*The Tattooed Duchess*

HarperCollins

Medical Eligibility Criteria for Contraceptive Use reviews the medical eligibility criteria for use of contraception, offering guidance on the safety and use of different methods for women and men with specific characteristics or known medical conditions.

The recommendations are based on systematic reviews of available clinical and epidemiological research. It is a companion guideline to Selected Practice Recommendations for Contraceptive Use. Together, these documents are intended to be used by policy-makers, program managers, and the scientific community to support national programs in the preparation of service delivery

guidelines. The fourth edition of this useful resource supersedes previous editions, and has been fully updated and expanded. It includes over 86 new recommendations and 165 updates to recommendations in the previous edition. Guidance for populations with special needs is now provided, and a new annex details evidence on drug interactions from concomitant use of antiretroviral therapies and hormonal contraceptives. To assist users familiar with the third edition, new and updated recommendations are highlighted. Everyone involved in providing family planning services and contraception should have the fourth edition of Medical Eligibility Criteria for Contraceptive Use at hand.

*The Invention of Tradition*

World Resources Inst

Globally bestselling author Veronica Roth returns to the world of Divergent in this revealing short-story epilogue that

---

takes place five years after the stunning events of *Allegiant*. As Tobias struggles to understand and move past his fears, the world he once knew has changed beyond recognition. Fringe-dwellers, ex-faction members, Bureau dropouts, and migrants now coexist in the rebuilt streets of Chicago. It's a new, better world—one where he isn't sure how to belong. As everyone else seems to move forward, Tobias is still haunted by those who couldn't. But new connections from old friends help him begin to heal—and mend. And don't miss *The Fates Divide*, Veronica Roth's

powerful sequel to the bestselling *Carve the Mark*!

**The House of the Scorpion** Little, Brown Books for Young Readers  
**The GHG Protocol Corporate Accounting and Reporting Standard** helps companies and other organizations to identify, calculate, and report GHG emissions. It is designed to set the standard for accurate, complete, consistent, relevant and transparent accounting and reporting of GHG emissions.

A revised version of the author's 2001 doctoral dissertation.

**Managing and Designing Landscapes for Conservation** University of Illinois Press  
**Zhara, the First**. Elysia, her

---

clone. On the surface, they are identical. But looks can be deceiving. When Zhara plays, she plays to win. She thought she had escaped the horrors of Doctor Lusardi's cloning compound. But the nightmare is just beginning. Elysia has taken everything from Zhara—a softer, prettier version of herself and an inescapable reminder of all she's failed at in her life. Now the man Zhara loves has replaced her with Elysia. Zhara will get her clone out of the way, no matter the cost. Elysia has finally learned the truth: she has a soul. Her First is alive. She knows it hurts Zhara to see her with Alexander, but she can't give him up. The genetically-perfected Aquine has chosen as her as his life mate, and their days together are limited. Elysia can't remain in the Rave Caves off the shores of Denesme forever. Revolution is brewing on the island paradise. Hundreds of

soulless clones remain imprisoned like Elysia once was, slaves to the whims of their owners—wealthy human inhabitants of the island. As a group of clones and humans, led by Alexander, plot an insurrection that will turn Denesme's world upside down, Elysia knows her place is fighting by his side. Terrible sacrifices must be made to defeat Denesme's twisted regime. But even the greatest losses cannot prepare Elysia for the ticking time bomb built into her own programming...

Emergent Alfred A. Knopf Books for Young Readers  
Johannes Klumpers  
Biotechnologies, such as genetic engineering, cloning and biodiversity, raise many legal and ethical concerns, so it is important that people understand these issues and feel able to express their opinions. This is why the European Commission has been, for a number of years, supporting actions to improve

---

communication among scientists in these diverse areas. The project ‘ Women in Biotechnology ’ (WONBIT), financed under the 6th Framework programme of the European Commission, is an excellent example of what can be done to target opinion-formers such as scientists, economists and lawyers in bottom-up activities, and to encourage a debate on gender issues triggered by developments in the life sciences. WONBIT gave rise to a successful international conference highlighting the importance of adopting good practices and ethical considerations in parallel with the rapid pace of progress in biotechnology – from a woman ’ s point of view. In particular, the conference addressed women in decision-making positions in b- technology with specific reference to scientific excellence, social competencies and management qualities as well as issues relating to environment, society and the younger generation. But it did not stop there: a key part of the conference was dedicated to stimulating

public debate among non-specialists, which has led to a number of recommen- tions to policy-makers on better communication in biotechnology, on taking better account of the gender aspects of research, and on involving more women in the decision-making process that surrounds developments in biotechnology.

