Quiz Craze McFarland
This three-volume set is a valuable resource for researching the history of American television. An encyclopedic range of information documents how television forever changed the face of media and continues to be a powerful influence on society. What are the reasons behind enduring popularity of television genres such as police crime dramas, soap operas, sitcoms, and "reality TV"? What impact has television had on the culture and morality of American life? Does television largely

emulate and reflect real life and society, or vice versa? How does television's influence differ from that of other media such as newspapers and magazines, radio, movies, and the Internet? These are just a few of the questions explored in the three-volume encyclopedia TV in the USA: A History of Icons, Idols, and Ideas. This expansive set covers television from 1950 to the present day, addressing shows of all genres, well-known programs and short-lived series alike, broadcast on the traditional and cable networks. All three volumes lead off with a keynote essay regarding the technical and historical features of the decade(s) covered. Each entry on a specific show investigates the narrative, themes, and history of the program; provides comprehensive information about when the show started and ended, and why; and identifies the star

players, directors, producers, and other key members of the crew of each television production. The set also features essays that explore how a particular program or type of show has influenced or reflected American society, and it includes numerous sidebars packed with interesting data, related information, and additional insights into the subject matter.

Television Auk Authors
Fourth graders read a high-interest nonfiction article, strengthen comprehension skills by responding to follow-up questions, study a primary source document, and demonstrate critical-thinking skills through document-based questions.

Weekly World News Taylor & Francis

For more than fifty years, the quiz show has thrived on American television and radio. From *Pot o' Gold* and *The \$64,000 Question* to *Wheel of Fortune* and *Jeopardy*, quiz and game programs have entertained and informed millions of Americans, promoted and sold untold quantities of products, generated fortunes for their creators and producers, and filled the pockets of a multitude of jackpot winners. In this volume, Thomas DeLong offers the first in-depth history of quiz and game formats available in print. He describes how mass communications transformed the old parlor guessing games into enormously popular features on radio and television and examines their impact on American society and the consumer marketplace. DeLong also explores their

decline in the wake of the quiz scandal inquiry of the late 1950s and their subsequent revival as new shows on daytime TV that began to build up a loyal following. *Quiz Craze* is enhanced by the recollections, insights, and anecdotes of many who brought the quiz show genre to listeners and viewers. Producers, directors, gamemakers, writers, emcees, panelists, and advertisers have added their first-hand observations on the inner workings and widespread influence of quiz show programming. Former contestants and their families offer reminiscences from shows such as *To Tell the Truth*, *What's My Line?*, *Name That Tune*, and many others. DeLong also draws on the resources of key organizations in the broadcast field, archival records, and published media reports to demonstrate the extraordinary popularity of the game show format.

Weekly World News Routledge

This study of early sound shorts begins with an explanation of the development of sound motion pictures in Hollywood by such influential companies as Warner Bros. and Fox, with an emphasis on short subjects, leading up to the first few months when all of the major studios were capable of producing them. The next chapters discuss the impact on other mass entertainments, the development of audible news reels and other non-fiction shorts, as well as the origins of animated sound subjects. A comprehensive list of pre-1932 American-made shorts completes the volume.

Four Corners Full Contact A Level 1 with Self-study CD-ROM Cambridge University Press

Despite its enduring

popularity with both broadcasters and audiences, the quiz show has found itself marginalised in studies of popular television. This book offers a unique introduction to the study of the quiz show, while also revisiting, updating and expanding on existing quiz show scholarship. Ranging across programmes such as Double Your Money, The \$64,000 Dollar Question, Twenty-One, The Price is Right, Who Wants to be a Millionaire and The Weakest Link to the controversial 'Quiz TV Call' phenomenon, the book explores programmes with a focus on question and answer. Topics covered include the relationship between quiz shows and television genre; the early broadcast history of the quiz show; questions of institutional regulation; quiz show aesthetics; the social significance of 'games'; 'ordinary' people as television performers, and questions of quiz show reception (from interactivity to on-line fandom). Key Features*Represents one of few book-length studies of the quiz show*Offers an accessible introduction to the genre for undergraduate students*Draws upon new archival research in order to

contribute to knowledge
about the early history of the
quiz show*Demonstrates
why the quiz show matters to
Television Studies*Brings
together key approaches in
the field with new
interventions and areas of
study (such as the quiz show
in the multi-platform age,
and the study of 'ordinary'
people as performers).
