Caitlin is horrified to discover Caleb with his ex-wife, Sera, and before Caleb has a chance to explain, Caitlin tells him to leave. Heartbroken, confused, Caitlin wants to curl up and die, her only consolation being in her wolf-pup Rose. Caitlin also finds consolation in her new surroundings. She finds she has been placed on a hidden island in the Hudson River-Pollepel-amidst an elite coven of teenage vampires, boys and girls alike, 24 in all, including her. She learns that this is a place for outcasts, just like her, and as she meets her new best friend, Polly, and begins her training in elite vampire combat, she realizes that she might finally have a place to call home. But a major vampire war is looming, and her brother Sam is still out there, kidnapped by Samantha. The evil Kyle, too, now wielding the mythical Sword, is still on the warpath, and he will stop at nothing to wipe out New York. Caitlin, despite her new home, and despite her finding a new love interest in the elusive vampire Blake, knows that she can only stay on this island for so long before her destiny calls. After all, she is still the One, and all eyes still look to her to find her father and the other weapon that might save them all. Torn between her new friends and her lingering feelings for Caleb, she must come to decide where her true loyalties lie, and whether she is willing to risk it all to try to find Caleb and have him in her life once again.... Indiana, 1818. Moonlight falls through the dense woods that surround a one-room cabin, where a nine-year-old Abraham Lincoln kneels at his suffering mother's bedside. She's been stricken with something the old-timers call "Milk Sickness." "My baby boy..." she whispers before dying. Only later will the grieving Abe learn that his mother's fatal affliction was actually the work of a vampire. When the truth becomes known to young Lincoln, he writes in his journal, "henceforth my life shall be one of rigorous study and devotion. I shall become a master of mind and body. And this mastery shall have but one purpose..." Gifted with his legendary height, strength, and skill with an ax, Abe sets out on a path of vengeance that will lead him all the way to the White House. While Abraham Lincoln is widely lauded for saving a Union and freeing millions of slaves, his valiant fight against the forces of the undead has remained in the shadows for hundreds of years. That is, until Seth Grahame-Smith stumbled upon The Secret Journal of Abraham Lincoln, and became the first living person to lay eyes on it in more than 140 years. Using the journal as his guide and writing in the grand biographical style of Doris Kearns Goodwin and David McCullough, Seth has reconstructed the true life story of our greatest president for the first time—all while revealing the hidden history behind the Civil War and uncovering the role vampires played in the birth, growth, and near-death of our nation.

When he comes of age and is forbidden by his father to try out for the King's Legion, he refuses to take no for an answer: he journeys out on his own, determined to force his way into King's Court and be taken seriously. Against all odds he falls in love with the king's daughter, and as their forbidden relationship blossoms, he discovers he has powerful rivals. As he struggles to make sense of his powers, the king's sorcerer takes him under his wing and tells him of a mother he never knew, in a land far away, beyond the Canyon, beyond even the land of the Dragons. Before Thorgrin can venture out and become the warrior he yearns to be, he must complete his training. Born to survivalists in the mountains of Idaho, Tara Westover was seventeen the first time she set foot in a classroom. Her family was so isolated from mainstream society that there was no one to ensure the children received an education, and no one to intervene when one of Tara's older brothers became violent. When another

brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she'd traveled too far, if there was still a way home.

"Beautiful and propulsive . . . Despite the singularity of [Westover's] childhood, the questions her book poses are universal: How much of ourselves should we give to those we love? And how much must we betray them to grow up?"—Vogue