Medical Eligibility Criteria for Contraceptive Use Springer

Science & Business Media  
The distinctive relationships between landscape change, habitat fragmentation, and biodiversity conservation are highlighted in this original and useful guide to the theory and practice of ecological landscape design. Using original, ecologically based landscape design principles, the text underscores current thinking in landscape management and conservation. It offers a blend of theoretical and practical information that is illustrated with case studies drawn from

---

across the globe. Key insights by some of the world's leading experts in landscape ecology and conservation biology make *Managing and Designing Landscapes for Conservation* an essential volume for anyone involved in landscape management, natural resource planning, or biodiversity conservation.

The Twelve Days of Dash & Lily  
A&C Black

Yearning to escape the small Massachusetts town where her family retreated after her sister's death, Wonder Blake gets her chance when her sister's manager offers Wonder a record contract on her sixteenth birthday.

The Trouble with Fate  
Knopf Books for Young Readers

Now a motion picture starring Victoria Justice! From the New York Times bestselling authors of *NICK & NORAH'S INFINITE PLAYLIST*, *NAOMI AND ELY'S NO KISS LIST* is the quintessential Girl-Likes-Boy-Who-Likes-Boys story. Naomi

and Ely are best friends.

Inseparable since childhood.

Naomi is straight. Ely is gay.

Naomi dates guys who she claims to like. They're okay, but she likes Ely more. To protect their feelings, Naomi and Ely created a No Kiss List—a list of people neither of them is allowed to kiss under any circumstances.

Naomi's latest boyfriend Bruce isn't on that list. But he probably should have been.

Because when Ely kisses Bruce, it breaks Naomi's heart.

The result? A rift of universal proportions. Can these best friends come together again, or will this be end of Naomi and Ely: the Institution? Told in alternating voices using an array of emoticons and symbols by co-authors Rachel Cohn and David Levithan, co-author of *WILL GRAYSON*, *WILL GRAYSON* with John Green (*THE FAULT IN OUR STARS*), *NAOMI AND ELY'S NO KISS LIST* is the ultimate offbeat story about leaving room for every kind of love.

*Cross My Heart, Hope to Die*

Beta

From Canada 's new queen of suspense, another hugely entertaining supernatural thriller that will have you on the edge of your seat. Prepare to be enchanted . . . Forget the cackling green hag in *The Wizard of Oz*, forget Samantha from *Bewitched*. Real witches are nothing, NOTHING like this. For years real witches have hidden their powers, afraid of being persecuted. They have integrated so well into the community, you could have a witch living right next door and never know about it. Take Paige, for instance, whom we first met in Kelley Armstrong 's novel *Stolen*. Just an ordinary twenty-something who runs her own website design company, worries about her weight and wonders if she 'll ever find a boyfriend. Okay, so she 's leader of the American Coven and guardian of Savannah, the

teenage daughter of a black witch. Really, life is ordinary. But then a telekinetic half-demon, Leah O 'Donnell, shows up to fight for custody of Savannah. And although Paige is ready for her, she 's not quite so prepared for the team of supernaturals that Leah brings with her, including a powerful sorcerer who claims to be Savannah 's father. When all hell breaks loose -- literally -- and Paige is accused of witchcraft, Satanism and murder, the Coven, fearing exposure, abandons her. Cut off from her friends, Paige is forced against her better judgment to accept the help of a young sorcerer lawyer. And she quickly comes to realize that keeping Savannah could mean losing everything else. Breathtakingly thrilling, hip and funny, this new novel is another page-turning triumph from an author who is going from strength to strength. " I had a feeding frenzy on my

---

front lawn, an unconscious paranormal investigator on my stairs, and, somewhere out there, an entire Cabal special projects team devoted to ruining my life. ” -- from *Dime Store Magic* Guidelines for Cardiac Rehabilitation and Secondary Prevention Programs Springer Publishing Company

For Dash and Lily, it's beginning to look a lot like...distance! Just in time for the series release of *Dash & Lily* on Netflix comes a new helping of love--this time across the pond as best-selling authors Rachel Cohn and David Levithan send Dash and Lily to England. Dash and Lily were feeling closer than ever...it's just too bad they're now an ocean apart. After Dash gets accepted to Oxford University and Lily stays in New York to take care of her dogwalking business, the devoted couple are struggling to make a long distance relationship work. And when Dash breaks the news that he won't be coming home for Christmas, Lily makes a decision: if Dash can't come to

her, she'll join him in London. It's a perfect romantic gesture...that spins out of Lily's control. Soon Dash and Lily are feeling more of a gap between them, even though they're in the same city. Will London bring them together again--or will it be their undoing?

The Illio Vintage Canada  
The New York Times bestselling he-said/she-said rock n ' roll romance that inspired the motion picture starring Michael Cera (Juno, Arrested Development) and Kat Dennings (Thor, TV ' s 2 Broke Girls)! "I know this is going to sound strange, but would you mind being my girlfriend for the next five minutes?" Nick frequents New York's indie rock scene nursing a broken heart. Norah is questioning all of her assumptions about the world. They have nothing in common except for their taste in music, until a chance encounter leads to

---

an all-night quest to find a legendary band's secret show and ends up becoming a first date that could change both their lives. Co-written by Rachel Cohn and David Levithan, co-author of **WILL GRAYSON, WILL GRAYSON** with John Green (**THE FAULT IN OUR STARS**), **NICK & NORAH 'S INFINITE PLAYLIST** is a sexy, funny roller coaster of a story that reminds you how you can never be sure where the night will take you...

