Order Out of Chaos Harmony
The instant New York Times
bestseller, now available in

paperback and featuring a new afterword from the author—the insider's guide to the Facebook/Cambridge Analytica scandal, the inner workings of the tech world, and who really runs Silicon Valley “ Incisive.... The most fun business book I have read this year.... Clearly there will be people who hate this book — which is probably one of the things that makes it such a great read. ” — Andrew Ross Sorkin,

New York Times Imagine a chimpanzee rampaging through a datacenter powering everything from Google to Facebook. Infrastructure engineers use a software version of this “ chaos monkey ” to test online services ’ robustness—their ability to survive random failure and correct mistakes before they actually occur. Tech entrepreneurs are society ’ s chaos monkeys. One of Silicon Valley ’ s most audacious chaos monkeys is Antonio Garc í a Mart í nez. After stints on Wall Street and as CEO of his own startup, Garc í a Mart í nez joined Facebook ’ s nascent advertising team. Forced out in the wake of an internal product war over the future of the company ’ s monetization strategy, Garc í a Mart í nez eventually landed at rival Twitter. In Chaos Monkeys, this gleeful contrarian unravels the chaotic evolution of social media and online marketing and reveals how it is invading our lives and shaping our future.

Books

The popularity of the Management Forum in "Software Development" Magazine is not surprising. Because the majority of software development projects fail to come in on time, on budget, or on specification, software development managers are constantly seeking out management approaches and techniques that will help them achieve success. Many software development projects deteriorate into a state of chaos. In "Beyond Chaos," the keenest contributions to the Management Forum have been incorporated into a single volume to reveal best practices in managing software projects and organizations. The forty-five essays contained in this book are written by many of the

leading names in software development, software engineering, and technical management. Each piece has been selected and edited to provide highly focused ideas and suggestions that can be translated into immediate practice. Pragmatic and provocative, they address key management concerns involving people, planning and productivity, coping under pressure, quality, development processes, and leadership and teamwork. Highlights of the book include: Larry Constantine, "Dealing with Difficult People: Changing the Changeable" Karl Wiegers, "First Things First: A Project Manager's Primer" Capers Jones, "Productivity by the Numbers: What Can Speed Up or Slow Down Software Development" Ed Yourdon, "Death March: Surviving a

Hopeless Project" Dave Thomas, "Web-Time Development: High-Speed Software Engineering" Meilir Page-Jones, "Seduced by Reuse: Realizing Reusable Components" Jim Highsmith, "Order for Free: An Organic Model for Adaptation" Steve McConnell, "Managing Outsourced Projects: Project Management Inside-Out" These and many more insightful and advisory essays together represent the cutting edge in software development management and the collective wisdom of the field's most knowledgeable practitioners. Both entertaining and enlightening, "Beyond Chaos" will enrich your skills and enhance your deeper understanding of the process of bringing software from idea to reality.

The End of Certainty

Berrett-Koehler Publishers
The Johnsons were a close and loving family living in the Seattle area - two parents, two incomes, two bright and accomplished daughters. They led busy lives filled with music lessons, college preparation, career demands, and laughter around the dinner table. Then the younger daughter, Linea, started experiencing crippling bouts of suicidal depression. Multiple trips to the psych ward resulted in a diagnosis of bipolar disorder, and it took many trial runs of drugs and ultimately electroshock therapy to bring Linea back. But her family never gave up on her. And Linea never stopped trying to find her way back to them. Perfect Chaos is the story of a mother and daughter's journey through mental illness towards hope. From initial worrying symptoms to long sleepless nights to

cross-country flights and the slow understanding and rebuilding of trust, Perfect Chaos tells Linea and Cinda's harrowing and inspiring story, of an illness that they conquer together every day. It is the story of a daughter's courage, a mother's faith, and the love that carried them through the darkest times.

