models of bicycles

Mountain Bike Maintenance Touchstone

Cyclists are everywhere, the cautionary bumper stickers tell you. More than ever before, bicycle culture is everywhere, too: from Portland, Oregon, to Portland, Maine, city planners are making big changes to city infrastructure for the increasing numbers of people who are leaving their cars at home (or deep-sixing them altogether) and upgrading to two wheels. Biking in the city is no longer just for bike messengers with a death wish. Biking's benefits are myriad: better fitness,

smaller environmental footprint, quiet and low profile, cheaper, greater accessibility. For each new, non-competitive cyclist in the consumer marketplace, there is at least one bicycle that needs to be fixed, maintained, and customized. Cyclists are looking for communities of like-minded people to learn the basics of repair and maintenance, the tricks of the trade, and get some super inspiring ideas for making their bike reflect their lifestyle choices. Quarry's *The Urban Biking Handbook: The DIY Guide to Building, Rebuilding, Tinkering with, and Repairing Your Bicycle for City Living* is a hardworking, illustrated guide to the cycling lifestyle. Not only does it teach tons of repair and maintenance techniques, it shows such popular skills as converting a multiple-gear

---

bike into a fixed-gear bike (or fixie), building your own wheels, and how to build a Frankenbike from parts scavenged from several bikes. All the techniques and projects are framed by spotlights on urban bike culture worldwide: profiles of bike mechanics, bike builders, bike artists, and more.

*Bicycle Repair Manual* Rodale Books

With this full-color illustrated manual in your toolbox, you will never need to visit the bike repair shop again. The Complete Bike Owner's Manual  
Chronicle Books

NACTO's Urban Bikeway Design Guide quickly emerged as the preeminent resource for designing safe, protected bikeways in cities across the United States. It has been completely re-designed with an even more accessible layout. The Guide offers updated graphic profiles for all of its bicycle facilities, a subsection on bicycle boulevard planning and design, and a survey of materials used for green color in bikeways. The Guide continues to build upon the fast-changing state of the practice at the local level. It responds to and accelerates innovative street design and practice around the nation.

The Roadside Mountain Bike Maintenance

Manual Weldon Owen International  
Considered by many professional mechanics to be the final word on the subject of bicycle repair.

The Bike Book Island Press

From the creator of the popular website Ask a Manager and New York 's work-advice columnist comes a witty, practical guide to 200 difficult professional

conversations—featuring all-new advice! There ' s a reason Alison Green has been called “ the Dear Abby of the work world. ” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don ' t know what to say.

Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have

---

during your career. You ' ll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “ reply all ” • you ' re being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate ' s loud speakerphone is making you homicidal • you got drunk at the holiday party

Praise for Ask a Manager “ A must-read for anyone who works . . . [Alison Green ' s] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work. ” —Booklist (starred review)

“ The author ' s friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers ' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience. ” —Library Journal (starred review) “ I am a huge fan of Alison Green ' s Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor. ” —Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide “ Ask a Manager is the ultimate playbook for navigating the traditional workforce in a

---

diplomatic but firm way. ” —Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

Zinn and the Art of Mountain Bike Maintenance Simon and Schuster

The Bicycling Guide to Complete Bicycle Maintenance & Repair VeloPress

Cycling is exploding in a good way. Urbanites everywhere, from ironic hipsters to earth-conscious commuters, are taking to the bike like aquatic mammals to water. BikeSnobNYC—cycling's most prolific, well-known, hilarious, and anonymous blogger—brings a fresh and humorous perspective to the most important vehicle to hit personal transportation since the horse. Bike Snob treats

readers to a laugh-out-loud rant and rave about the world of bikes and their riders, and offers a unique look at the ins and outs of cycling, from its history and hallmarks to its wide range of bizarre practitioners. Throughout, the author lampoons the missteps, pretensions, and absurdities of bike culture while maintaining a contagious enthusiasm for cycling itself. Bike Snob is an essential volume for anyone who knows, is, or wants to become a cyclist.

Ask a Manager FalconGuides

Mountain Bike Maintenance is a complete guide to keeping your bike healthy. Every area of bike maintenance and repair is covered, using step-by-step photos and accompanying text, to create an easy-to-understand manual that will prove invaluable to any mountain bike enthusiast. The book is broken down into each mechanical area of the bike, providing assistance, tips and troubleshooting ideas for every problem that may arise. The book covers the simple to the more complex, from the tools needed to emergency off-road repair,

---

from over-hauling troublesome pedals to wheel building. Whatever the symptom, Mountain Bike Maintenance provides the solution to the problem, aided by 'how-to' sequences that provide visual direction to the task at hand.

Richard's Bicycle Book Fair Winds Press Eugene A. Sloane, one of the leading authorities on bicycles and bicycling, has completely revised and expanded his invaluable Bicycle Maintenance Manual, adding all new information on equipment, tools, and the latest in bicycle technology. With more than 250 photographs, many of them detailing step-by-step processes such as installing a chain, mending a flat, and building a wheel, Sloane's New Bicycle Maintenance Manual is a must for cyclists of all levels of experience. The combination of illustrations and Sloane's extremely

accessible instructions makes tasks like adjusting brakes, removing derailleurs, and painting a frame projects you can take on at home. The dozens of topics covered also include: - tires, tubes and valves - cranks, chainwheels and chains - handlebars and stems - wheel alignment and lacing - touring maintenance - seats, seatposts and more