Unremembered Simon and Schuster

Sassy and entertaining Cyd Charisse moves from San Francisco to New York City to start a new life—without her true love—in the “thoroughly satisfying conclusion to the saga” (*School Library Journal*). Cyd wants to find a cool job, the city’s best caffeination and most perfect cupcake, and a hot new love. But the reality of her

new life hits some unexpected obstacles, including a broken leg that renders her immobile; the joy and aggravation of sharing an apartment with a roommate who’s also an older brother; and a tasty selection of guys—none of whom measure up to Shrimp.

Then, just when Cyd starts to get her new life on track, her old love returns. Shrimp has given up on his plans to live and surf in New Zealand and arrives in NYC with nothing to do other than to be with her. And this time Cyd’s is determined that she and Shrimp will not repeat their old mistakes. This third book about reformed hellion Cyd Charisse is just as unforgettable as *Gingerbread and Shrimp*.

*Women in Biotechnology*  
Simon and Schuster

Lia Kahn is beautiful, popular and destined for success...

until the horrific accident that nearly kills her. Lia wakes up in a body that is not a body.

It's a machine, designed to look and feel human, and her memories have been 'downloaded'. Lia will never

---

age. She need never feel pain again. And, as long as she is vigilant about backing up her memories, she need never die. Struggling to come to terms with what has happened, Lia tries to return to her own life. But nothing is the same... She's one of the "mechanicals" or "mechs" now. Her friends and boyfriend turn their backs on her, shutting her out. Even her own family can't seem to understand that underneath it all, she's still the same person. Or is she? Drawn to a seemingly reckless circle of "mechs", Lia starts to see the limitless options of her new "body" - after all, there isn't anything they can't do! But there are some who would like to see the new technology vanish, and these strange mechanical beings along with it. Can you really be human without a body? And is it technically murder to "kill" a machine...? In the tradition of Scott Westerfeld comes a

riveting and edgy science fiction novel which raises questions of mortality, technology and morality.

Greta and the Goblin King  
Entangled: Teen

‘ The most stimulating history book which has come my way this year ... ’ History Today  
Global Chemicals Outlook St. Martin's Paperbacks  
If Cyd Charisse knows one thing, it's that Shrimp is her true love. Shrimp, the hottest pint-size surfer-artist in San Francisco. That boy (as her mother called him), who was the primary cause of Cyd being grounded to Alcatraz, formerly known as her room. The boy who dumped Cyd before she left home to spend the summer in New York City. Now it's the start of senior year. Cyd has changed, but maybe Shrimp has changed too -- and maybe Cyd and Shrimp will need to get to know each other all over again

---

to figure out if it's for real. Can Cyd get back together with Shrimp and keep the peace with her mom? And can she get a life outside of her all-encompassing boy radar? This sequel to *Gingerbread* has all the sharp humor and searing attitude of the original, which *ELLEgirl* praised as "not just Another Teen Novel" and *Teen People* called "unforgettable." In *Shrimp*, Cyd might be a little older and a little wiser, but she's still the same irrepressible free spirit determined to find her own way in the world, on her own terms.

The New York Times

Bestselling duo behind *Nick & Norah's Infinite Playlist* and *The Twelve Days of*

*Dash & Lily* return with twins out to throw the party of a lifetime--or at least the best party of high school! Siblings Sam and Ilsa Kehlmann have spent most of their high school years throwing parties for their friends--and now they've prepared their final blowout, just before graduation. The rules are simple: each twin gets to invite three guests, and the other twin doesn't know who's coming until the parties show up at the door. With Sam and Ilsa, the sibling revelry is always tempered with a large dose of sibling rivalry, and tonight is no exception. One night. One apartment. Eight people. What could possibly go wrong? Oh, we all know the answer is plenty. But plenty also goes right, as well...in rather surprising ways.

---

## Register and Manual - State of Connecticut World Health Organization

Matt is six years old when he discovers that he is different from other children and other people.

To most, Matt isn't considered a boy at all, but a beast, dirty and disgusting. But to El Patron, lord of a country called Opium, Matt is the guarantee of eternal life. El Patron loves Matt as he loves himself - for Matt is himself.

They share the exact same DNA.

As Matt struggles to understand his existence and what that existence truly means, he is threatened by a host of sinister and manipulating characters, from El Patron's power-hungry family to the brain-deadened eejits and mindless slaves that toil Opium's poppy fields.

Surrounded by a dangerous army of bodyguards, escape is the only chance Matt has to survive. But even escape is no guarantee of freedom... because Matt is marked by his difference in ways that he doesn't even suspect.