Beyond Time Out Simon and Schuster

How the daily practices of life with children can shape our faith In the *Midst of Chaos* explores parenting as spiritual practice, building on Bonnie J. Miller-McLemore's fresh conceptions of children from her book *Let the Children Come*. She questions conventional perceptions that spiritual practices require silence, solitude, and uninterrupted prayer

and that assume a life unburdened by care of others. She is both honest about the difficulties and attentive to the blessings present in everyday life and demonstrates that the life of faith encompasses children and the adults who care for them. Miller-McLemore explores how parents might use seven daily practices, such as play, reading, chores, and saying goodbye or goodnight as rich opportunities to shape both parent and child morally and spiritually. Through these experiences, she shows how the very care of children forms and reforms the faith of adults themselves, contrary to the belief that adults must form children. In the *Midst of Chaos* also goes beyond the typical

focus on individual self-fulfillment by tackling difficult questions of social justice and mutuality in the ways families live together. Readers will find in this book an invitation to love those around them in the midst of life's craziness and to live more deeply in grace.

Beyond Discipline

Cambridge University Press

The Six Steps to

Organizational Freedom Do

you: *Miss important deadlines at work? *Forget to return urgent phone calls? *Lose papers that were “just here a minute ago”? *Have multiple layers of sticky notes on your computer? *Leave projects unfinished for days, weeks, or even months at a time? If any of these sound familiar, then you are among the ranks of the disorganized—whether

mildly or completely—and LiDavenport has written this book just for you. Order from Chaos is the organizing book for disorganized people. In six easy steps she offers a system that will help you clean up your act. She demonstrates how to clear your desk by teaching you what's trash and why, reveals what a calendar is really meant to be, and provides a no-fail system for prioritization. At the end of the day, your desk will be clear and your mind will be free to relax. Rather than offering overcomplicated instructions for filing systems and time management plans, Order from Chaos focuses on ease of use. There is not one person—from office assistant to CEO—who will not benefit from this straightforward, easy-to-maintain plan.

Order from Chaos Coffee House Press
In this dramatic short story -- a prequel to the award-winning *Chaos Walking Trilogy* -- author Patrick Ness gives us the story of Viola's journey to the New World. Whether you're new to *Chaos Walking* or an established fan, this prequel serves as a fascinating introduction to the series that Publishers Weekly called one of the most important works of young adult science fiction in recent years.

Beyond Time-Out SAMPI Books

A pioneering book that shows how the two great themes of classic science, order and chaos, are being reconciled in a new and unexpected synthesis *Order Out of Chaos* is a sweeping critique of the discordant landscape of modern scientific knowledge. In this landmark book, Nobel

Laureate Ilya Prigogine and acclaimed philosopher Isabelle Stengers offer an exciting and accessible account of the philosophical implications of thermodynamics. Prigogine and Stengers bring contradictory philosophies of time and chance into a novel and ambitious synthesis. Since its first publication in France in 1978, this book has sparked debate among physicists, philosophers, literary critics and historians.

Cultivating Chaos ASCD Drew Karpyshyn has made his mark with imaginative, action-packed work on several acclaimed videogames, including *Mass Effect* and *Star Wars: Knights of the Old Republic*, as well as in a succession of New York Times bestselling tie-in novels. Now Karpyshyn introduces a brilliantly innovative epic fantasy of perilous quests, tormented heroes, and darkest sorcery—a thrilling adventure that vaults him into the company of such authors as Terry Goodkind, Brandon Sanderson, and Peter V. Brett. Long ago the gods chose a great hero to act as their agent in the mortal world and to stand against the demonic spawn of Chaos. The gods gifted their champion, Daemron, with three magical Talismans: a sword, a ring, and a crown. But the awesome power at his command corrupted Daemron, turning him from savior to destroyer. Filled with pride, he dared to challenge the gods themselves. Siding with the Chaos spawn, Daemron waged a titanic battle against the Immortals. In the end,

