Using nanotechnology to enable miracle health cures and promote unprecedented levels of global wealth in the mid-21st century, Dr. Toby Glyer sparks moral debates and finds his innovations tested by their sentience and the threat of a cataclysmic asteroid collision. Co-written by the Hugo and Nebula Award-winning author of the Ringworld series.

Ringworld, Known Space, the Mote in God's Eye, the Legacy of Heorot, Beowulf's Children, Footfall, a Gift from Ear Random House Digital, Inc.

Two masterworks of science fiction at one low price, from award-winning author Larry Niven! Ringworld's Children The Ringworld is a landmark engineering achievement, a flat band three million times the surface area of Earth, encircling a distant star. Home to trillions of inhabitants, not all of whom are human, and host to amazing technological wonders, the

Ringworld is unique in all of the universe. Explorer Louis Wu, an Earth-born human who was part of the first expedition to Ringworld, becomes enmeshed in interplanetary and interspecies intrigue as war and a powerful new weapon threaten to tear the Ringworld apart forever. Now, the future of Ringworld lies in the actions of its children. All must play a dangerous game in order to save Ringworld's population and the stability of Ringworld itself. *Fleet of Worlds* It is two hundred years before the discovery of the Ringworld. Humanity has been faithfully serving the Citizens for years,

and Kirsten Quinn-Kovacks is among the best and the brightest of the humans. She gratefully serves the race that rescued her ancestors from a dying starship, gave them a home world, and nurtures them still. When a chain reaction of supernovae at the galaxy's core unleashes a wave of lethal radiation that will sterilize the galaxy, the Citizens flee, taking their planets, the Fleet of Worlds, with them. Someone must scout ahead, and Kirsten and her crew eagerly volunteer. Under the guiding eye of Nessus, their Citizen mentor, they explore for any possible dangers in the Fleet's path--and uncover

long-hidden truths that will shake the foundations of worlds.

For decades, the spacefaring species of Known Space have battled over the largest artifact—and grandest prize—in the galaxy: the all-but-limitless resources and technology of the Ringworld. But without warning the Ringworld has vanished, leaving behind three rival war fleets. Something

must justify the blood and treasure that have been spent. If the fallen civilization of the Ringworld can no longer be despoiled of its secrets, the Puppeteers will be forced to surrender theirs. Everyone knows that the Puppeteers are cowards. But the crises converging upon the trillion Puppeteers of the Fleet of Worlds go far beyond even the onrushing armadas: Adventurer Louis Wu and the exiled Puppeteer known only as Hindmost, marooned together for more than a decade, escaped from the Ringworld before it disappeared. And throughout those years, as he studied Ringworld technology, Hindmost has plotted to reclaim his power ... Ol't'ro, the Gw'oth ensemble mind—and the Fleet of World's unsuspected puppet master for a century—is deviously brilliant. And, increasingly unbalanced ... Proteus, the artificial intelligence on which—in desperation—the Puppeteers rely to manage their defenses, is outgrowing its programming. And the supposed constraints on its initiative ... Sigmund Ausfaller, paranoid and disgraced hero of the lost human colony of New Terra, knows that something threatens his adopted home world. And that it must be stopped ... Achilles, the megalomaniac Puppeteer, twice banished—and twice rehabilitated—sees the Fleet of World's existential crisis as a new opportunity to reclaim supreme power. Whatever the risks ... One way or another, the fabled race of Puppeteers may have come to the end of their days in this final installment to Larry Niven and Edward M. Lerner's Fleet of Worlds series. GIVE PEACE A CHANCE A Kzin's instinctively combative

responses make for poor diplomatic relations between species. But now that their "first you scream and then you leap" approach to interstellar relations have led to three straight losses to the hairless hominidae of Sol III, there has begun to arise in Kzinti consciousness the faintest glimmering that there may be a Better Way. And in the resulting calm between wars, humans and Kzin are beginning to collaborate. Now the Universe really has something to worry about. Juggler of Worlds Betrayal of Worlds

Gil "The Arm" Hamilton was one of the top operatives of ARM, the elite UN police force. His intuition was unfailingly accurate; his detective skills second to none; and his psychic powers—esper sense and telekinesis—were awesome.

Tough and deadly, Gil Hamilton could reach right into a person's brain for the truth . . . or for the kill! Read all the stories of the legendary ARM operative, collected here in one volume for the very first time: •

Organleggers aren't stopping at robbing body parts from the corpses of the frozen dead. Now

they're stealing from the living . . . and Gil is a prime target! • The most beautiful woman on Luna has been falsely accused of murder. Unless Gil can prove her innocence, she's doomed to end up as a sack of spare parts in the organ banks. . . . • And more . . . Plus an all-new, never-before-published Gil Hamilton adventure!

THE LONG-AWAITED CONCLUSION OF THE HEOROT SERIES FROM GENRE LEGENDS LARRY NIVEN, JERRY POURNELLE, AND STEVEN BARNES Avalon was thriving. The cold sleep colonists from Earth had settled on a verdant, livable world. The fast and cunning predators humans named grendels were under control, and the mainland outposts well established. Avalon's new mainland hydroelectric power station was nearly complete, and when on-line would compensate for the nuclear power systems lost in the Grendel Wars. Humans would have power, and with power came the ability to make all the necessities for life.

