So Far So Good Forgotten Books
In 1899 while serving in the 2nd Boer War, Robert Baden-Powell penned his sixth military book, Aids To Scouting. It was a non-typical training manual filled with personal stories of intrigue and even games. Its goal was to encourage the development of light reconnaissance scouting skills within the British Army. The book was well received by various armies of its time, including the French Army. His successful defense of Mafeking (1899-1900) in South Africa made Baden-Powell a well-known national hero in Britain. But what completely surprised Baden-Powell was that his book was eagerly taken up by teachers and youth groups to help organize outdoor activities and sport. He eventually embraced the idea of adapting his work into a new youth-oriented book, Scouting for Boys (1908) which went on to sell approx. 150 million copies to date. It was that follow-on book that firmly launched the international Boy Scouts movement. Aids to Scouting contains sections on the characters of a scout, as well as practical advice on observation, stealth/camouflage, map reading, sketching, tracking, reporting and care of horses. It presents these topics in a simple conversational style that makes it easy to read, and is illustrated with personal anecdotes of military adventures by the author. It gives scholars clear insights into his mindset and beliefs that served him well in the siege of

Mafeking and shows a clear lineage to the formation of the tenets of his formation of the Boy Scouts. Anyone interested in the history of Boy Scouting will definitely want to read this interesting and formative book. (NOTE - Appendix C contents is missing in this Kindle version - but we hope to update the ebook with it once a suitable facsimile can be referenced).

With these words Chuck Grant reflects on his adventure as a new Scoutmaster - If I had a nickel for every time I thought, said or heard the phrase "so far so good" over the past few months I'd be a rich man! I'd served as an assistant Scoutmaster for a few years when our Scoutmaster announced a job relocation that required his family to move. Mark Hacker, our committee chair, took me aside one evening and asked me if I would consider being the new Scoutmaster. I was stunned. I love Scouting, it's great fun. But, really? My wife Anne and I discussed the commitments involved, she appreciated what Scouts did for our son and believes in the program. She agreed I ought to give it a try. I called Mark and told him I would take the job in the fall. I had three months to prepare, so I started reading everything I could find about Scouting. I felt a combination of excitement and dread. It was like stepping off the edge and jumping into a volcano; no turning back now!

Excerpt from The Book of Woodcraft and Indian Lore For over twenty-five years I have been giving

the talks and demonstrations that are gathered together in this book. Many Of them have appeared in magazines or in the birch-bark Roll that has come out annually for ten years. But this is the first time in which a comprehensive collection has been made Of the activities, customs, laws, and amusements that have been developed in my camps. Some of the related subjects I have treated at too great length for enclosure in one book. Of this class are the Life Histories Of Northern Animals, Animal Stories, Sign Language and Forestry, which appear as separate works. All are merely parts of a scheme that I have always considered my life work, namely, the development or revival of Woodcraft as a school for Manhood. By Woodcraft I mean outdoor life in its broadest sense and the plan has ever been with me since boyhood. Woodcraft is the first of all the sciences. It was Woodcraft that made man out Of brutish material, and Woodcraft in its highest form may save him from decay. As the model for outdoor life in this country I took the Indian, and have thus been obliged to defend him against the calumnies Of those who coveted his possessions. In giving these few historical extracts to show the Indian character, it must be remembered that I could give hundreds, and that prae tically all the travelers who saw with their own eyes are of one mind in the matter. Commissioner Robert G. Valentine, of the Indian Bureau, the first Indian Commissioner we have ever had who knew and sympathized with the Indians, writes after reading my manu script. In this illuminating look at gender and Scouting in the United States, Benjamin Rene Jordan examines how in its founding and early rise, the Boy Scouts of America (BSA) integrated traditional Victorian manhood with modern, corporate-industrial values and skills. While showing how the BSA Americanized the original British Scouting program, Jordan finds that the organization's community-based activities signaled a shift in men's social norms, away from rugged agricultural individualism or martial primitivism and toward productive employment in offices and factories, stressing scientific cooperation and a pragmatic approach to the responsibilities of citizenship. By examining the BSA's national reach and influence, Jordan demonstrates surprising ethnic diversity and religious inclusiveness in the organization's founding decades. For example, Scouting officials' preferred urban Catholic and Jewish working-class immigrants and "modernizable" African Americans and Native Americans over rural whites and other traditional farmers, who were seen as too "backward" to lead an increasingly urban-industrial society. In looking at the revered organization's past, Jordan finds that Scouting helped to broaden mainstream American manhood by modernizing traditional Victorian values to better suit a changing nation.