Daemron was defeated, the Talismans were lost, and Chaos was sealed off behind the Legacy—a magical barrier the gods sacrificed themselves to create. Now the Legacy is fading. On the other side, the banished Daemron stirs. And across the scattered corners of the land, four children are born of suffering and strife, each touched by one aspect of Daemron himself—wizard, warrior, prophet, king. Bound by a connection deeper than blood, the Children of Fire will either restore the Legacy or bring it crashing down, freeing Daemron to wreak his vengeance upon the mortal world. BONUS: This edition includes an excerpt from Drew Karpysbyn's *The Scorched Earth*. Praise for *Children of Fire* “This intricately layered adventure breathes realism and overshadowing menace into ancient mythic archetypes, exposing the pain and wonder inherent in magic and the mingled hope and cynicism of modern fantasy.”—Publishers Weekly (starred review) “A rousing quest fantasy . . . a fast-paced action-packed good and evil thriller.”—SF Revu “From the first page of *Children of Fire*, Karpysbyn captures the reader’s attention with his excellent, intricate storyline.”—RT Book Reviews “*Children of Fire* stands on its own as a thoroughly entertaining tale. The book strikes a perfect balance between character driven storytelling and rich world building.”—Roqoo Depot “[Karpysbyn] is truly a master of world building. . . I would recommend this title to any fan of the

genre.”—Among the Wreckage “Compulsively readable, wildly entertaining.”—A Girl, A Boy and A Blog “Children of Fire is engrossing, and full of characters that are modern. . . . I thoroughly enjoyed Children of Fire and look forward for the next two books.”—FANgirl Blog “Drew Karpysyn weaves a rich, contrasting tapestry of epic story and doom. Gripping and compelling from first page to last, Children of Fire is a dark-chocolate fantasy; delightfully biting and delectable at once. Four ill-fated children born under a sign of chaos and flame carried me on a journey into an intriguing world of shadowy wonder. It is a spellbinding epic told with masterful craft. Well done, Drew!”—Tracy Hickman,

New York Times bestselling co-author of the Dragonlance and Death Gate series
Children of Fire Simon and Schuster
From the New York Times and USA Today bestselling author of Things We Never Got Over "I want to be upfront with you. No surprises, no secrets. I want you, Eva. And I think you might be it for me." Romance novelist Eva Merrill is a hot mess running from her past. She doesn't mind telling a fib or two to protect her secrets and her family. It's too bad that she moved to the nosiest small town in the world with Sheriff Sexy--the tall, built, human lie detector. He's showing way too much interest in her and treating every conversation like it's an interrogation. Maybe that's because she accidentally showed him her boobs in the middle of downtown Blue Moon. Or maybe it's because

he thinks she's about to commit a crime. It's definitely not that he's attracted to her. That only happens in her novels.

Donovan Cardona loves his nice, quiet hometown, and he's got some pretty strong feelings when it comes to a certain klutzy redhead too. But his gut says she's hiding something.

Just when he starts to peel back those layers to get to the naked truth, the entire town loses its collective mind--and inhibitions. Can he save the girl from her past and the town from itself?

Hine's Varieties Harper Collins
This daring and thought-provoking chronicle encourages readers, both the healthy and the unhealthy, to become open, honest, and courageous in dealing with the sensitive issues surrounding a life invaded by chronic illness.

Running Out of Time U of Nebraska Press

The Wheel of Time is now an original series on Prime

Video, starring Rosamund Pike as Moiraine! In *Lord of Chaos*, the sixth novel in Robert Jordan's #1 New York Times bestselling epic fantasy series, *The Wheel of Time*®, Rand al'Thor, the Dragon Reborn, builds his army of Light even as sworn enemies--and supposed allies--move against him. Now ruling Tear, Andor, and Caemlyn, among other nations, Rand is recruiting all men capable of channeling to be trained as his Asha'man soldiers. The warrior Aiel clans have pledged loyalty to Rand, acknowledging him as their chief of chiefs, even though the Shaido Aiel remain a threat. Split into two factions, the Aes Sedai of the White Tower and their rebel counterparts both seek to ally themselves with the Dragon Reborn. Rand knows

