This book provides a comprehensive account of the Banaras Hindu University (BHU), India's first residential university and the result of Pandit Madan Mohan Malaviya's efforts to establish a Hindu university in the country. This book not only discusses the origins and development of the BHU, but also the challenges and issues that the school faced. It studies Malaviya's efforts to introduce religious education in BHU—and even make it mandatory—and his response to Mahatma Gandhi's efforts to boycott the university. It also describes the lives of the students in the campus and its academic, intellectual, and cultural atmosphere. This book also considers the role and influence of the British in the development of Hindu education during the late colonial period and the importance of the university's location.

A riveting account of how a popularly elected leader has steered the world's largest democracy toward authoritarianism and intolerance Over the past two decades, thanks to Narendra Modi, Hindu nationalism has been coupled with a form of national-populism that has ensured its success at the polls, first in Gujarat and then in India at large. Modi managed to seduce a substantial number of citizens by promising them development and polarizing the electorate along ethno-religious lines. Both facets of this national-populism found expression in a highly personalized political style as Modi related directly to the voters through all kinds of channels of communication in order to saturate the public space. Drawing on original interviews conducted across India, Christophe Jaffrelot shows how Modi's government has moved India toward a new form of democracy, an ethnic democracy that equates the majoritarian community with the nation and relegates Muslims and Christians to second-class citizens who are harassed by vigilante groups. He discusses how the promotion of Hindu nationalism has resulted in attacks against secularists, intellectuals, universities, and NGOs. Jaffrelot explains how the political system of India has acquired authoritarian features for other reasons, too. Eager to govern not only in New Delhi, but also in the states, the government has centralized power at the expense of federalism and undermined institutions that were part of the checks and balances, including India's Supreme Court. Modi's India is a sobering account of how a once-vibrant democracy can go wrong when a government backed by popular consent suppresses dissent while growing increasingly intolerant of ethnic and religious minorities.

With over 70,000 copies of the first edition in print, this radical treatise on public education has been a New Society Publishers' bestseller for 10 years! Thirty years in New York City's public schools led John Gatto to the sad conclusion that compulsory schooling does little but teach young people to follow orders like cogs in an industrial machine. This second edition describes the wide-spread impact of the book and Gatto's "guerrilla teaching." John Gatto has been a teacher for 30 years and is a recipient of the New York State Teacher of the Year award. His other titles include A Different Kind of Teacher (Berkeley Hills Books, 2001) and The Underground History of American Education (Oxford Village Press, 2000).

#### A New Course in Reading Pali Krishnamurti Foundation of America

This book is intended and serve as an introduction to the reading of Pali texts. For that purpose, it uses authentic readings especially compiled for the purpose drawn largely from Theravada canonical

works, both prose and poetry. The reading are in Roman script, and carefully graded for difficulty, but they have also been selected so that each of them is a meaningful and complete reading in itself, so as to introduce some basic concepts and ways of thought of Theravada Buddhism. This book thus offers and opportunity to become acquainted with the ways in which the teachings of the Buddha are embodied in the language, a sense that it impossible to determine from English translations. The book contains 12 lessons. Each of them has three parts: (1) a set of basic readings and an accompanying glossary, (2) grammatical notes on the forms in the less, and (3) a set of further readings with its own glossary. The further readings introduce no new grammatical points, but reinforce ones already presented and give further practice in them. The work concludes, fittingly, with the Buddha's first sermon, The Dhammacakkapavattana Sutta. A cumulative glossary and index to the grammar is also provided. The text has been used successfully in its preliminary form at several universities, but it may also be used for self-study.

Benaras Hindu University has drawn immense public attention of late. The widely prevailed notion that its founder was only one charismatic person, Pandit Madan Mohan Malaviya has now been legitimized by decorating him (posthumously) with Bharat Ratna, the countrys highest civilian honour. Nothing can be farther from the truth. The documents unearthed almost a century after the creation of B.H.U. vividly reveal his status and role in the Committee for the Establishment of Benaras Hindu University. Malviya can be considered, at best, simply as one along with Mrs. Annie Besant, Sir Sundar Lal under the leadership of the then Maharaja of Darbhanga, Sir Rameshwara Singh, who led the movement for the establishment of the first denominational university in India. These historical documents present evidence of how and by whom the colonial power was successfully persuaded to inaugurate a new chapter of Indias cultural history by yielding to the mission of establishing the first private university in the country.