They would survive. They would not survive as a spacefaring people. What they were losing faster than they knew was the ability to get to space. But unbeknownst to the planet-bound humans, something was moving out there in the stars, decelerating at a rate impossible for a natural object. And its destination was Avalon. The most probable origin was Earth's Solar System. This is a novel of first contact—between the human Starborn and the self-named Godsons who followed on, between the first generation of Avalon born humans and their descendants, and between humans and the almost ineffably alien species native to their new world . . . BOOK TWO IN THE CLASSIC HEOROT SERIES FROM GENRE LEGENDS LARRY NIVEN, JERRY POURNELLE, AND STEVEN BARNES. Some

twenty years have passed since the passengers and crew of the starship Geographic established a colony on the hostile alien world of Avalon. In that time, a new generation has grown up in the

peace and serenity of the island paradise of Camelot, ignorant of the Great Grendel Wars fought between their parents and grandparents and the monstrous inhabitants of Avalon. Now, under the influence of a charismatic leader, a group of young rebels makes for the mainland, intent on establishing their own colony, sure that they can vanquish any foe that should stand in their way. But they will soon discover that Avalon holds darker secrets still. At the publisher's request, this title is sold without DRM (Digital Rights Management). About Beowulf's Children: "Few writers have a finer pedigree than those here. . . . As one might suspect Beowulf's Children is seamless . . .

"Possibly the greatest science fiction novel I have ever read."—Robert A. Heinlein on *The Mote in God's Eye* About Larry Niven: "Larry Niven's *Ringworld* remains one of the all-time classic travelogues of science fiction — a new and amazing world and fantastic companions."—Greg Beam "Our premier hard SF writer."—The Baltimore Sun "The scope of Larry Niven's work is so vast that only a writer of supreme talent could disguise the fact as well as he can."—Tom Clancy "Niven is a true master."—Frederik Pohl About Jerry Pournelle: "Jerry Pournelle is one of science fiction's greatest storytellers."—Poul Anderson "Jerry Pournelle's trademark is first-rate action against well-realized backgrounds of hard science and hardball politics."—David Drake "Rousing . . . The Best of the Genre."—The New York Times "On the cover . . . is the claim 'No. 1 Adventure Novel of the Year.' And well it might be."—Milwaukee Journal on *Janissaries* About Steven Barnes: "Brilliant, surprising, and devastating."—David Mack "Sharp, observant and scary."—Greg Bear "Profound and exhilarating."—Maurice Broaddus, author of *The Knights of Breton Court* "Barnes gives us characters that are vividly real people, conceived with insight and portrayed with compassion and rare skill and then he stokes the suspense up to levels that will make the reader miss sleep and be late for work."—Tim Powers "[Barnes] combines imagination, anthropology and beautiful storytelling as he takes readers to the foot of the Great Mountain, today known as Mount Kilimanjaro."—Durham Triangle Tribune on *Great Sky Woman* **Flatlander** Tor Books "A well-written and worthy sequel to one of SF's enduring classics"—the Nebula Award winner *The Forever War*—now with a bonus story, "A Separate War" (Publishers Weekly). On virtually every list of the greatest military science fiction adventures ever written, Joe Haldeman's Hugo and Nebula

Award-winning classic, *The Forever War*, is ranked at the very top. In *Forever Free*, the Science Fiction Writers of America Grand Master and author of the acclaimed *Worlds* series returns to that same volatile universe where human space marines once engaged the alien Taurans in never-ending battle. While loyal soldier William Mandella was fighting for the survival of the human race in a distant galaxy, thousands of years were passing on his home planet, Earth. Then, with the end of the hostilities came the shocking realization that humanity had evolved into something he did not recognize. Offered the choice of retaining his individuality or becoming part of

the genetically modified shared Human hive-mind, Mandella chose exile, joining other veterans of the *Forever War* seeking a new life on a wasteland world they called *Middle Finger*. Making a home for themselves in this half-frozen hell, Mandella and his life partner, Marygay, have survived into middle age, raising a son and a daughter in the process. Now, the dark truth about the colonists' ultimate role in the continuation of the Human group mind will force Mandella and Marygay to take desperate action as they hijack an interstellar vessel and set off on a frantic escape across space and time. But what awaits them upon their return is a mystery far beyond all human—or

Human—comprehension . . . In *Forever Free*, Joe Haldeman's stunning vision of humankind's far future reaches its enthralling conclusion in a masterwork of speculation from the mind and heart of one of the undisputed champions of hard science fiction. And in the bonus story included in this volume, "A Separate War," Marygay, reassigned and separated from her lover, Mandella, continues fighting in military engagements across the stars—all the while planning how she and Mandella can reunite despite the time and space between them.

Fate of Worlds Macmillan

Aislin Ferry and Jason Moros have only days until they will be called to account before the Keepers of the Afterlife. Yet as they race to restore order and make their case, their worlds fall into total disarray. Mutiny within the fractured Ferry family threatens Aislin's hold on power and role as Charon. Meanwhile, the fearsome Lord of the Kere has family trouble of his own. Someone is unraveling the fabric of fate, and Moros suspects one of his supernatural siblings is behind the terrible bid to unleash Chaos. Now unlikely allies, Aislin and Moros each need the other to escape the wrath of the

Keepers. As the stakes rise, it becomes clear that protecting their respective empires is not the endgame. With the fate of all humanity dangling by a thread, Aislin and Moros must surrender completely to one another if they are to fight their common enemy. And as time runs out, someone must make the ultimate sacrifice.