all too well the manipulative nature of the Aes Sedai, no matter which side of their internal war they stand upon. But even he cannot predict just how desperate, cruel, and treacherous they can be. And in the shadows, the Forsaken and the Dark One are conjuring even more chaos... Since its debut in 1990, *The Wheel of Time*® by Robert Jordan has captivated millions of readers around the globe with its scope, originality, and compelling characters. The last six books in series were all instant *New York Times* bestsellers, and *The Eye of the World* was named one of America's best-loved novels by PBS's *The Great American Read*. The *Wheel of Time*® New Spring: The Novel #1 *The Eye of the World* #2 *The Great Hunt* #3 *The Dragon* Reborn #4 *The Shadow Rising* #5 *The Fires of Heaven* #6 *Lord of Chaos* #7 *A Crown of Swords* #8 *The Path of Daggers* #9 *Winter's Heart* #10 *Crossroads of Twilight* #11 *Knife of Dreams* By Robert Jordan and Brandon Sanderson #12 *The Gathering Storm* #13 *Towers of Midnight* #14 *A Memory of Light* By Robert Jordan and Teresa Patterson

The World of Robert Jordan's *The Wheel of Time* By Robert Jordan, Harriet McDougal, Alan Romanczuk, and Maria Simons *The Wheel of Time Companion* By Robert Jordan and Amy Romanczuk

Theatre of Chaos Little, Brown Mothers' hilarious, outrageous, heartfelt admissions "Sometimes I lock myself in the bathroom."

"I put an educational DVD on so I could have sex. It wasn't with my husband." Romi Lassally provides a judgment-free zone where women can reveal their mommy misdemeanors. From not feeling like cleaning up vomit in the middle of the night, to barking something completely inappropriate to the children, to wanting to be pawed by hands that aren't covered in jelly, the confessions pour in daily.

Heartfelt and hilarious, naughty and nasty, frank and outrageous, the confessions culled together for this book represent the best-or the worst?-of those humbling hidden secrets of motherhood in all its glorious messiness as improvisation and triage. They dare to suggest that it's okay for moms to make mistakes, to have unkind thoughts, to publicly or privately embarrass themselves- and above all to be human.

12 Rules for Life

HarperCollins

Few organizations realize a return on their digital investment. They're distracted by political infighting and technology-first solutions. To reach the next level, organizations must realign their assets—people, content,

and technology—by practicing the discipline of digital governance. Managing Chaos inspires new and necessary conversations about digital governance and its transformative power to support creativity, real collaboration, digital quality, and online growth.

Edge of Chaos Penguin

NEW YORK TIMES

BESTSELLER | NOW A

NETFLIX DOCUMENTARY

A journalist's twenty-year fascination with the Manson murders leads to

"gobsmacking" (The Ringer)

new revelations about the

FBI's involvement in this

"kaleidoscopic" (The New

York Times) reassessment of

an infamous case in American

history. Over two grim nights

in Los Angeles, the young

followers of Charles Manson

murdered seven people,

including the actress Sharon

Tate, then eight months

pregnant. With no mercy and

seemingly no motive, the Manson Family followed their leader's every order -- their crimes lit a flame of paranoia across the nation, spelling the end of the sixties. Manson became one of history's most infamous criminals, his name forever attached to an era when charlatans mixed with prodigies, free love was as possible as brainwashing, and utopia -- or dystopia -- was just an acid trip away. Twenty years ago, when journalist Tom O'Neill was reporting a magazine piece about the murders, he worried there was nothing new to say. Then he unearthed shocking evidence of a cover-up behind the "official" story, including police carelessness, legal misconduct, and potential surveillance by intelligence agents. When a tense interview with Vincent Bugliosi -- prosecutor of the Manson Family and author of *Helter Skelter* -- turned a friendly

source into a nemesis, O'Neill knew he was onto something. But every discovery brought more questions: Who were Manson's real friends in Hollywood, and how far would they go to hide their ties? Why didn't law enforcement, including Manson's own parole officer, act on their many chances to stop him? And how did Manson -- an illiterate ex-con -- turn a group of peaceful hippies into remorseless killers? O'Neill's quest for the truth led him from reclusive celebrities to seasoned spies, from San Francisco's summer of love to the shadowy sites of the CIA's mind-control experiments, on a trail rife with shady cover-ups and suspicious coincidences. The product of two decades of reporting, hundreds of new interviews, and dozens of never-before-seen documents from the LAPD, the FBI, and the CIA, *Chaos* mounts an argument that could be, according to Los

