This book examines the social and legal regulation of domestic violence (DV) within the Kesarwani business community following the enactment of the Protection of Women from Domestic Violence Act 2005. It analyses the existence of the formal law in Kolkata and the relevance of the law in the familial lives of the Kesarwani community. The book offers a new conceptualisation of examining the relationship between formal law and social life. It provides a deep insight into how living with violence becomes a way of living and how the disposition to familial violence exists with social advantage and privilege. Explaining the functioning of the formal DV framework in non-legal terms as it exists on the paper, the book shows the ways in which this one law sought to democratise the family unit and overhaul the legal process in favour of DV victims in India. Most of all it hopes to show through the Kolkata study that caste and class, social structures that regulate and define social life globally, must remain critical to discussions of the social and legal regulation of DV in Kolkata, India or anywhere in the world. The book uses ethnography as a research methodology and traverses different locations in the Kesarwani community, and outside the community in Kolkata, to examine the relevance of the formal law in the lives of Kesarwani women. While the study is in India (and in a non-western context), the theme of the study – the social and legal regulation - remains relevant to contemporary debates on the efficacy of formal law in addressing coercive control in the western world. Notably, the book makes the formal domestic violence law legible for non-legal professionals by explaining the formal legal framework of domestic violence envisaged in the PWDVA. This book will be of interest to students and scholars of law, criminal justice, sociology, anthropology, women ' s studies, and political science. It will also appeal to social service providers and practitioners working in the area of domestic violence, legal regulation, social control of women, gender, caste, class and family business.

"A powerful book on caste, a subject that has dramatic importance not only for the history of democracy in modern India, but for the general discussion on the interferences of social inequalities and cultural exclusions. The Caste Question goes beyond the usual antitheses of localism and globalism, and illustrates a decisive notion of intensive universality."—Etienne Balibar "A sustained and probing analysis of the modern history of caste in Western India, connecting issues of gender, personhood, property, and politics to facts of oppression and inequality. This is the most politically and theoretically engaged book on caste to have come out in a long time."—Dipesh Chakrabarty, author of *Habitations of Modernity* "A profound reflection, at once historically rich and theoretically nuanced, on the nature of political modernity itself."—John Comaroff, co-author (with Jean Comaroff) of *Of Revelation and Revolution* "Rao is entirely convincing in

The Caste Question SBPD Publications

This book tells the story of how Catholic and Protestant Indians have attempted to locate themselves within the evolving Indian nation. Ironically, British rule in India did not privilege Christians, but pushed them to the margins of a predominantly Hindu society. Drawing upon wide-ranging sources, the book first explains how the Indian judiciary's 'official knowledge' isolated Christians from Indian notions of family, caste and nation. It then describes how different varieties and classes of Christians adopted, resisted and reshaped both imperial and nationalist perceptions of their identity. Within a climate of rising communal tension in India, this study finds immediate relevance.

Bharat mein Rajneetik Andolano ka Samkaleen Itihaas Taylor & Francis

Beginning with a discussion on frameworks of writing history, the volume sheds light on the origins and growth of civilizations, empires, and religions. It covers the geographical, ecological, and linguistic backgrounds, and looks at specific cultures of the Neolithic, Chalcolithic, and Vedic periods, as well as the Harappan civilization. The author discussed the rise of Jainism and Buddhism, Magadha, and the beginning of territorial states. The period of Mauryas, Central Asian countries, Satavahanas, Guptas, and Harshvardhana are also analysed. He highlights important phenomena such as the varna system, urbanization, commerce and trade, developments in science and philosophy, and cultural legacy. He also examines the process of transition from ancient to

medieval India and addresses topical issues such as the origin of the Aryan culture. This engaging and lucid text, by one of the best-known scholars of ancient India, will be indispensable for students and teachers of ancient Indian history. This book is the Hindi translation of the English edition. **Women Heroes and Dalit Assertion in North India** Routledge

Gandhian Engagement with Capital: Perspectives of J C Kumarappa comprehensively presents the Gandhian ideas on economic development and political economy. Within this larger context, it focuses on the towering contributions of J C Kumarappa, the pioneer of the Gandhian model of economic development, and describes, from his standpoint, how the moral and political dispositions of Gandhism amount to a critique of capitalism. The book also covers in detail the major facets of Kumarappa's contribution to Gandhism: developing a non-mechanized, non-capitalist model of industrialization; presenting the holistic development approach; reflecting on the role of the state in facilitating a village-centric economy; and exploring the role of religion in developing the moral foundation of the Gandhian political economy. These reflect the historical context of Kumarappa's scholarship and his deep understanding of the various dimensions of Gandhian thought. The book highlights the debates within Gandhism and imparts a nuanced understanding of other Gandhian thinkers. Further, it presents several discourses in modern Indian political thought by analysing the interplay of narratives.