First published in 1908, "Scouting for Boys" is the seminal work on scouting by British Army officer and founder of the worldwide scouting movement, Robert Baden-Powell. Originally written as a manual for self-instruction, "Scouting for Boys" details many important scouting skills including scoutcraft, tracking, woodcraft, camping, and first-aid. Baden-Powell's work is a rework of his earlier "Aids to Scouting", published in 1899, and borrows many ideas from Ernest Thompson Seton's "The Birch Bark Roll of the Woodcraft Indians", published in 1906. "Scouting for Boys" includes numerous tales that can be told around the campfire, as well as many of Baden-Powell's personal anecdotes, and opinions on proper moral character of boy scouts. While some of the information in this work may seem outdated and some of the moralizing many seem antiquated to modern readers, "Scouting for Boys" remains an important historical work in the scouting movement. Having sold millions of copies since its first publication, the impact Baden-Powell's "Scouting for Boys" as well as his personal advocacy for the scouting movement cannot be overstated. This edition is printed on premium acid-free paper.

Rabindranath Tagore, also written Rabindranatha Thakura, (7 May 1861 - 7 August 1941), sobriquet Gurudev, was a Bengali polymath who reshaped Bengali literature and music, as well as Indian art

with Contextual Modernism in the late 19th and early 20th centuries. Author of *Gitanjali* and its "profoundly sensitive, fresh and beautiful verse", he became the first non-European to win the Nobel Prize in Literature in 1913. In translation his poetry was viewed as spiritual and mercurial; however, his "elegant prose and magical poetry" remain largely unknown outside Bengal. Tagore introduced new prose and verse forms and the use of colloquial language into Bengali literature, thereby freeing it from traditional models based on classical Sanskrit. He was highly influential in introducing the best of Indian culture to the West and vice versa, and he is generally regarded as the outstanding creative artist of the modern Indian subcontinent, being highly commemorated in India and Bangladesh, as well as in Sri Lanka, Nepal and Pakistan.

Illustrated by the Author. Contents: Preface; How to Be Happy Through Rich or Poor; Rocks You are Likely to Bump on; Rovering. 'To sum up in a few words, success does not consist so much in gaining money and power as in gaining happiness. Many young men drift along with the rest of the crowd according to chance, and thus never reach happiness. From being passive be active. Don't drift. Take your own line. Paddle your own canoe. Only mind the rocks Avoid them by cultivating other qualities. Powell explains the 'rocks you are likely to bump on (Through herd temptation) Horses, betting and looking on at false sports. Wine, and other forms of self indulgence. Women, dangers of a wrong attitude and blessing of the right one. Extremists in politics, irreligion, etc. Powell elaborates on the antidotes to the 'rocks (through individual effort) active hobbies, earning money, self-control, character, chivalry, health of

mind and body, service for your fellow-men and for God. 'If you aim for it by practicing these safeguards, instead of being stranded among the rocks, you will win success and happiness. These and dozens of other inspiring maxims make this extraordinary book a useful companion for Scouts and Scout Leaders.

A History of the Jana Natya Manch chronicles the birth and growth of the Jana Natya Manch (Janam), a Delhi-based radical theater group which has been active since 1973. Beginning in the early 1970s, when a group of young students in Delhi sought to continue the legacy of the Indian Peoples Theatre Association, the book takes a close but critical look at the various phases in the four decades of the theatre collective. The author has also captured within these pages the functioning of Janam as an organization, its methods of attracting and training fresh talent, the process of scripting, interactions with mass organizations, the experience of performing almost skin-to-skin with its spectators in the grime of Indian streets, and much more. This book is not only a narration of Janam's history, development and functioning, it is also an attempt to throw fresh light on the practice of theater.