Angeles Deputy District Attorney Steven Kay, strong enough to overturn the verdicts on the Manson murders. This is a book that overturns our understanding of a pivotal time in American history.

Chaos Monkeys Penguin

"All new moms should shove a copy of *The Kids Are in Bed* in the diaper bag between the asswipes and Aquaphor! A perfect guide on how-to not morph solely into someone's mom and retain your badassery in a world of Disneyfication and baby sharks." —Jill Kargman, author of *Sprinkle Glitter on My Grave* and creator of *Odd Mom Out* Picture it—it's 8:30 p.m. You close the door to your child's room just as you hear your partner closing the dishwasher, and now it's time for an hour or two of glorious freedom. What do

you do? Read the book you've been waiting to crack open all day? Chat on the phone with a friend, glass of wine in hand, or go out with pals and share a whole bottle? Or, like many modern parents, do you get caught up in chores, busywork, and social media black holes? In an original survey conducted for this book, 71 percent of parents said their free time didn't feel free at all, because they were still thinking about all the things they should be doing for their kids, their jobs, and their households. Rachel Bertsche found herself in exactly that bind. After dozens of interviews with scientists and parenting experts, input from moms and dads across the country, and her own experiments with her personal time, Rachel figured out how to

transform her patterns and reconnect to her pre-kids life. In *The Kids Are in Bed*, other parents can learn to do the same, and learn to truly enjoy the time after lights-out.

**The Chaos Curse
(Kiranmala and the
Kingdom Beyond #3)**

Penguin UK

Creating order out of chaos has frightening consequences in this New York Times bestselling series! Kiranmala must leave the *Kingdom Beyond* and travel to her hometown of Parsippany to save Prince Lal, who has been spirited to the unlikeliest of places -- a tree in the yard of her best-enemy-for-life. She also faces evil serpents (of course!), plus a frightening prophecy about her role in the coming conflict between good and evil. Most

troubling of all, though, is the way reality all around her seems to waver and flicker at odd moments. Could it be that the Anti-Chaos Committee's efforts are causing a dangerous disruption in the multiverse? Kiran must grapple with the increasingly tangled threads that threaten to ensnare her...and everyone in the world and the *Kingdom Beyond*.

The Disordered Cosmos St. Martin's Press

Clear-sighted, darkly comic, and tender, *The Twenty-Seventh Letter of the Alphabet* is about a daughter's struggle to face the Medusa of generational trauma without turning to stone. Growing up in the New Jersey suburbs of the 1970s and 1980s in a family warped by mental illness, addiction, and violence, Kim Adrian spent her childhood ducking for

cover from an alcoholic father someone doesn't necessarily
prone to terrifying acts of rage mean saving them.
and trudging through a fog of
confusion with her mother, a
suicidal incest survivor hooked
on prescription drugs. Family
memories were buried--even as
they were formed--and truth
was obscured by lies and
fantasies. In *The Twenty-
Seventh Letter of the Alphabet*
Adrian tries to make peace
with this troubled past by
cataloguing memories,
anecdotes, and bits of family
lore in the form of a glossary.
But within this strategic
reckoning of the past, the
unruly present carves an
unpredictable path as Adrian's
aging mother plunges into ever-
deeper realms of drug-fueled
paranoia. Ultimately, the
glossary's imposed order
serves less to organize
emotional chaos than to expose
difficult but necessary truths,
such as the fact that some
problems simply can't be
solved, and that loving
