Couponing Book J. Cuartas
A book that pays for itself! The creator of couponmom.com, with 1.6 million subscribers and counting, shares her strategic money-saving techniques for saving big while living well. Americans are hungry for bargains these days, but one woman has developed the ultimate strategy for enjoying a feast of savings. Taking the nation by storm, with appearances ranging from The Oprah Winfrey Show to Stephanie Nelson, she has shown countless women and men how

to save thousands of dollars by becoming savvy coupon clippers—without sacrificing nutrition or quality. Now, in *The Coupon Mom's Guide to Cutting Your Grocery Bills in Half*, Nelson demonstrates all of the tricks of the trade—beyond coupons and tailor-made for a variety of shopper lifestyles. Whether you're a "busy" shopper and have only a small amount of time each week to devote to finding the best deal; a "rookie" shopper who is ready to put more effort into cutting

bills; or a seasoned "varsity" shopper who is looking for new ways to get the deepest discounts possible, this book offers techniques that will make it easy to save money at any level and on any timetable. Extending her Strategic Shopping protocols to mass merchandisers, wholesale clubs, natural-food stores, drugstores, and other retailers, Nelson proves that value and variety can go hand in hand. With meal-planning tips, recipes, and cost-comparison guides, as well as

inspiring real-life stories from the phenomenal Coupon Mom movement, this is a priceless guide to turning the checkout lane into a road of riches. Watch a Video *Couponing for Beginners Guide* Humanix Books Unlike old-school "design your own coupon book" titles, this book moves straight into computer technology and proceeds to the latest trend in couponing . . . apps, which provide deals to mobile users in any location. Many daily deal businesses do not work to enhance the experience for their merchants. Readers, however, can learn how to do so. Experts in the

industry are also included such as Marc Horne, co-creator of Daily Deal Builder, who discusses what it takes to build a daily deal site, David Teichner, CEO of Yowza!! who brought deal apps to iPhones and several business owners who have tried their luck at running daily deal. They discuss what they have learned from the process. Currently there are few, if any, other books on how to start a daily deal business and the coupon books focus on how to use coupons and even on extreme couponing, but not on running an online coupon business. This is a unique title which provides those who enjoy offering deals and discounts to get started in an industry that is still

growing.

The International Bestseller "This book blew my mind. More importantly, it made financial independence seem achievable. I read *Financial Freedom* three times, cover-to-cover."
-Lifehacker Money is unlimited. Time is not. Become financially independent as fast as possible. In 2010, 24-year old Grant Sabatier woke up to find he had \$2.26 in his bank account. Five years later, he had a net worth of over \$1.25 million, and CNBC began calling him

"the Millennial Millionaire." By age 30, he had reached financial independence. Along the way he uncovered that most of the accepted wisdom about money, work, and retirement is either incorrect, incomplete, or so old-school it's obsolete. Financial Freedom is a step-by-step path to make more money in less time, so you have more time for the things you love. It challenges the accepted narrative of spending decades working a traditional 9 to 5 job, pinching pennies, and finally earning the right to retirement at age 65, and instead offers readers an alternative: forget everything you've ever learned about money so that you can actually live the life you want. Sabatier offers surprising, counter-intuitive advice on topics such as how to: * Create profitable side hustles that you can turn into passive income streams or full-time businesses * Save money without giving up what makes you happy * Negotiate more out of your employer than you thought possible * Travel the world for less * Live for free--or better yet, make money on your living situation * Create a simple, money-making portfolio that only needs minor
