter book also by Jonathan Berk and Peter DeMarzo.

Aswath Damodaran, distinguished author, Professor of Finance, and David Margolis, Teaching Fellow at the NYU Stern School of Business, have delivered the newest edition of Applied Corporate Finance. This readable text provides the practical advice students and practitioners need rather than a sole concentration on debate theory, assumptions, or models. Like no other text of its kind, Applied Corporate Finance, 4th Edition applies corporate finance to real companies. It now contains six real-world core companies to study and follow. Business decisions are classified for students into three groups: investment, financing, and dividend decisions.

Fundamentals of Corporate Finance Pearson Higher Education Just as bridges connect parts of Canada together, Canadian Income Taxation: Planning and Decision Making connects tax law and its application, to business and investment transactions and decision making. The 2020-2021 Edition of Buckwold / Kitunen / Roman maintains its highly readable student friendly format and full coverage of the CPA competency map without compromising the planning content needed for professional exams. The changes to this edition continue to broaden the subject base and provide current updates, ensuring complete coverage of the taxation competencies in the 2020 Competency Map, issued in December 2019. A new online appendix covering Data Analytics as it relates to taxation has been added.
