The Monkey Wrench Gang Back Bay Books

Cognitive task analysis was used to design a simulation game that allows managers to rapidly acquire the decision skills needed for identifying the necessary training for new technologies. The game developed is designed to provide simulated experience in making

key decisions regarding training during the implementation of new technologies. A Decision Matrix and a Decision Matrix Template are also provided in blank form as an aid in making training decisions. The electronic decision game developed is "The Automatic Bus Announcement System Project."

A Field Guide to Monkeywrenching Island Press

"Abbey's latter-day Luddites, introduced in his novel *The Monkey Wrench Gang*, are back—and not a moment too soon" (*The New York Times*). George Washington Hayduke III, ex-Green Beret, was last seen clinging to a rock face in the wilds of Utah as an armed posse hunted him down for his eco-radicalist crimes. Now he's back, with a fiery need for vengeance . . . This sequel to Edward Abbey's

cult classic brings back the old gang of environmental warriors, as they battle a fundamentalist preacher intent on turning the Grand Canyon into a uranium mine—in “a fine novel, combative and comic, anarchistic and ultimately redemptive” (Albuquerque Journal). “I laughed out loud reading this book.” —Los Angeles Times

From cyberspace to crawl spaces, new innovations in information gathering have left the private life of the average person open to scrutiny, and worse, exploitation. In this thoroughly revised update of his immensely popular guide *How to Be Invisible*, J.J. Luna shows you how to protect yourself from these information predators by securing your vehicle and real estate ownership, your bank accounts, your business dealings, your computer files, your home address, and more. J.J. Luna, a highly trained and experienced security consultant, shows you how to achieve the privacy you crave and deserve, whether you just want to shield yourself from casual scrutiny or take your life savings with you and disappearing without a trace. Whatever your needs, Luna reveals the

shocking secrets that private detectives and other seekers of personal information use to uncover information and then shows how to make a serious commitment to safeguarding yourself. There is a prevailing sense in our society that true privacy is a thing of the past. Filled with vivid real life stories drawn from the headlines and from Luna's own consulting experience, *How to Be Invisible, Revised Edition* is a critical antidote to the privacy concerns that continue only to grow in magnitude as new and more efficient ways of undermining our personal security are made available. Privacy is a commonly-lamented casualty of the Information Age and of the world's changing climate-but that doesn't mean you have to stand for it.

A Musical Life with Bruce Springsteen, Little Feat, Frank Zappa, Tom Waits, CSNY, and Many More Transportation Research Board
The Smell of Kerosene tells the dramatic story of a NASA research pilot who logged over 11,000 flight hours in more than 125 types of aircraft. Donald Mallick gives the reader fascinating firsthand descriptions of his early naval flight training, carrier operations, and his research flying career with NASA and its predecessor agency, the National Advisory Committee for Aeronautics (NACA).

Cerphe 's Up is an incisive musical memoir by Cerphe Colwell, a renowned rock radio broadcaster for more than forty-five years in Washington, DC. Cerphe shares his life as a rock radio insider in rich detail and previously unpublished photographs. His story includes promotion and friendship with a young unknown Bruce Springsteen; his years at radio station WHFS 102.3 as it blossomed in a new freeform format; candid interviews with Little Feat 's Lowell George, Tom Waits, Nils Lofgren, Stevie Nicks, Crosby, Stills & Nash, Steven Van Zandt,

Robert Plant, Danny Kortchmar, Seldom Scene 's John Duffey, and many others; hanging out with George Harrison, the Rolling Stones, Van Morrison, John Entwistle, Jackson Browne, and many more; testifying on Capitol Hill with friend Frank Zappa during the " Porn Rock " hearings; and managing the radio syndication of both G. Gordon Liddy and Howard Stern. Player listings and selected performances at legendary DC music clubs Childe Harold and Cellar Door are also chronicled. Cerphe ' s Up is both historically significant and a fun, revealing ride with some of the greatest rock-and-roll highfliers of the twentieth century. Cerphe ' s Up belongs on the reading list of every rock fan, musician, and serious music scholar.

For most of us, privacy means an unlisted telephone number. But what about your Social Security number? Your credit card numbers? Your bank account statements? Your personal health data? You may think this information is also secure, but if you've ever ordered anything over the Internet, or if your credit card is on file at the local video store just in case you never return that copy of Titanic, or if you throw out bank statements without shredding them, then this information is now in the public domain and can easily be discovered and used against you by a private eye, a computer hacker, or even a vengeful neighbor or former lover. Once people gain control of even a shred of your personal information, they can gain control of your life. They can transform this information into access to your assets, your loved ones, even your identity. And once your privacy is gone, there's very little you can do to get it back. J. J. Luna, a highly trained and experienced security consultant, can show you how to achieve the privacy you crave, whether you just want to shield yourself from casual scrutiny or take your life savings and disappear without a trace. He reveals the shocking secrets that private detectives use to uncover information, and then shows you how to safeguard against them. Filled with vivid real-life stories drawn from the

headlines and from Luna's own consulting experience, *How to Be Invisible* is the essential guide to preserving your personal security. Privacy is commonly lamented as the first casualty of the Information Age-- but that doesn't mean you have to stand for it.

Radical environmental groups throughout the world, militantly committed to defending the ecology, are growing in size and influence. In this country, activists engage in ecological civil disobedience and "ecotage"-- the sabotaging of equipment to prevent ecological damage-- in the struggle to preserve wilderness lands. These ecoteurs have gone beyond traditional conservation concerns to a new philosophy-- Deep Ecology, or biocentrism-- that calls into question not only the wisdom, but the legitimacy of humanity's domination of nature. In "Green Rage", Christopher Manes has written a brilliant defense of radical environmentalism, challenging the ethics of modern industrial society and

asserting the right of the natural world to blossom, evolve, and exist for its own sake.

Warning Miracle Lulu.com
"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Green Rage Houghton Mifflin Harcourt
A motley crew of saboteurs wreak outrageous havoc on the corporations destroying America's Western wilderness in this classic, comic extravaganza. When George Washington Hayduke III returns home from war in the jungles of Southeast Asia, he finds the unspoiled West he once knew has been transformed. The pristine lands and waterways are being strip mined, dammed up, and paved over by greedy government hacks and their corrupt corporate coconspirators. And the manic, beer-guzzling, rabidly antisocial ex-Green Beret isn't just getting mad. Hayduke plans to get even. Together with a radical feminist from the Bronx; a wealthy, billboard-torching libertarian MD; and a disgraced Mormon polygamist, Hayduke's ready to stick it to the Man in the most creative ways imaginable. By the time they're done, there won't be a bridge left standing, a dam unblown, or a bulldozer unmolested from Arizona to Utah. Edward Abbey's most

popular novel, *The Monkey Wrench Gang* is an outrageous romp with ultra-serious undertones that is as relevant today as it was in the early days of the environmental movement. The author who Larry McMurry (Lonesome Dove) once dubbed “ The Thoreau of the American West ” has written a true comedic classic with brains, heart, and soul that more than justifies the call from the Los Angeles Times Book Review that we should all “ praise the earth for Edward Abbey! ”

Hayduke Lives! Rosetta Books

This cynical and immensely entertaining book describes the scanner world, the people in it, the equipment they use, and how they acquire and tune in to the "secret" frequencies.
