AP Biology Reading Guide Fred and Theresa Holtzclaw Chapter 14: Mendel and the Gene Idea Chapter 14: Mendel and the Gene Idea If you have completed a first-year high school biology course, some of this chapter will serve as a review for the basic concepts of Mendelian genetics. For other students, this may be your first exposure to genetics.

Chapter 14 and 15 Study Guide Answers

14.1 - key concept and summary every organism has a habitat and niche. each organism in an ecosystem has an ecological niche,

which includes the type of food it consumes, its behavior, and its habitat- the place where it lives. competitive exclusion prevents two species from sharing the same niche. in different geographical regions, ecological equivalents may have similar ecological niches.
