To help fill in this missing information, Boa and Turner present a foundational, clear synthesis of the most significant narratives of the Bible along with the implications and applications of these interrelated stories. They present the big story in such a way that it will; (1) Connect the dots for readers of the Bible, demonstrating how each individual story is really one chapter in the larger story; (2) Show how Jesus is the point to the story, especially his death and resurrection; and (3) Build a biblical world view by showing how the Bible answers the ultimate questions of life.2
