Imagine stepping on the red carpet at a major film premiere, and knowing that millions of eyes are watching you over the world! In this book, you will be able to take a trip through the history of Hollywood, and revisit the great thespians who won Oscars, inspired billions, and created works of cinematic art that are still studied today. They changed the world, and shaped the present in which we live. Acting is a craft that very few human beings ever get to practice on the big stage. When they do, it's always magic, as the familiar faces are possessed by an entirely

different person, an entirely different character. Actors definitely add spice to the routine monotony of our lives, and we are fortunate to be able to witness their greatness on demand. But how much do you really know about the men and women who endure months of retakes and reshoots for our sakes? Well, let's find out! If you have ever been lucky enough to get a selfie with one of your favorite Hollywood actors, it is very likely that you will never delete it from your phone or from wherever you back up your photos. What is it, exactly, that makes these people akin to gods on earth? If you are such a person, you must experience a feeling of almost unimaginable power. Imagine visiting any city in the world, and knowing that many people there have a poster of you on their wall or on their phone? The level of popularity that these special human beings enjoy cannot be understood. These people make our lives brighter, and change the way we spend our weekends. We aspire to be like our most beloved actors and actresses, and we spend money and time on beauty treatments and gym and fitness regimens to look and feel better. And it's all worth it! In short, it's fair to say that the Hollywood actor is the most influential type of celebrity in today's world. This book tests your knowledge of these magnets of pop culture. You will go through many different types of quiz trivia challenges aimed at giving your brain the ultimate test of memory and intelligence. The book is designed to be flexibly read; you can either binge read hundreds of pages at once and spend dozens of hours on the trivia tests within them, or dip into the book whenever your mind wants to be educated and entertained. It

is also a great way to play a fun quiz game with friends. Answers and hints are provided for all clues, so you will learn something even if a particular question deals with an actor whose name and work are not familiar to you at all. With movies just becoming a big part of our lives again, after a long and difficult year, I hope that this celebration of the history and glorious tradition of Hollywood makes you remember the good times.
